Sec. 732-211. Off-street parking regulations.

All off-street parking areas for motor vehicles accessory to the uses in the commercial districts shall be provided in accordance with the following regulations. However, commercial parking facilities, including attendant parking, shall be subject to the provisions of Chapter 931 of this Code, and shall not be subject to the development standards of this chapter other than the minimum setback requirements of the applicable district.

(a) Application of regulations.

(1) Buildings, structures, uses established hereafter - exception for permits previously issued: For all buildings and structures erected and all uses of land established after the effective date of this chapter, accessory parking facilities shall be provided in accordance with the regulations of this section. However, where improvement location and building permits have been issued prior to the effective date of this chapter, and provided that construction has begun within six (6) months of such effective date and diligently prosecuted to completion (but such time period not to exceed two (2) years after the issuance of such building permit), parking facilities in the amounts required for issuance of such permits may be provided in lieu of any different amount required by the off-street parking regulations of this chapter.

(2) Buildings, structures, uses existing or hereafter established - increased intensity of use: When the intensity of use of any legally established building, structure or premises (existing on the effective date this chapter or hereafter established) is increased resulting in a net increase of gross floor area or any other unit of measurement specified herein for determining required parking areas, parking spaces and any other facilities as required herein shall be provided for such increase in intensity of use. However, no building or structure lawfully erected, or use lawfully established, prior to the effective date of this chapter shall be required to provide such additional parking spaces or areas, unless and until the aggregate increase in any unit of measurement specified herein for determining required parking spaces causes an increase in the required number of parking spaces that equals fifteen (15) percent or more of the number of parking spaces existing on the effective date of this chapter, in which event parking spaces and areas as required herein shall be provided for the total increase.

(3) Change of use: Whenever the type of use of a building, structure or premises is hereafter changed to a new type of use permitted by this chapter, parking spaces and areas shall be provided as required by the provisions of this chapter for such new type of use, subject to the exception noted in section 732-211(a)(2).

(4) Existing parking areas: Required accessory off-street parking areas in existence on the effective date of this chapter shall not hereafter be reduced below, or if already less than, shall not be further reduced below, the requirements for such use as would be required for such use as a new use of a building, structure or premises under the provisions of this chapter.

(5) New or expanded parking areas: Nothing in this chapter shall prevent the establishment of, or expansion of the amount of, parking areas to serve any existing use of land or building, provided that all other regulations herein governing the location, design, landscaping, construction and operation of such areas shall be adhered to.

(b) Location.

(1) Accessory off-street parking areas shall be provided on the same lot as the building or use served, or as provided in section 732-211(c) below, and shall not be located within the public right-of-way.
(2) Accessory parking areas shall be located in a commercial district which permits the primary use or the I-3, I-4, and I-5 Industrial Suburban and Urban Districts.

(3) Any accessory parking area located in a different district than that of the primary use must comply with the development standards for the district in which the parking area is located.

(c) **Common or combined off-street accessory parking areas.** Common or combined accessory off-street parking areas may be provided to serve two (2) or more primary buildings or uses, provided such common or combined accessory off-street parking areas shall:

1. Be so planned, designed, constructed and maintained as to create a desirable, efficient and well planned off-street parking area with functional and aesthetic value, attractiveness and compatibility with adjacent land uses, and consistent with the character of the district within which it is located.

2. Be located within five hundred (500) feet of the primary uses served, measured from the nearest point of the parking area boundary to the primary use served.

3. At all times have the minimum total number of spaces that is equal to the sum of the minimum required parking spaces for the use (if freestanding), or integrated center (see Table 2.10-A, No. 28.). No parking space for one (1) use shall be included in the calculation of parking space requirements for any other use.

4. File a site and development plan for any common or combined parking area(s) with the division of planning for approval by the Administrator prior to the issuance of an Improvement Location Permit. Such site and development plan shall indicate:

   a. Adjacent streets, alleys and lots;

   b. Uses to be served, including the location, use (e.g., employee, customer, etc.) and number of parking spaces for each such use as required by section 732-211(k) hereof;

   c. Access drives, driveways, interior access driveways and acceleration/deceleration lanes;

   d. The parking area layout, including parking areas, parking spaces, total number of parking spaces and dimensions thereof;

   e. Distances to the primary uses served (see section 732-211(c)(2) for distance measurement);

   f. All landscaping and screening, walls and fences; proposed lighting, if any; and type of paving proposed;

   g. Location of signs;

   h. Location and type of parking space barriers or curbing, if any; and

   i. All other requirements of Chapter 730, Article III.

Such site and development plan shall demonstrate compliance with all applicable standards of this chapter. Such site and development plan shall be amended and resubmitted for Administrator's approval to indicate any change or other modification of uses served as may be required by section 732-211(a)(2) or (3) or number of parking spaces provided therefor, prior to obtaining a new Improvement Location Permit.

Common or combined off-street accessory parking area shall be developed, maintained and used only in accordance with such approved site and development plan and all other requirements of this chapter.
(d) Minimum parking lot and parking space dimensions.
   
   (1) The interior access drives, interior access driveways, drives, driveways, entrances, exits, 
   aisles, bays and traffic circulation for parking lots and parking garages shall be designed 
   and constructed at not less than the recommended specifications contained in 
   Architectural Graphic Standards, Eighth Edition, Ramsey/Sleeper, John Wiley and Sons, 
   Inc., New York, New York (a copy of which is on file in the office of the division of planning 
   and is hereby incorporated by reference and made a part hereof); except that minimum 
   parking space (or stall) dimensions shall be as set forth below.

   (2) Each off-street parking space shall have, regardless of angle of parking, a usable parking 
   space dimension measuring not less than nine (9) feet in width (measured perpendicularly 
   from the sides of the parking space) and not less than eighteen (18) feet in length; 
   provided, however, that the total usable parking space area shall be, in no instance, less 
   than one hundred eighty (180) square feet in total area.

   Exceptions:
   
   a. All required parking spaces for any use allowing shopping carts to be removed from 
      the interior of the establishment (i.e., grocery store) shall have a usable parking 
      space dimension measuring not less than ten (10) feet in width (measured perpendicularly 
      from the sides of the parking space) and not less than eighteen (18) feet in length; 
      provided, however, that the total usable parking space area shall be at least one hundred eighty (180) square feet. The required parking spaces for 
      such uses shall be located within five hundred (500) feet of the front entrance of the 
      establishment.

   b. All parking spaces reserved for the use of physically handicapped persons shall 
      have a usable parking space dimension measuring not less than thirteen (13) feet 
      in width (measured perpendicularly from the sides of the parking space) and not 
      less than twenty (20) feet in length (see also section 732-211(l), required parking 
      spaces for the disabled).

(e) Access to and from parking areas.

   (1) Each off-street parking space shall open directly upon an aisle or driveway of such width 
   and design as to provide safe and efficient means of vehicular access to such parking 
   space.

   (2) All off-street parking spaces or areas shall be designed with appropriate means of 
   vehicular access to a street or alley in such a manner as to minimize interference with 
   traffic movement and to provide safe and efficient means of vehicular access. Off-street 
   parking spaces and areas shall be designed and located so that vehicles shall not back 
   from or into a public street or adjoining property.

(f) Use of parking areas.

   (1) The parking area shall not be used for the storage, display, advertisement, sale, repair, 
   dismantling or wrecking of any vehicle, equipment or material. The parking area shall not 
   be used for the storage of any commercial or inoperable vehicles.

   (2) Buildings or structures for guards, attendants or watchmen shall be permitted; however, 
   any such structure shall not occupy a required off-street parking space(s) and shall comply 
   with all setback requirements.

   (3) Loading spaces and maneuvering area, as required in section 732-212, shall not constitute 
   a required off-street parking space; nor shall any off-street parking area be used as a 
   loading space or area.
(g) **Surface of parking area.**

(1) Off-street parking spaces may be open to the sky, covered, or enclosed in a building. In any instance where a building is constructed or used for parking, it shall be treated as any other building or structure and subject to all use and development standards requirements of the applicable commercial district in addition to the requirements contained herein.

(2) All off-street parking areas, and the access to and from such areas, shall be hardsurfaced to adequately provide a durable and dust-free surface. A gravel surface may be used for a period not exceeding one (1) year after the commencement of the use for which the parking areas is provided, where ground or weather conditions are not immediately suitable for permanent surfacing as specified above.

(3) The surface shall be graded, constructed and drained in such a manner that there will be no detrimental flow of water onto sidewalks.

(4) The parking area(s), where abutting a required landscaped yard or area, shall be designed and constructed in such a manner that no part of any parked vehicle shall extend beyond the boundary of the established parking area into any minimum required landscaped yard or area or onto adjoining property.

(h) **Marking of parking spaces.** All parking spaces shall be marked by durable painted lines at least four-inches wide and extending the length of the space or by curbs or other means to indicate individual spaces. Signs or markers located on the pavement surface within a parking lot may be used as necessary to ensure efficient and safe traffic operation of the lot.

(i) **Lighting of parking area.**

(1) When parking areas are illuminated, the lighting equipment shall provide good visibility with a minimum of direct glare.

(2) In applying exterior lighting, equipment shall be of an appropriate type and be so located, shielded and directed that the distribution of light is confined to the area to be lighted.

(3) Objectionable light onto adjacent properties and streets shall be avoided to prevent direct glare or disability glare.

(4) Lighting levels for outdoor parking areas shall meet the following minimum average maintained horizontal footcandles (as specified in Architectural Graphic Standards, Eighth Edition, Ramsey/Sleeper, John Wiley and Sons, Inc., New York, New York (a copy of which is on file in the office of the Division of Planning of the Department of Metropolitan Development and is hereby incorporated by reference and made a part hereof).

(j) **Landscaping.** All parking areas in excess of one hundred (100) spaces shall be landscaped in accordance with section 732-214(g)(3) (additional landscaping requirements - interior of parking lots).

(k) **Amount of parking spaces required.**

(1) Off-street parking spaces shall be provided and maintained for uses in the commercial district in accordance with the minimum requirement set forth in Table 2.10-A.

(2) When a computation of required parking spaces results in a fraction of one-half (1/2) or greater, the number of required parking spaces shall be rounded up to the next whole number.

Provided, however, that in no case shall any individual use provide less than five (5) parking spaces.
### Chapter 732 Commercial Zoning Ordinance – Section 211 Off-Street Parking

**30. Retail or service commercial uses - integrated centers (as defined in section 732-217)**

| a. If the total gross leasable area of an integrated center is less than four hundred thousand (400,000) square feet, four (4) parking spaces for each one thousand (1,000) square feet of gross leasable area shall be required; |
| b. If the total gross leasable area of an integrated center is greater than four hundred thousand (400,000) square feet, but less than six hundred thousand (600,000) square feet, four and one-half (4.5) parking spaces for each one thousand (1,000) square feet of gross leasable area shall be required. |
| c. If the total gross leasable area of an integrated center is greater than six hundred thousand (600,000) square feet, five (5) parking spaces for each one thousand (1,000) square feet of gross leasable area shall be required. |

Provided, however:

1. In no case shall any individual use provide less than five (5) parking spaces; and
2. The following individual uses: grocery store/supermarket; theatres - motion picture or legitimate; bowling alley; or night club, shall provide parking spaces as required for the individual use by this section and such calculation shall be separate from the calculation of the gross leasable area calculation of the integrated center.

**31. Roller/ice skating rink**

One (1) parking space for each two hundred (200) square feet of gross floor area in the building.

**32. Schools: business, technical, trade, and vocational**

One (1) parking space for each one hundred (100) square feet of gross floor area in the building, or one (1) parking space per each twenty-five (25) square feet of classrooms, whichever provides the greatest number of spaces.

**33. Theatres: motion picture or legitimate**

One (1) parking space for each three (3) seats.

**34. All uses permitted in the C-ID Commercial-Industrial District:**

One (1) parking space for each two (2) employees per largest work shift, plus five (5) customer spaces. Any floor area in the establishment devoted to retail sales shall require additional customer parking spaces in the amount specified elsewhere in this section for the type of retail sales involved.
35. Uses not specified

For any commercial district use not specified above, specific requirements shall be determined by the Administrator and shall be based upon requirements for similar uses, expected demand and traffic generated by the proposed use, and other information from appropriate traffic engineering and planning criteria.

[Amended G.O. 3, 2008; 2007-AO-01]

(I) Required parking spaces for the disabled. Every parking facility available to the public shall have parking spaces reserved for the use of physically handicapped persons, as defined in section 732-217, according to the following schedule:
