Variances of development standards, or special exceptions from the terms of the Zoning Ordinance may be filed with a petition for rezoning, or as part of a companion petition. Variances of use, plats, and vacations may only be filed as part of a companion petition.

Any communication purporting to be a petition not on forms furnished by the Commission or not containing the information called for on said forms, shall be regarded as a mere notice of intention to petition and shall be of no force or effect until it is filed in the form required.

For vacations of streets and alleys, an as-built right-of-way improvement survey, shall be prepared by a registered land surveyor and submitted, detailing adjoining property owners, all physical improvements and easement restrictions, including but not limited to pavement and
right-of-way widths, structural encroachments, sidewalks, easements, above-ground and underground utilities and curb cuts.

A mere recitation in the petition that development is, or will be, "per plans filed" is insufficient to modify any standard(s) or regulation(s) of the applicable ordinance(s).

E. FEES FOR PERMITS OBTAINED AFTER COMMENCEMENT OF WORK - If work for which a permit is required has commenced in violation of the provisions of Ordinances 68-AO-11, as amended, the permit fee shall be five (5) times the applicable amount stated in Article II, 7; provided, however, that the maximum fee incurred under this section shall be five thousand dollars ($5,000.00) plus the amount of the normal fee for the permit.

4. **ORDER OF HEARING PETITIONS** - On the date set for hearing, petitions shall come before the Hearing Examiner, Committee or Commission, as docketed by the Administrator, in the regular order of their consecutive numbers, except that companion variance petitions, companion special exception petitions, companion plat petitions, and/or companion vacation petitions shall be heard concurrently with the related rezoning petition.

3. ALL MEETINGS AND HEARINGS PUBLIC - All meetings and hearings of the Commission, Committee or Hearing Examiner, except such meetings that are legally constituted executive sessions, shall be open to the public and petitioner(s), remonstrator(s) and other persons desiring to be heard shall have the right to give testimony, in accordance with these rules.

4. QUORUM AND OFFICIAL VOTE - A majority of the members of the Commission constitutes a quorum. A quorum must be present for official action at a regular or properly called special meeting. Unless indicated otherwise within these Rules, action of the Commission is not official, unless it is authorized, at a regular or properly called special meeting by:

A. At least five (5) members, when eight (8) or nine (9) members are present at the meeting; or
B. At least four (4) members, when fewer than eight (8) members are present at the meeting.

A simple majority of the total membership shall constitute a quorum of a Committee and action of the Committee is official if concurred in by a simple majority of the total membership of the Committee.
5. **INDECISIVE VOTE** - When a vote of the Commission does not result in an official action of the Commission as set forth in section 4 above, the petition or resolution shall be automatically redocketed and heard at the next regularly scheduled meeting of the Commission, unless otherwise rescheduled by the Commission at the same meeting at which the indecisive vote occurred.

6. **ANY PARTY MAY APPEAR IN PERSON, BY AGENT OR BY ATTORNEY** - At all hearings, any party may appear in person, by agent or by attorney.

   An attorney or other representative of any party, petitioner or remonstrator may testify as to facts of which said agent has particular knowledge relating to the issues of the petition, but in so testifying the attorney or representative shall be sworn and subject to cross-examination as are the petitioner's or remonstrator's other witnesses.

   The Administrator shall appear in person, by agent or by attorney and present evidence, statements and arguments in support of or in opposition to any petition or other matter being considered.

7. **APPEARANCE REQUIRED PRIOR TO TESTIMONY AND EVIDENCE BY ADVERSE PARTIES**

   A. Adverse parties or remonstrators to any petition pending determination and decision by the Commission shall be required to enter a written or oral appearance specifying their names and addresses prior to the presentation of testimony and evidence.

   B. Where such appearance is entered at least five (5) days prior to such public hearing, the petitioner shall supply such adverse party or parties with a copy of the petition and plot plan of the property involved, upon written request to the petitioner.

8. **CONTINUANCE** – A continuance on any non-petition matter shall be at the discretion of the Commission and shall not be eligible for an automatic continuance by the Administrator. A continuance on any petition (all companion petitions shall be considered as one petition) may be granted in one of three ways:

   A. **Commission/Hearing Examiner/Committee Continuance:** The Commission, Hearing Examiner, or Committee may, at any time, on its own discretion, continue the hearing of any petition. The Commission, Hearing Examiner, or Committee may decide if renotification of interested property owners shall be required if a petition is continued at a hearing for which proper notice was given by petitioner in compliance with the notice requirements of Article IV hereof.

   B. **Automatic Continuance:** Each party (petitioner(s) and remonstrator(s) shall be granted only one automatic continuance by the Administrator, to be used at either the Hearing Examiner or Commission hearing, provided the continuance request meets the following:

      1. The continuance request must be the first request for continuance by that party.

      2. The continuance request must be made in writing and filed by 5:00 pm on the seventh calendar day prior to the day of the scheduled hearing.

      3. The continuance request shall be for the same body (Commission or Hearing Examiner) as originally scheduled.

      4. The continuance request shall include the new date of the hearing. If a petition is scheduled for the 1st regularly scheduled meeting of the month, the new date would be the 1st regularly scheduled meeting of the next month. If a petition is scheduled for the
2nd regularly scheduled meeting of the month, the new date would be the 2nd regularly scheduled meeting of the next month. If the respective 1st or 2nd regularly scheduled meeting has been canceled or eliminated from the schedule, the automatic continuance shall be for the next regularly scheduled meeting that is at least three weeks later than the originally scheduled meeting.

(5) The party requesting the continuance shall give notice to all parties required to be served notice by Article V hereof and to attorneys, agents or other individuals who have entered their appearance or are known by the party requesting the continuance to represent petitioner(s), remonstrator(s), or other parties. However, registered neighborhood organizations and City-County Councillors shall be required to give notice only to attorneys, agents, petitioners, and individuals who have signed a remonstrators of record form in the petition file. Such notice shall be mailed at least seven days prior to the hearing.

(6) If the continuance is granted to a date other than requested in the written request, the party requesting the date change shall notify all parties entitled to receive the notice of the date to which the hearing has been continued and shall file a copy of such notice with the Administrator.

(7) An affidavit of notice shall be submitted to the Administrator at the time the continuance request is filed.

(8) An automatic continuance request cannot be withdrawn after being file-stamped and accepted by the office of the Administrator.

C. Continuance for Cause: All other continuances shall be considered a continuance for cause, which may be granted by the Commission, Hearing Examiner, or Committee at the hearing. If both the petitioner(s) and remonstrator(s) do not agree to a continuance for cause, the Commission or Hearing Examiner shall base its decision to grant or not to grant the request on testimony from both parties at the hearing. At the hearing, written requests for continuance shall be considered prior to verbal requests for continuance. The Commission shall give strong consideration to the first continuance made by a City-County Councilor for a petition where a City-County Councilor has appealed a decision of a BZA regarding a variance of use.

9. MOTION TO DISMISS - In order for a remonstrator's "motion to dismiss" to be considered by the Hearing Examiner, Committee or Commission, said motion must be filed with the Administrator, and a copy served upon petitioner or designated agent, no later than the Friday before the date of the scheduled hearing. Failure to comply with this provision shall result in summary dismissal of the "motion to dismiss" by the Hearing Examiner, Committee or Commission.

10. TIME ALLOWED AND PROCEDURE FOR HEARING OF RESOLUTIONS

Interested parties for and against a resolution, respectively, shall be permitted a total of ten (10) minutes each for the presentation of evidence, statements and argument at the public hearing for resolutions that require a public hearing before the Committee or Commission, as follows:

A. Persons appearing in opposition of the resolution being heard shall first have ten (10) minutes for the presentation of evidence, statements and arguments in opposition of the matter being considered.
B. Persons appearing in support to the petition shall then have ten (10) minutes for the presentation of evidence, statements and argument in support to the matter being considered.

C. A reasonable additional time shall be allowed for any member of the City-County Council to provide testimony regarding a resolution.

D. The Director of the Department of Metropolitan Development in person, by agent or by attorney shall be given a reasonable time for the presentation of evidence, statements and arguments in support of, or in opposition to, the matter being considered.

A. Petitioners and persons appearing in support of the petition being heard shall first have fifteen (15) minutes for the presentation of evidence, statements and arguments in support of the matter being considered.

A reasonable additional time shall then be allowed by the Hearing Examiner, Committee or Commission for cross-examination and redirect examination of petitioner's witnesses.

B. Remonstrators and persons appearing in opposition to the petition shall then have fifteen (15) minutes for the presentation of evidence, statements and argument in opposition to the matter being considered.

A reasonable additional time shall then be allowed by the Hearing Examiner, Committee or Commission for cross-examination and redirect examination of remonstrator's witnesses.

C. A reasonable additional time shall be allowed for any member of the City-County Council to provide testimony regarding a petition.

D. The Administrator in person, by agent or by attorney shall be given a reasonable time by the Hearing Examiner, Committee or Commission for the presentation of evidence, statements and arguments in support of, or in opposition to, the matter being considered.

E. The petitioner shall then have five (5) minutes for rebuttal that shall include only evidence, statements and argument in rebuttal of remonstrators' or the Administrator's evidence, and a brief closing statement.

F. Remonstrators and persons appearing in opposition to the petition shall then have five (5) minutes for rebuttal that shall include only evidence, statements and argument in rebuttal of petitioner's rebuttal evidence or the Administrator's evidence and a brief closing statement.

G. A reasonable additional time may be allowed for any member of the City-County Council to provide rebuttal testimony.

H. Neither petitioners nor remonstrators shall be permitted to reserve for rebuttal any time not used during their initial presentations.

I. The presiding President, Chairman or Hearing Examiner, as the case may be, shall have authority to cut off repetitious and irrelevant testimony, and also shall have authority, unless, in the case of the President being otherwise directed by a majority of the Commission in session at that time, to extend specified periods of time, when it is appropriate in the interest of affording to all interested parties a fair hearing.
12. ORDERLY CONDUCT REQUIRED - Every person appearing at the hearings shall abide by
the order and directives of the presiding officer. Discourteous, disorderly or contemptuous
conduct shall be regarded as a breach of the privileges extended by the Commission and shall be
dealt with by the presiding officer as is deemed fair and proper.

13. CONTACTING ANY COMMISSION MEMBER REGARDING PENDING PETITION
PROHIBITED; ADMINISTRATOR'S WRITTEN STATEMENT OF FACTS OR
OPINION TO BE FILED NOT LESS THAN SIX (6) DAYS PRIOR TO THE HEARING
- No person shall contact any member of the Commission, Committee or Hearing Examiner, as
the case may be, in advance of a public hearing, on a petition then pending for decision with
intent to influence such person's action on such petition, except that the staff of the Division
may submit, not less than six (6) days prior to any proposed hearing, a statement in writing,
stating any facts concerning the physical characteristics of the area involved in the petition,
together with a recital of surrounding land use and public facilities available to service the area,
or other pertinent facts.

The staff of the Division may include in any such statement an opinion of the proposed
amendment or other pending petition. A copy of such statement shall be furnished
simultaneously to all persons shown of record.

In all petitions to be heard by a Hearing Examiner, any person disagreeing with the written
statement of the staff of the Division shall be afforded the opportunity to file a written response
thereo not less than two (2) days prior to hearing which shall be considered by the Hearing
Examiner in evaluating such staff comments.

However, nothing herein shall prohibit any interested party from requesting a continuance, in
writing, as provided for by these rules.

14. NO DECISION OR FINDING CONCERNING A VARIANCE, SPECIAL EXCEPTION,
OR VACATION UNLESS BASED UPON FACTS IN PERMANENT RECORDS
AND/OR WRITTEN STATEMENT FILED BY ADMINISTRATOR - No decision or
finding of the Hearing Examiner, Committee or Commission shall be made concerning a
variance, special exception, or petition to vacate all or part of a plat unless it is based upon facts
submitted at a hearing and made a part of the permanent record and/or such written statement
filed by the Administrator, the Administrator's agent or the Administrator's attorney.

Provided, however, nothing herein contained shall deny the right of the Hearing Examiner,
Committee or Commission members to inspect land involved in any petition to be heard by the
Commission.

15. DISQUALIFICATION OF COMMISSION OR COMMITTEE MEMBER OR
HEARING EXAMINER IN CASE OF PERSONAL OR FINANCIAL INTEREST - A
member of the Commission, Committee or a Hearing Examiner who has some personal or
direct or indirect financial interest in any petition presented or is biased or prejudiced or
otherwise unable to be impartial shall disqualify himself or herself insofar as the particular
petition is concerned, shall not sit as a member of the Committee or Commission during the
hearing of the particular petition, and shall not participate as a member in the Committee's or
Commission's hearing, findings of fact for a variance, special exception, or vacation, or decision
in such petition. The member disqualifying himself or herself shall do so before the petition is
heard and shall not sit with the Committee or Commission while the testimony relating to the
petition is in progress. The record of the particular petition concerned shall note any such
disqualification.
If the Hearing Examiner must disqualify himself or herself in accordance with this section, the petition(s) shall be forwarded directly to the Commission for initial hearing.

16. AMENDMENTS TO ANY PETITION - Requests to amend any petition may be filed in writing prior to or at the beginning of any hearing, or made orally at the hearing. Any remonstrators present shall have the right to be heard on any objections they may have to such proposed amendment. It shall be within the discretion of the Commission, Committee or Hearing Examiner to grant or deny requests for amendments and to require renotification in compliance with Article V. Provided, however, any proposed amendment to change the zoning classification shall be redocketed and readvertised unless the proposed change is for a use allowed in the zoning classification originally petitioned for. Further, in any petition needing redocketing and readvertising, the petitioner shall pay an additional filing fee.

17. COMMITMENTS, AMENDMENTS AND SUPPLEMENTS TO SUPPORTING DOCUMENTS - Requests to amend or supplement supporting documents to any petition, including revised site plan, revised elevations, proposed commitments and conditions, must be filed no later than the Monday of the week prior to the week of the scheduled hearing. If supporting documents (including information which may be used to support staff’s position) are amended or supplemented between the Monday of the week prior to the week of the scheduled hearing and the beginning of the hearing, or at the hearing, it shall be within the discretion of the Commission, Committee or Hearing Examiner to continue the petition. In making this determination, consideration shall be given to whether or not the staff, petitioners, and any remonstrators have had sufficient time to adequately review these new supporting documents.

18. ALL TESTIMONY UNDER OATH - All testimony before the Commission, Committee or Hearing Examiner shall be given under oath or affirmation that shall be administered by some person qualified to administer oaths.

19. MINUTES AND RECORD OF HEARING - The Hearing Examiner, Committee and Commission shall keep minutes of his/her or its proceedings, investigations and other official action and in all petitions heard by him/her or the Committee or Commission; and shall record the vote on all action taken. A shorthand, stenotype or electronic record shall be made of all hearings of the Commission, Committee or Hearing Examiner and shall remain on file in the offices of the Metropolitan Development Commission for a period of six months following the hearing and determination. All minutes and records filed in the offices of the Commission shall be public records.

A transcription of such verbatim record of any hearing may be ordered by any party, and the cost thereof shall be paid by the party ordering such copy or copies.

20. BALLOT VOTE - In all petitions heard by the Commission or Committee, the Commission's vote shall be by ballot. All such ballots shall remain on file in the offices of the Commission and shall be public records.

Rezoning, approval, variance, special exception, plat and vacation petitions shall be voted on as separate cases.

21. SEPARATION / WITHDRAWAL OF COMPANION PETITIONS - When petitions are filed and docketed as companion petitions, those petitions may not be separated for continuance or hearing purposes, until the required hearing process causes the petitions to be separated. Individual petitions, however, may be withdrawn, as allowed by Article VIII, Section 2.
ARTICLE VII - RECOMMENDATION

1. RECOMMENDATION OF THE HEARING EXAMINER - Upon the conclusion of the hearing before all Hearing Examiners, the Hearing Examiner shall announce whether his or her recommendation to the Metropolitan Development Commission shall be that the petition(s) be approved, disapproved, or approved subject to conditions, amendments or commitments by the petitioner, and at such time the Hearing Examiner shall announce the date of final action by the Commission on the Hearing Examiner's recommendation.

2. HEARING EXAMINER'S COMMENT - The Hearing Examiner shall report his or her findings of fact and his or her recommendation to the Commission.

3. COVENANTS AND COMMITMENTS -

A. COVENANTS - Any parole covenants made to the Hearing Examiner or the Commission, such parole covenants, being defined as any representation of fact or intention made verbally in a public hearing and identified by the person making the same as a covenant, or any plans, drawings or exhibits submitted pursuant to said ordinance, shall be reduced to the form of a recordable written covenant(s) and signed by the owner(s) of the real estate. The written covenants shall authorize their recording by the Division in the office of the Recorder of Marion County, Indiana, upon the final adoption of the Zoning Ordinance by the City-County Council. Following the recording of the covenants, the Division shall return the original recorded covenants to petitioner and shall retain a copy of the recorded covenants in its file.

The covenants shall be in substantially the form set forth in Exhibit "A" of these Rules of Procedure.

The Covenants may be modified by a decision of the Metropolitan Development Commission, or its successor, made at a public hearing after proper notice has been given. Any modification of the covenants approved by the Commission shall not be in full force and effect until reduced to writing by the present owner(s) of the real estate, approved by the Commission, and recorded in the office of the Recorder of Marion County, Indiana.

The modification or termination shall be in substantially the form set forth in Exhibit "C" of these Rules of Procedure.

B. COMMITMENTS - If deemed advisable, the party hearing the petition, (the Hearing Examiner, the Commission, or the City-County Council), may require or permit the petitioner to make written commitments concerning the use or development of the subject property.

The commitments shall be reduced to writing in recordable form and signed by the owner(s) of the real estate. The commitment(s) shall be in effect for as long as the real estate to which they apply remains zoned to the classification to which the real estate was zoned when the commitments were made or for such other length of time as the Commission may require and the commitment(s) shall authorize their recording by the Division in the Office of the Recorder of Marion County, Indiana upon the final adoption of the Zoning Ordinance by the City-County Council or upon adoption of an approval, variance, or special exception, vacation or plat petition by the Commission. Following the recording of the commitments,
the Division shall return the original recorded commitment to petitioner and shall retain a copy of the recorded commitments in its file.

The commitments shall be in substantially the form set forth in Exhibit "B," or for variance, special exception, vacation or plat commitments, Exhibit "D" of these Rules of Procedure.

The party hearing the petition, (the Hearing Examiner, the Commission, or the City-County Council), may require in such commitment the designation of any specially affected persons, who (in addition to persons entitled to receive notice of the rezoning under Article V, Section 1(b)) shall be entitled to enforcement thereof pursuant to IC 36-7-4-1015.

The commitments may be modified or terminated by a decision of the Metropolitan Development Commission, or its successor, made at a public hearing after proper notice has been given, or by a decision of the City-County Council, as it is considering a rezoning petition, in accordance with Article VIII, 5, of these Rules. Any modification or termination of the commitments approved by the Commission or City-County Council shall not be in full force and effect until reduced to writing by the present owner(s) of the real estate, approved by the Commission or City-County Council, and recorded in the office of the Recorder of Marion County, Indiana.

If the effect of a modification of commitment made by the City-County Council is to make the commitment less stringent than the commitment approved by the Metropolitan Development Commission the modified commitment shall be referred to the Commission for further review. The Commission shall, not later than forty-five (45) days after referral of the modified commitment:

A. Ratify the modified commitment; or
B. Certify a recommendation to the City-County Council that the commitment be further modified.

After considering the recommendations of the Commission, the City-County Council shall make the final decision on the terms of the modified commitments.

The modification or termination shall be in substantially the form set forth in Exhibit "C" of these Rules of Procedure.

4. ADMINISTRATOR'S APPROVAL AUTHORIZED – The Administrator is authorized to grant or deny final plan approval in the following instances:

A. In those petitions where the Commission, Hearing Examiner, or Committee grants a rezoning to the D-P District or in other petitions for rezoning, variance, special exception, approval, plat or vacation (as noted in Article III) that are subject to a condition or written commitment that stipulates the review and approval of a final plan by the Administrator;

B. In Regional Center petitions; and

C. In applications and petitions authorized by the applicable zoning ordinance.

5. AUTHORITY AND REVIEW PROCESS OF ADMINISTRATOR’S APPROVAL - The Administrator shall have the following authority and shall follow the following procedures in the review process:

A. Administrator's approval of final plans shall be obtained prior to applying for an Improvement Location Permit. It is suggested that the Administrator be consulted early in the design stage of the project in order that any needed changes can easily be incorporated in to final plans. (This suggestion is not to be interpreted as a requirement for approval.)
B. The scope of review of a final plan by the Administrator may include, but not be limited to, one or more of the following development aspects:

(1) site layout;
(2) building location, configuration and appearance (i.e. elevations);
(3) parking location, count, and configuration;
(4) interior traffic flow;
(5) ingress and egress to the development
(6) sign location, size and design;
(7) extent, placement, and specifications for landscaping, and landscape screening;
(8) fencing, fence location, height, materials, and elevations;
(9) pedestrian connectivity and public transit accessibility; and
(10) an illumination or lighting plan;
(11) requirements of the D-P or C-S District; or
(12) requirements of the ordinance of the specific district in which it is located.

C. In exercising discretion to approve or disapprove a final plan, the Administrator shall use the following standard:

a. If the condition or written commitment indicates that the applicable development aspects will comply with certain written standards (e.g. Architectural Graphics Standards) or a development example (e.g., a development project in existence in Marion County), the Administrator will be guided by the standard expressed by the written document or example.

b. If a standard is not provided under a., the Administrator will be guided by the comments prepared and presented in the staff report, statements made at the hearing by the petitioner, remonstrators and other interested parties and comments made by decision makers during the course of the hearing.

c. If a standard is not provided under a., and if comments and statements mentioned in b. do not provide an adequate standard, the Administrator shall consider what is "good professional practice under the circumstances". In determining what is good professional practice under the circumstances, the Administrator will be guided by the characteristics of similar development of superior quality in Marion County.

The standard applied by the Administrator is not confined to the standard that can be inferred from the development standard of the applicable zoning district and may include standards described in plans and/or testimony presented at the public hearing and agreed to in principle by the petitioner.

D. If the Administrator does not approve a plan submitted by the petitioner, and no alternative plan acceptable to both parties can be agreed upon, the petitioner shall have the right to appeal such action of the Administrator. Such an appeal shall be filed as an approval petition for an Administrative Appeal. This appeal must be filed within 23 days from the date of the denial or the approval.
E. Any interested party shall have the right to appeal such action of the Administrator. Such appeal shall be filed as an approval petition for an Administrative Appeal. This appeal must be filed within 23 days from the date of the decision by the Administrator, unless otherwise indicated by ordinance.

6. FILING OF REQUEST FOR APPEAL OF THE HEARING EXAMINER OR COMMITTEE - Any interested party, including the Administrator, may file a request for an appeal of a decision or the recommendation as certified to the Commission by the Hearing Examiner or Committee. Said request for appeal shall simply state that the party requests a hearing by the Commission. Appeals shall be filed in the offices of the Commission as follows:

In computing any period of time, the day of the decision or recommendation from which the designated period of time begins to run is not included. The last day of the computed period is to be included unless it is:

1. a Saturday;
2. a Sunday;
3. a legal holiday under an Indiana statute; or
4. a day that the office in which the act is to be done is closed during regular business hours.

A period runs until the end of the next day after a day described in subdivisions (1) through (4). If the period allowed is less than seven (7) days, intermediate Saturdays, Sundays, legal holidays, and days on which the office in which the act is to be done is closed during regular business hours are excluded from the calculation.

7. SERVICE OF REQUEST FOR APPEAL UPON OTHER PARTIES - Upon the same day as a request for appeal is filed in the offices of the Commission, a copy thereof shall be served, personally or by first class, registered or certified mailing, upon the opposing party as follows: a remonstrator shall serve petitioner's attorney or, if none has appeared, the petitioner as named and at the address stated in the petition; a petitioner shall serve all remonstrators' attorneys who appeared at the hearing and, if none appeared, shall serve the first two persons who spoke on behalf of remonstrators, at their addresses as stated at the hearing; the Administrator, upon filing a request for appeal, shall serve both petitioner and remonstrators as above provided. A certificate evidencing such service shall be filed with the Commission.
8. **DOCKETING FOR COMMISSION ACTION** - Every petition subject to the Commission’s review shall automatically be placed on the docket of the next regular meeting of the Metropolitan Development Commission held not sooner than five (5) business days after the expiration of the time for filing a request for an appeal in such petition, provided, however, no petition shall be so docketed until all the covenants and/or commitments required or allowed by the Hearing Examiner or Committee, and which comply with the requirements of Article VII, shall have been filed with the Administrator. At each hearing before the Hearing Examiner or Committee, notice of such hearing dates before the Commission shall either be posted or announced by the Hearing Examiner with respect to petitions heard on such day. Each such hearing before the Commission shall be deemed a continuation of the hearing before the Hearing Examiner and no further advertisement or notice of such Commission hearing shall be required.

9. **ACTION BY THE COMMISSION WITHOUT HEARING IF NO REQUESTS FOR APPEAL FILED** - As to any petition in which no requests for appeal are filed, as and within the time permitted, and in which the stipulated commitments have been executed and submitted, the Commission shall, without allowing further evidence or argument by the parties, act upon the recommendation for decision certified by the Hearing Examiner, at the first meeting of the Commission at which the petition(s) appears on the Commission docket or at any subsequent meeting to which said petition may be continued.

At said time the Commission may either (1) approve the recommendation of the Hearing Examiner, or (2) set the petition(s) for hearing at the next regularly scheduled meeting of the Commission. If said petition(s) is scheduled for hearing as set forth above, the Administrator shall notify in writing those persons designated in Section 5, and in said notice set forth the time and place that said petition(s) will be heard by the Commission.

10. **HEARING BY COMMISSION IF REQUEST FOR APPEAL FILED OR INITIAL HEARING BY COMMISSION** - If a request for an appeal is filed, as and within the time permitted in Section 6, or in an initial hearing by the Commission, the Commission shall proceed to hear the petition at its first meeting at which the petition appears on its docket or at any subsequent meeting to which the same may be continued.

At such hearing, all parties, including the Administrator, shall be allowed to present evidence and argument relevant to the petition, as provided for in Article VI, Section 6.

Any commitment required or allowed by the Commission and any parole or written covenant submitted by the petitioner at such hearing shall comply with all requirements of form and recording set forth in Article VII, Section 3. In such commitment, the Commission may require the designation of any specially affected persons or categories of specially affected persons, who (in addition to persons entitled to receive notice of the rezoning under Article V, Section 1(b)) shall be entitled to enforcement thereof pursuant to IC 37-7-4-1015. At the conclusion of such hearing, the Commission shall make its decision on said petition(s).

11. **WITHDRAWAL OF REQUEST FOR APPEAL** - Any person filing a request for appeal of the recommendation certified by the Hearing Examiner or Committee shall have the right to withdraw the same prior to the hearing of the petition before the Metropolitan Development Commission. If all such requests in a petition are withdrawn, the Metropolitan Development Commission shall proceed to act upon the petition(s) in the same manner as it would have had the request(s) not been filed.
ARTICLE VIII - FINAL DISPOSITION OF PETITIONS

1. DISMISSAL OF PETITIONS - The Commission, Committee or Hearing Examiner may dismiss a petition for want of prosecution or for lack of jurisdiction.

   No parcel of ground that has been included in any petition that has been dismissed by the Hearing Examiner, Committee or Commission for want of prosecution shall again be included in any petition filed for consideration within a period of three (3) months from the date of the dismissal, except upon motion to permit refiling by a majority vote of all members present at a regular or special meeting, for good cause shown.

2. WITHDRAWAL OF PETITIONS - No petition may be withdrawn by the petitioner after a vote has been ordered by the presiding officer. No parcel of ground that has been included in a petition that has been withdrawn by the petitioner shall again be included in any petition filed for consideration within a period of three (3) months from the date of said withdrawal, except upon motion to permit refiling, adopted by a majority vote of all members of the Commission who are entitled to vote, for good cause shown. A petition, docketed for the Commission, may be withdrawn after hearing and recommendation by the Hearing Examiner or Committee.

3. REFILING FOLLOWING ADVERSE DECISION - No parcel of ground, or part of a parcel that has been the subject of an adverse decision of a rezoning or variance of use petition shall be included in a rezoning or variance of use petition filed within a period of twelve (12) months from the date of either the adverse decision by the Commission, or an adverse decision of the City-County Council, or an adverse decision of any Division of the Metropolitan Board of Zoning Appeals, unless the body which previously denied the petition decides, by a majority vote of all members present, or in the case of an adverse rezoning decision, the Commission decides by an official vote, to allow a refiling within the twelve (12) month period.

   No parcel of ground, or part of a parcel that has been the subject of an adverse decision of a variance of development standards, special exception, plat or vacation petition shall be included in a variance of development standards, special exception, plat or vacation petition filed within a period of twelve (12) months from the date of either the adverse decision by the Commission, or an adverse decision of any Division of the Metropolitan Board of Zoning Appeals, unless the body which previously denied the petition decides, by a majority vote of all members present to allow a refiling within the twelve (12) month period.

   No parcel of ground that has been the subject of an adverse decision of an approval or modification petition by the Commission shall again be included in an approval or modification petition filed for consideration by the Commission, Committee or Hearing Examiner within a period of three (3) months from the date of an adverse decision by the Commission, except upon motion to permit refiling adopted by the determination of the Hearing Examiner, Committee or an official vote of the Commission, whichever the case may be.

   Notice shall be given to all interested parties or property owners of any request to secure a waiver of this rule, in accordance with the notice requirements of Article V of these Rules of Procedure.

4. NOTICE OF COMMISSION'S DECISION - Within five (5) days after granting a zone map change, approval, special exception, variance from the terms of the zoning ordinance, plat or vacation, the Commission shall file with the Division a copy of its decision.

   However, if a representative of the Division appears at the hearing granting a zone map change, approval, special exception, variance from the terms of the zoning ordinance, plat or vacation
then this appearance shall be considered notice to the Division of the Commission's decision, and a copy of the decision need not be filed.

The Commission, when it has a hearing, or the Hearing Examiner, when he/she makes a decision on a petition which is not appealed, shall condition the grant of variance, special exception, or plat in such a manner that it takes effect if and when the recommended ordinance amendment is approved by the City-County Council.

5. ZONE MAP CHANGES: ADOPTION BY CITY-COUNTY COUNCIL AFTER APPROVAL BY METROPOLITAN DEVELOPMENT COMMISSION -

A. CERTIFICATION - If a zoning ordinance changing the zone maps is approved, denied, or no recommendation is made by the Commission, the Administrator, or the Administrator's agent, shall, within ten (10) business days following the decision, certify a copy of the ordinance, if the petition is approved, or a copy of the Commission’s decision, if the petition is not approved, to the clerk of the City-County Council, provided, however, no petition shall be considered finally approved by the Commission or be so certified until all the covenants and/or commitments required or allowed by the Commission, and which comply with the requirements of Article VII, shall have been filed with the Administrator.

B. ADOPTION OF ZONE MAP CHANGES - At the first regular meeting of the City-County Council after a proposal to change the zone maps is certified, the Council may, by a majority of those voting, schedule the proposal for a hearing on a date not later than its next regular meeting.

(1) If the Council:
   (a) Fails to schedule the proposal for a hearing; or
   (b) Schedules it for a hearing but fails to act on it within thirty (30) days after certification; the ordinance takes effect as if it had been adopted (as certified) thirty (30) days after certification.

(2) If the Council schedules the proposal for a hearing, it shall announce the hearing during a meeting and enter the announcement in its memoranda and minutes. The announcement must state:
   (a) The date, time and place of the hearing;
   (b) A description of the proposed changes in the zone maps;
   (c) That written objections to the proposal filed with the Clerk of the Council will be heard; and
   (d) That the hearing may be continued from time to time as may be found necessary.

(3) If the Council rejects the proposal at a hearing scheduled, it is defeated. Rejection of the proposal does not preclude it from being proposed again under IC 36-7-4-608, subject to Section 3 above.

C. CITY-COUNTY COUNCIL APPROVAL OR REJECTION OF ZONE MAP CHANGES - If the City-County Council holds a public hearing as above provided, it may take action with respect to said proposal by a three-fifths (3/5) vote of its full membership. If said ordinance is approved, the Commission shall then make the necessary modifications of the zone maps and shall keep them available in the offices of the Division.
D. WITHDRAWAL OF PETITIONS PENDING BEFORE THE CITY-COUNTY COUNCIL – Petitions may be withdrawn by the petitioner after the Commission approves the petition and before the City-County Council votes.

6. FINAL DISPOSITION OF VACATION PETITIONS

A. HEARING CONCLUSION -- Upon the conclusion of the hearing, the Hearing Examiner, Committee or Commission shall find and decide whether the vacation is in the public interest; whether any interests of the public, any utility or governmental unit shall be reserved, and any other conditions to be imposed in the decision; and whether there shall be a hearing on assessment of benefits or award of damages.

(1) Vacation without assessment of benefits or award of damages. In any vacation case in which there has been no acquisition by governmental condemnation or purchase, no construction or maintenance by a governmental agency and no public use of the subject property, or any part thereof, there shall be no assessment of benefits. No benefits shall be assessed against any land in governmental or public ownership, or to be vacated for governmental or public use or for use by a semi-public institution or agency engaged in a public, non-proprietary function, such as education or welfare.

(2) Vacation petitions with assessment of benefits. All other vacation petitions are with assessment of benefits. The assessment of benefits may occur at the same hearing as the vacation petition, or at the next regularly scheduled hearing after the vacation petition is approved.

Petitioner shall select, from a panel of appraisers designated by the Metropolitan Development Commission (a list of which is on file in the office of the Division), an appraiser who, upon his selection by petitioner and notification thereof by the Secretary of the Commission, shall appraise any benefits to property or interests beneficially affected by the vacation. One copy of the appraisal report shall be filed at least 10 days prior to the hearing on the assessment. The appraisal fee shall be paid by Petitioner at the hearing upon assessment of benefits or within 10 days thereafter.

Upon the conclusion of the hearing, the Hearing Examiner, Committee or Commission may either sustain or modify the assessments of benefits.

Payment of assessments shall be by check payable to the City Controller at the hearing upon assessment of benefits or within one year thereafter.

B. RECORDING VACATIONS - The Administrator shall not record the adopted Vacation Resolution until after all appeal periods have passed, or after final disposition of an appealed vacation petition. Within one year of the vacation approval (unless time extended by the Hearing Examiner, Committee or Commission), the petitioner shall indicate, in writing, compliance with all conditions required by the vacation that were required to be completed prior to recording said vacation. After the compliance letter is received and after all assessment and appraisal fees have been paid by the petitioner, the Administrator shall be authorized to record with the Marion County Auditor and the Marion County Recorder certified copies of the adopted Vacation Resolution, survey, and Hearing Examiner, Committee or Commission’s decision.

7. LETTER OF GRANT OR DENIAL - Following final action on a zone map change, approval, special exception, variance, plat or vacation petition, the Administrator shall notify the
petitioner of the final decision by sending the petitioner a letter of grant or denial that shall include, if a letter of grant, all conditions imposed.

8. VARIANCE CONDITIONS IMPOSED BY COMMISSION - AFFIDAVIT OF COMPLIANCE Whenever the decision of the Commission is conditioned upon petitioner's compliance with a requirement imposed by the Commission concerning construction or site development (e.g. installation of landscaping, fencing, paving, curb stops or any comparable requirement) and such condition is recited in the notice to petitioner of the Commission's decision. Petitioner shall be required to notify the Commission of the timely fulfillment of such requirement by filing an affidavit of compliance in the offices of the Commission. If the time for fulfillment of the condition is stated in the Commission's decision, such affidavit shall be filed within thirty (30) days after the time allowed for fulfillment. If the time for fulfillment is not stated in the Commission's decision, the affidavit shall be filed within thirty (30) days after the completion of construction authorized by the Commission's decision, whichever is earlier.

Failure to comply with any conditions imposed by the Metropolitan Development Commission shall constitute a violation enforceable by governmental authority pursuant to the provisions of IC 36-7-4-1014.

9. APPEAL PROCEDURE -

A. JUDICIAL REVIEW- The following are final decisions of the Commission that may be reviewed in accordance with Indiana Code 36-7-4-1600 Series:

(1) A final decision under the 700 series of this chapter (subdivision control) including: primary approval or disapproval of a plat; imposition of a condition on primary approval of a plat; approval or disapproval of the vacation of all or part of a plat; approval or disapproval of the vacation of any recorded covenants filed with the plat; or imposition of a condition on approval of the vacation of all or part of a plat (which may include the vacation of any recorded covenants filed with the plat).

(2) Approval or disapproval of a variance from the zoning ordinance.

(3) A final decision under IC 36-7-4-1015 (appeal of a commitment modification or termination), unless the modification was made by the City-County Council.

(4) A final decision under IC 36-7-4-1400 Series (development plans).

(5) A final decision under IC 36-7-4-1500 Series of this chapter (planned unit development), when authority to make a final decision is delegated to the plan commission by the legislative body under IC 36-7-4-1511.

Such petitions for judicial review shall be presented to the court within thirty (30) days after the decision of the Metropolitan Development Commission. The petitioner for judicial review shall pay the costs of preparation of transcripts of any hearing before the Commission needed for the judicial review.

B. ADMINISTRATOR'S APPEAL OF ANY DECISION OF THE METROPOLITAN BOARD OF ZONING APPEALS OR THE BOARD OF ZONING APPEALS OF AN EXCLUDED CITY TO THE COMMISSION - The Administrator may appeal to the Commission any decision of a Board of Zoning Appeals granting an administrative appeal, or a special exception or variance from the terms of the zoning ordinance. A City-County
Councilor, in whose district the parcel of real property is located, may appeal to the Commission a decision of a Board of Zoning Appeals approving, denying, or otherwise concerning a variance of use from the terms of the zoning ordinance that affects only real property located outside the corporate boundaries of an excluded city. The Administrator or City-County Councilor shall file the notice of appeal within five (5) days after the Board has rendered its decision. The notice must certify that the decision raises a substantial question of zoning policy appropriate for consideration by the Commission. The Commission shall hear the appeal at its next regular meeting held not less than five (5) days after the notice of appeal is filed. In hearing appeals, the Metropolitan Development Commission sits as a Board of Zoning Appeals and shall be treated as if it is a Board. The Commission may accept into evidence the written record of the hearing before the Board of Zoning Appeals, if any, along with other evidence introduced by the Division or interested parties. The Commission shall consider the matter de novo, but the decision of the Board is considered affirmed unless two-thirds (2/3) of the Commission members voting vote to deny the administrative appeal, special exception, or variance.

Appeals by the Administrator of a variance or special exception heard by the Hearing Examiner as part of a companion petition requires a majority vote as outlined in Article VI, Section 4, Quorum and Official Vote.

10. EXHIBITS - All exhibits, whether submitted by petitioner or remonstrator, shall be given an exhibit number and be retained in the files of the Metropolitan Development Commission for a period of six (6) months after the date of the hearing. At the end of ninety (90) days after the date of the hearing, such exhibits may be claimed and withdrawn by the persons submitting the same, except for any such exhibits that are submitted pursuant to Improvement Location Permit Ordinance 68-AO-11, as amended, by any party to the proceeding or commitments submitted by petitioner. At the end of such six (6) month period following the date of the hearing, the Metropolitan Development Commission may dispose of any such exhibits, that have not been claimed by the party filing the same and which are not a necessary part of any covenants or commitments, in whatever manner the Commission may deem expedient.
ARTICLE X - SUPPLEMENTAL REVIEW PROCESS

1. ESTABLISHMENT OF SUPPLEMENTAL REVIEW PROCESS - The Metropolitan Development Commission establishes a flexible procedure for more intense review and more complete presentation of major approval, rezoning, and variance petitions, and companion petitions permitted by IC 36-7-4-403.5. This procedure, called the Supplemental Review Process, generally applies to petitions that, because of development size or intensity, will have a significant effect on drainage ways, parks, roadways, or sewer systems. Under the Supplemental Review Process, not all petitions will follow exactly the same procedure but common elements of the Process include:

   A. Additional information about the effect of the development on infrastructure is requested from the petitioner.
   
   B. Review of the supplemental information is made by the Department of Metropolitan Development, Department of Parks and Recreation, and Department of Public Works.
   
   C. Interested persons and organizations in the community are notified about the petition.
   
   D. A coordination meeting led by Department of Metropolitan Development staff is conducted to discuss the petition with the petitioner, representatives of affected City Departments, interested persons and organizations in the community.
   
   E. The petition is scheduled for hearing before the Metropolitan Development Commission (not before the Hearing Examiner).
   
   F. The staff provides information that is more substantial to the Metropolitan Development Commission at the time of presentation of the petition, including information about the effect of the proposed development on infrastructure adequacy.

2. GOAL OF SUPPLEMENTAL REVIEW PROCESS - The goal of the Supplemental Review Process is to allow the Metropolitan Development Commission to make more informed decisions on the major petitions that affect adequacy of drainage systems, parks, roadways, and sewer systems. This goal is accomplished by establishing a structured means for provision of more accurate and complete information about the impact of the proposed development on infrastructure and establishing meetings among interested parties so that this information can be shared and conflicts among competing interests can be identified and, if possible, resolved. The Supplemental Review Process shall not unreasonably burden the resources of petitioners or needlessly protract the petition process. City staff shall be reasonable in applying Supplemental Review Process requirements and attentive to meeting City response time deadlines established under the Process.

3. APPLICATION OF SUPPLEMENTAL REVIEW PROCESS - Petitions that meet the thresholds for the Supplemental Review Process will be the subject of a request by staff to be included in the Process. The petitioner is not required to participate in the Supplemental Review Process. However, petitions that meet Supplemental Review Process thresholds but do not participate in the Process, staff shall assume reasonable infrastructure impacts based on the most intense development allowed by the petition in analyzing the petition and shall point out in the staff comment that the petitioner has declined to participate in the Supplemental Review Process.
"Automatic" continuances, provided for under Article VI, 8, B, are not allowed, for either petitioner(s) or remonstrator(s), if the petition is being considered under the Supplemental Review Process.

A petitioner who agrees to participate in the Supplemental Review Process may, at any time, withdraw from the Process.

5. AMENDMENT OF SUPPLEMENTAL REVIEW PROCESS PROCEDURES - The Supplemental Review Process User Manual may be amended by action of the Metropolitan Development Commission in the same manner that these Rules of Procedure are amended.

The assignment and reassignment of addresses, as well as the naming and renaming of streets, are governed by these Rules of Procedure and the “Address Guidelines and Standards for Indianapolis/Marion County.” In case of conflict, these Rules of Procedure control.

4. AMENDMENT OF ADDRESS GUIDELINES AND STANDARDS - The “Address Guidelines and Standards for Indianapolis/Marion County” document may be amended by the
action of the Metropolitan Development Commission in the same manner that these Rules of Procedure are amended.

3. **CERTIFICATION** - If the provisions of the exceptions noted above are satisfied, or, alternatively, if the documentation substantiates that the use or development standards associated with the property pre-date the applicable zoning ordinance in place as of the date claimed by the owner/petitioner, the Administrator shall issue a certificate of legally established nonconforming use.

Said certificate shall include the following:

   A. the legal description of the property;

The Department of Metropolitan Development shall maintain a permanent record of all such certificates issued, which record shall be available to the public and shall be organized by common address of the property.

5. DENIAL OF CERTIFICATE - If after review of the submission, the Administrator determines it does not meet the requirements of this Article and the applicable ordinances referenced, the Administrator shall deny the application for certification.
