WELCOME TO POLL WORKER TRAINING

NOV. 6, 2012 ELECTION
ELECTION BASICS

• When we vote
• How we vote
• Where we vote
Types of Elections

• **Primary**
  – Permits two major political parties to nominate candidates for November’s general election
    • Voters must choose a Democrat OR Republican ballot
    • No longer a non-partisan option unless there is a referendum
  – In Indiana, primary election held in May

• **General**
  – All candidates appear on one ballot
    • Now includes non-partisan school board candidates
  – Election held on same date in November across the country
Precinct-Based Elections

- Marion County is divided into townships and/or wards, which are made up of small areas called precincts.
Precincts & Polling Locations

• Precincts
  – Smallest unit in a political subdivision
  – How precincts help run an election:
    • Determine where you go to vote on Election Day
    • Determines what voting districts you live in
  – Marion County now has 600 precincts
    • Mayor Ballard changed precinct lines in 2011, increasing the number from 590 to 600
• **Polling Locations**
  
  – Where people go to vote
  
  – About 290 polling locations in Marion County
    
    • Each polling location houses the polls for at least one, but often numerous precincts
  
  – Mayor’s Office selects locations each election – always subject to change!
    
    • Find out where you go to vote:
      
      – Marion County’s Voter Information Portal – indy.gov/VIP
      
      – Call our office at (317) 327-VOTE
Voter Registration Overview

- Deadline generally 29 days before an election
- Requirements to register to vote:
  - Must be a US citizen
  - Must be 18 on or before date of general election
    - Indiana law permits 17-year-olds to register and vote in the May primary election IF 18 by the date of November’s election
  - Must live in your precinct 30 days before the election
  - Must not be currently serving a prison sentence
    - In Indiana, convicted felons do not permanently lose their right to vote
      - Must re-register to vote upon release
      - Indiana law permits individuals serving home detention, work release, probation and parole to register and vote
Poll Workers

• **Up to five poll workers staffing each precinct**
  – Inspector
    • ‘Boss’ of the precinct
    • Must work full day, attend training and pick up and deliver all voting materials
  – Two Judges (one Democrat, one Republican)
    • Check ID, assist voters
    • Can work a full OR half day
    • May travel with Inspector to deliver voting materials at end of day
  – Two Clerks (one Democrat, one Republican)
    • Manage the Poll Book, issue ballots, check ID
    • Can work a full OR half day
Precinct Election Board

• The “governing body” of each precinct
• Made up of three members:
  – Inspector
  – Two Judges
• On Election Day, precinct election board can:
  – Issue challenges
  – Decide on other election matters
    • Call the Inspector Hotline - 327-2000 - first!
    • Attorneys available to help you
Poll Workers

• **To serve as a poll worker:**
  – Must be a registered voter
    • Exceptions for student poll workers, who can serve as a Clerk or Judge IF they are 16- or 17-years old, have permission from their school and parent or guardian and have a 3.0 GPA
  – Attend training
  – Live in Marion County

State law does not permit candidates or their immediate family to be a poll worker in precincts where the candidate’s name appears on the ballot.
Other Precinct “Officials”

• Every non-voter MUST have a credential before entering the polling location
  – Watchers
    • Appointed by the two major political parties
    • Can ask for a public vote count and observe but must not interfere with voting or assist voters
  – Media Watchers
    • Special credentials from MCEB or Secretary of State
    • Can film or photograph inside the polling location but must show poll workers their credential first
      – Receive instructions prior to Election Day on what can be filmed inside the location
Other Precinct “Officials”

– Poll book holders
  • Assigned by the two major political parties
  • Cannot obstruct voting, but may review Poll Book to determine who has voted
  • Clerks may record names of those who have signed the Poll Book and provide those names to poll book holder or watcher.
    – No voter obstruction or electioneering by Clerk, watcher or poll book holder. [IC 3-11-8-10.5]
ELECTION ESSENTIALS

- Poll Book
- Voter ID
- Ballots and basic voting instructions
Basic Needs for Voting

- Fundamentally, all a Precinct Election Board needs to allow voters to vote are:
  1. Poll Book
     - Record of all registered voters in a precinct, which keeps track of who has voted to ensure one person=one vote
  2. Ballots
  3. Secure location to confidentially store uncounted ballots

- Registered voter needs a qualifying photo ID
Poll Book

- **List of every citizen registered to vote in a precinct**
  - Contains the name, address, date of birth and signature of each voter

- **Each precinct has one Poll Book**
  - Instructions on the cover as reference

When you open your sealed ballot case on Election Day, make sure you have the correct Poll Book by looking on the cover for your ward/precinct information.
Poll Book: Basics

Name and Address Block
- Voter information listed alphabetically by last name
- Date of birth found under the voter’s address

Scanned Signature
- Original signature provided by voter when they registered or updated their records
- Used to compare voter’s signature in the Poll Book to the signature on file

Sign Here
- Location the voter signs AFTER the poll worker reviews their photo ID

Paul Problem

Marion County Election Board | 2012 Poll Worker Training
Poll Book: Basics

**Precinct Split**
- If the precinct is “split” for any reason (meaning some precinct voters have different candidates on their ballot in particular race(s) than other precinct voters), the split is indicated here and denoted as A, B, C...

**ABS**
- Abbreviation for “Absentee”
- Circle when processing absentee ballots
Proof of Residency

- Voter MUST show proof of residency to the Clerk: valid driver’s license, bank statement, government check, government document, paycheck or utility bill.
- Clerk MUST enter proper residency code (See instructions in the front of Poll Book for more information)

DLN/SSN4

- If the voter ID number is not stored in the system, ‘DLN/SS4: ___’ will print
- Clerk must request either the driver’s license number or the last four digits of the voter’s social security number
- Voter is not obligated to provide the information

Poll Book: Basics

Name/Address Change
• If the voter’s address has not changed, the Clerk can check the ‘Address Unchanged’ box
• If there is a name or address change, check this box AFTER voter completes the Name/Address Change Affidavit (VRG 4/12) found in the Inspector Binder
  • In cases where a name changes, the voter fills out the affidavit and signs the Poll Book with their new name
  • Before allowing a voter whose address has changed to vote, please refer to page 22 of the Secretary of State’s handbook to determine if the voter is eligible to vote in your precinct. Depending on date and location of the move, a voter may have to return to their previous precinct or may not be eligible to vote at all.
• If you have questions, ask your Inspector to call 327-2000
Voter ID

• **ID must meet ALL of the following FOUR requirements:**
  1. **Photo**
     • Should be a reasonable likeness
  2. **Expiration Date**
     • Must be current or expired after last General Election (Nov. 2, 2010)
  3. **Government Issued**
     • Issued by State of Indiana OR federal government
     – **Cannot accept out-of-state IDs**
     – State schools like IU, Purdue, Ivy Tech may be OK if they meet other requirements
Voter ID

4. Name on ID reasonably conforms with name in the Poll Book
   • Conform does not mean match exactly
   • People commonly use nicknames, middle names and initials as a substitute for their given name
   • Some examples of names that would conform with Robert John Crew
     – Robert John Crew - Bob John Crew
     – Robert J. Crew - Bob J. Crew
     – Robert Crew - Bob Crew
     – R. John Crew - John Crew
     – R.J. Crew - J. Crew

   • For more information on Voter ID
     – Secretary of State’s Handbook, page 19
     – Inspector Binder contains Voter ID scenarios

Remember, Indiana law does NOT require the address on the ID match the address in the Poll Book.
New! Temporary paper IDs issued by the State of Indiana are valid for voting purposes. Be sure to follow all the ID verification steps (i.e. valid or expired since the date of the last general election, include photo, name reasonably conforms) before letting the voter sign the Poll Book.
2012 General Election Ballot

• Federal Offices
  – President/Vice President
  – US Senate
  – US House of Representatives (Districts 5 & 7)

• State Offices
  – Governor/Lt. Governor
  – Attorney General
  – Superintendent of Public Instruction
  – IN Senate
  – IN House of Representatives
2012 General Election Ballot

- **County/Local Offices**
  - Surveyor
  - Treasurer
  - Coroner
  - Superior Court Judge
  - Township Advisory Board

- **Non-partisan School Board**

- **Judicial Retention Questions**
Ways to Vote in a General Election

- **Ticket-Splitting**
  - Ignore straight party device
  - Move on to the individual races, marking your selection in each race for the candidate you support regardless of party affiliation

- **Straight Party Device**
  - Mark your ballot only using the straight party device (Democratic, Republican, Libertarian)
  - One mark to automatically record votes for every candidate listed on the ballot that belongs to that party
  - No need to separately fill in votes for those party candidates; votes recorded automatically

Marking the straight party device AND separately marking a vote for a candidate of that same party does not invalidate your ballot or cast two votes for the candidate. One vote (and only one vote) will be recorded.
Ways to Vote in a General Election

• “Scratch” Voting
  – Use the straight party device but also separately mark vote(s) for one or more candidates of a different party in the individual races further down the ballot
  – Example:
    • Voter uses the straight party device for the Republican Party
    • Voter ALSO marks her ballot for the Libertarian candidate for dog catcher
    • Ballot is recorded as a vote for every Republican candidate EXCEPT in the dog catcher race, where the Libertarian will receive her vote

Using the straight party device does NOT capture votes in school board races and/or judicial retention or public questions. Voters should be instructed to look for and complete these sections if desired.
VOTING EQUIPMENT

- Assemble M100 and iVotronic
- Tear down machines
- Remove and return electronic media
Two Types of Voting Equipment

Every PRECINCT will have on M100 or optical scan reader

Every POLLING LOCATION will have at least one iVotronic or touch screen machine
Two Types of Voting Equipment

• **iVotronic**
  – Federal law requires voting equipment with accessibility functions to provide a confidential voting experience for voters with disabilities
    • Uses touch screen technology
    • Has Braille-enabled buttons and offers an audio ballot
  – iVotronic FIRST!
    • iVotronic must be initialized BEFORE the M100 otherwise a technician will need to come to the polling site to correct the error

• **M100**
  – Optical scan ballot reader
  – Uses a paper ballot
Sharing a Polling Site

• In many cases, there will be two or more precincts at one location
  – Work as a team with other poll workers
  – Precincts share one iVotronic
    • Tag on iVotronic indicates the precincts that share the machine
  – Each precinct will have its own M100

• ‘Managing Precinct’ Inspector has PEB & PEB reader
  – Managing precinct is listed first on the iVotronic tag
  – Cannot initialize the other precincts’ M100s until the managing precinct is open
    • No Inspector can be late, but this Inspector REALLY CAN’T be late!

• Place ‘Official Voting Place’ yard sign
  – Found inside ballot storage bin of M100

• Be ready to receive voters at 6AM
RECEIVING VOTERS

• Seven steps at the Clerks’ table
• How to use the voting equipment
  • Provisional ballots
• Make your site accessible to all voters!
Basics: Seven Steps

• **When a voter arrives, the Clerks...**
  1. Greet voter (with a smile!)
  2. Ask for and find the voter’s name in the Poll Book
  3. Check voter’s photo ID

  **Refresher:** ID must have a photo; be current or expired after Nov. 2, 2010; be issued by the state of Indiana or federal government; AND voter’s name on ID must reasonably conform to name in Poll Book.

  4. Allow voter to sign Poll Book
  5. Determine if voter wants a paper ballot or wishes to use the iVotronic
  6. Select the correct ballot style
  7. Initial the back of the paper ballot OR hand iVotronic card to voter
Voters Using the M100

• **Determine the correct ballot style**
  – Each package of ballots will have a brightly colored sticker on it to help you match the ballot to the proper split
  – You are strongly encouraged to organize ballot packages by split before the start of the voting day to minimize confusion

Refresher: Precinct splits are indicated here and denoted as A, B, C, etc.
Voters Using the M100

- Confirm correct ballot selection

Confirm correct ballot by looking for the voter’s ward, precinct and split on the BACK of the ballot.
Voters Using the M100

- **Initial back of the ballot**

  Don’t forget: Two sets of initials MUST be on the back of ballot!
  - If no Clerks, OK for Judge and Inspector to initial.
  - If Inspector only poll worker, Inspector should initial twice.
Voters Using the M100

- Remind voters to follow instructions

Some offices instruct the voter to select multiple candidates. For example: “Vote For No More Than TWENTY (20)"

Some offices instruct the voter to only vote for one.

- There may be races on the back of the ballot!
  - Remind voters to turn the ballot over before casting their votes
Voters Using the M100

• **Refresher: Voting Options in a General Election**
  – Ticket Split
    • Skip the straight party device and darken ovals next to each candidate
  – Straight Party
    • Darken oval next to party name only (Democrat, Republican, Libertarian)
  – ‘Scratch’
    • Darken oval next to party (Democrat, Republican, Libertarian) AND select an individual candidate(s) of the opposite party
      – Example: Vicki votes straight party Republican but also votes for the Libertarian dog catcher candidate. M100 tabulates her ballot as a vote for all Republicans except the Libertarian gets the vote in the dog catcher race

There are non-partisan and judicial retention questions on the ballot. Straight Party and “Scratch” voting does not capture a vote in those races. Instruct voters to complete these sections, if desired.
Voters Using the M100

• When finished, ballot is inserted under the black flap of the M100
  – Does not matter if ballot is face up or face down, forward or backward

• If voter selects too many candidates in a particular race, the M100 will beep
  – Voter presses ‘accept’ if they intended to overvote
  – Voter presses ‘reject’ if they made an error and would like to vote again
    • Ballot should be marked ‘spoiled’ and placed in ‘Spoiled Ballots Envelope’
    • Clerks will initial and provide voter with a new ballot
Voters using the iVotronic

• **Determine the correct ballot style and hand ballot style card to vote**
  – Ballot style card found in zipper pack of Inspector Binder
  – Use Poll Book to determine voter’s split
  – Like paper ballot packaging, cards will have a brightly colored sticker to denote the ballot style
Voters Using the iVotronic

- Clerk directs voter to a Judge
- Judge inserts the PEB
- Judge reviews the ballot style card and selects the voter’s correct ward/precinct and split
  - Found in the upper left corner of the screen
- Judge confirms voter’s ward/precinct and split
- Judge removes PEB
- Judge touches screen to activate a visual ballot
- Judge moves away from machine
Voters Using the iVotronic

- Voter touches the screen and ballot instructions appear
- Voter is guided through the process to touch the screen and make their selections
- Once concluded, iVotronic will confirm voter’s selection
- Voter presses “VOTE” on the screen or the “VOTE” button above the screen

Do NOT let your voter leave until their ballot is cast on the iVotronic. If they do leave before the process is complete, call 327-2000 and operators will assist you.
iVotronic Accessibility Options

• **iVotronic can be unplugged and removed from its stand**
  – Place on a table/tray of a wheelchair or scooter user
  – iVotronic can operate on battery power for a short time but be sure to plug it back in once voter is finished

• **How to access the iVotronic’s audio ballot**
  – Plug in headphones
  – Hand voter the headphones and ask if you can guide them up to the machine

    • You might also tell them where to feel on the top and bottom
  – Insert PEB
  – Select correct ward/precinct and split for the voter
  – Press green button to activate audio ballot

---

**Warning:** When using an audio ballot on the iVotronic, the screen will intentionally go blank in order to give the voter full confidence they are voting privately.
iVotronic Accessibility Options

• How a voter uses the iVotronic’s audio ballot
  – Listen to instructions first
  – Use the yellow up and down arrows to select the contests (i.e. president, mayor, school board, council)
  – Use the green button to make their candidate selection within the contest
  – Press ‘VOTE’ button at top of the screen when finished

• Poll workers: you’ll notice the button blinking red, which should help you know when the voter is concluding their time on the iVotronic.
Provisional Ballots

• **Provisional Ballots:**
  – Should be used only AFTER exhausting all options that would permit a voter to legally cast their ballot.
  – Ensure a person is never denied the opportunity to vote, even if it ultimately will not be counted

• **Common scenarios:**
  – Voter does not have a valid, government-issued photo ID
    • Voter can bring their ID to the Election Board no later than noon, ten days after the election
  – Voter is not registered to vote
    • **Call the hotline – 327-2000 – before making this determination!** Voter may be in the wrong precinct table, wrong location or accidentally left off the Poll Book
      – After speaking to Voter Registration, a person who is not registered to vote in Marion County should be offered a provisional ballot to be reviewed at a later time.
Provisional Ballots

• Provisional ballot kit is found inside your Poll Kit
  – Contains:
    • Security envelope pre-printed front and back with the PRE-4 and PRO-2
      – PRE-4 completed and signed by challenger and challenged voter
      – PRO-2 completed and signed by challenged voter
    • ‘Provisional Ballot’ stickers
    • PRO-9
      – Take-away for voter to notify them of their rights

“Special” provisional ballots are NOT printed. The voter is given a regular ballot with a ‘provisional ballot’ sticker placed on it.
Provisional Ballots

• **Steps to issue a provisional ballot:**
  – Call 327-2000 to determine whether or not a person can legally cast a regular ballot
    • Voter could be accidentally left off Poll Book or in wrong location
  – Remove a security envelope from provisional ballot kit
  – Poll worker/challenger and voter should fully complete the PRE-4 found on the back of security envelope
  – Issue a ballot
    • Use a regular ballot but place a provisional ballot sticker on it
    • Initial back of ballot

It is critical that the PRE-4 and PRO-2 – the affidavits on both sides of the envelope – are filled out accurately and completely. This information is used by the Election Board to determine if the voter’s ballot can be counted.
Provisional Ballots

**Steps to issue a provisional ballot:**

- Ask voter to seal completed ballot in security envelope
  - DO NOT allow a voter to cast a provisional ballot on the M100!
- Ask voter to complete and sign the PRO-2 on the front of the envelope
- Give voter the take-away (PRO-9) found in the provisional ballot kit to inform them of their rights

---

Do NOT allow a provisional voter to cast their ballot on the M100. Any provisional ballot must be sealed in a security envelope!
Assisting Voters

• **Polling location should be welcoming to all voters**
  - At a large polling location, ask Judges to rotate and greet voters, guiding them to the correct precinct table
    - Maps of all the precincts are found in the Poll Kit
    - If voter isn’t sure and maps aren’t helpful, let them know about our phone-based polling place locator
      - Call 327-VOTE (327-8683)
      - When prompted, pick the option for the polling place locator
      - Voter enters date of birth and numeric portion of their street address to determine polling site
  - Make sure site is navigable
    - Leave a five foot area around voting booths and equipment to help wheelchair/scooter users
Assisting Voters

- **Use common courtesies**
  - Always ask first is a person with a disability needs help
    - Assist a person who is blind by offering your arm or shoulder for the person to hold as you guide them to a voting machine
  - Always look and speak directly to a person with a disability - not the interpreter, companion or helper
  - When greeting a person who is blind or has low vision, always identify yourself
  - Don’t shout!
  - Signal with a tap or wave to get the attention of a person who is deaf
    - Face the person and speak clearly but naturally, don’t exaggerate
Affidavit of Voter Assistance

• Voter may be assisted with voting only if:
  – Voter has a disability or is unable to read or write the English language
  – Voter requests assistance BEFORE entering the voting booth

• Anyone can be designated to assist the voter EXCEPT for the voter’s employer or union representative
  – If asked, BOTH Judges must assist the voter
    • First, complete the affidavit of voter assistance (PRE-3) found under tab 3 of the Inspector Binder
ABSENTEE VOTERS

• Types of absentee voting
• Processing absentee ballots at the precinct
Types of Absentee Voting

• **Three Types of Absentee Voting in Indiana**
  - **By Mail**
    - Must complete an application, indicating a reason for the request but do not need ID
    - Return the application before the deadline
    - Ballot mailed to voter, but must be received by 6PM Election Day
  - **Traveling Board**
    - Must complete an application and return by deadline
    - Schedule an appointment for a bi-partisan team to deliver the ballot, and if requested, team can provide assistance
  - **Early, In-Person**
    - Available 29 days before an election in the Clerk’s office
    - Do not need a reason, but do need to present a valid, government-issued photo ID

There are different envelopes for each absentee ballot type. Don’t be thrown by the different sizes or colors.
Processing Absentee Ballots

- Bi-partisan teams deliver packets throughout day
  - Confirm the packet belongs to your ward/precinct before they leave!
- Find voter’s name in Poll Book
- Announce voter’s name
- Compare signatures (application vs. absentee secrecy envelope)
- Circle ABS in the Poll Book
- Print voter’s name followed by “ABS”
Processing Absentee Ballots

• Early voters now have an option to use the iVotronic touch-screen machine
  – If an early voting living in your precinct uses the iVotronic while voting in the Clerk’s Office, you will be contacted on or before Election Day and instructed on how to process those absentee ballots cast on the accessible equipment
• Questions? Call the Inspector Hotline: 327-2000
Processing Absentee Ballots

• After entering all of your absentee voters’ information into Poll Book, poll workers should:
  – Open each secrecy envelope and remove the ballot
    • Keep ballots and envelopes separated
  – Check for the seal of the Circuit Court Clerk
  – Check for initials of absentee board
  – Feed ballots into the M100
    • Too busy? Place absentee ballots in uncounted storage bin for safekeeping – just don’t forget they are there!
  – Pack applications and empty envelopes in absentee paperwork envelope found in Poll Kit

Voters can no longer “beat their absentee ballots” to the poll. Call 327-2000 with any questions.
Spoiled/Defective Absentee Ballots

• Definition: absentee ballots that cannot be fed through a machine, but otherwise OK
  – When ballots are folded into their envelopes, the creases sometimes make it difficult for the machine to reach them

• Defective absentee ballots can be remade
  – Mark the original absentee ballot as spoiled
  – Use the original ballot to duplicate the voter’s choices on the new ballot
  – Feed the new ballot into the M100
  – Place the spoiled ballot in the ‘spoiled/defective absentee ballot envelope’
Rejected Absentee Ballots

- In rare instances, the Marion County Election Board or the precinct election board will decide an absentee ballot cannot be counted for a specific, legal reason
  - Usually due to a signature issue
- Processing rejected absentee ballots
  - Rejected absentee ballots should NOT be remade
  - Do not remove a rejected absentee ballot from the envelope
  - Put the rejected absentee ballot into the marked ‘Rejected Absentee Ballot Envelope’ found in your Poll Kit
