transferred to a Person or group of Persons acting in concert or (iii) the merger, consolidation, amalgamation, business combination or sale of substantially all of the assets of such Person; provided however, that notwithstanding anything to the contrary set forth in this definition (A) clauses (i) and (ii) above shall apply to transactions in shares of a publicly traded company or other transactions involving a publicly traded company only if they cause such company to no longer be a publicly traded company, (B) Transfers of direct or indirect ownership interests in the Concessionaire or the Operator (as applicable) between or among Persons that are Affiliates (including funds or similar entities managed by such Persons) shall not constitute a "Change in Control" for the purposes of this Agreement, (C) Transfers of shares of the Concessionaire or its direct or indirect parent pursuant to an initial public offering on the New York Stock Exchange, NASDAQ, London Stock Exchange or comparable securities exchange shall not constitute a "Change in Control" so long as the Equity Participants or their beneficial owner(s) having, in the aggregate, more than Fifty Percent (50%) direct or indirect ownership interest in the Concessionaire as of the date of this Agreement retain, in the aggregate, more than Fifty Percent (50%) of the rights to elect directors, officers and managers of the Concessionaire.

event that under the terms of this Agreement explicitly requires the payment of Concession Compensation.

"Competing Public Parking Facility" has the meaning ascribed thereto in Section 3.18(a).

"Concession Compensation" means compensation payable by the City to the Concessionaire in order to restore the Concessionaire to the same economic position the Concessionaire would have enjoyed if the applicable Compensation Event had not occurred, which compensation shall be equal to the sum of (i) all Losses (including increased operating, financing, expenses, capital and maintenance costs but excluding any costs and expenses that the Concessionaire would otherwise expend or incur in order to comply with this Agreement or in the ordinary course of the performance of the Metered Parking System Operations or the carrying on of business in the ordinary course) that are reasonably attributable to such Compensation Event plus (ii) the actual and estimated net losses (after giving effect, to the extent applicable, to any increase in revenues, including Metered Parking Revenue that are attributable to such Compensation Event) of the Concessionaire’s present and future Metered Parking Revenue that are reasonably attributable to such Compensation Event; provided, however, that, unless otherwise specified in this Agreement, any claim for Concession Compensation shall be made within One Hundred Twenty (120) Days of the date that the Concessionaire first became aware of such Compensation Event. The One Hundred Twenty (120) Day period described in the foregoing sentence shall be interpreted and applied in a manner most favorable to the Concessionaire and it intends to ensure reasonably prompt notice rather than to prohibit Concessionaire’s recovery from a Compensation Event. For example, if the Compensation Event is the passage of a new Law which requires a change in the Operating Procedures, the event triggering the One Hundred Twenty (120) Day clock shall not be the passage of the law but rather the City’s notice to the Concessionaire of a change to the Operating Procedures. Any Concession Compensation payable with respect to Losses or lost Metered Parking Revenue (or other revenues) that will occur in the future shall be payable at the time such Compensation Event occurs based on a reasonable determination of the net present value of the impact of such Compensation Event over the remainder of the Term. If the Concessionaire is required to provide its own capital (whether in the form of debt, equity or otherwise) with respect to compliance with or implementation of a City Directive or a modified or changed Operating Standard (other than a modified Operating Standard described in Section 6.3(a)) or any other Compensation Event, then the Concession Compensation, shall, in addition to the components described above, take into account the actual cost to the Concessionaire of such capital and include a then applicable market-based rate of return thereon (which market-based rate of return shall be reasonably commensurate with then-prevailing rates of return for similar assets and similar or analogous financings in the parking industry and shall take account of the applicable Present Value in determining the appropriate discount rate to use in calculating such rate of return). For purposes of the preceding sentence, the market-based rate of return shall be initially proposed in writing by the Concessionaire to the City. The City may, in accordance with the provisions of Article 19, dispute that such market-based rate of return proposed by the Concessionaire is reasonably commensurate with then-prevailing rates of return for similar assets and similar or analogous financings in the parking industry.

"Concessionaire" has the meaning ascribed thereto in the preamble to this Agreement.
"Concessionaire Default" has the meaning ascribed thereto in Section 16.1(a).

"Concessionaire Interest" means the interest of the Concessionaire in the Metered Parking System created by this Agreement and the rights and obligations of the Concessionaire under this Agreement.

"Concessionaire Metered System Revenue Percentage" means a percentage that represents the share of total revenues earned from Metered Parking System Operations by the Concessionaire over the previous twelve months, the formula of which is calculated as follows:

\[
1 - \frac{\text{Dollar amount of Revenue Share owed to the City over the previous twelve months calculated according to Schedule 2.1}}{\text{total revenues collected from Metered Parking System Operations, including the Parking Violations over the previous twelve months}}
\]

"Concessionaire Request" means a written request in respect of the Metered Parking System prepared by or on behalf of the Concessionaire and addressed to the City seeking to make a fundamental change in the dimensions, character, quality or location of any part of the Metered Parking System; provided, however, that a Concessionaire Request need not be submitted in connection with operations, maintenance or repair of the Metered Parking System in the ordinary course or any other aspects of Metered Parking System Operations permitted or reserved to the Concessionaire under this Agreement, including any modification or change to the Operating Standards pursuant to Section 6.2.

"Concession Year" means (i) if the Closing Date occurs on the first Day of a calendar month, the twelve (12) month period beginning on the Closing Date or (ii) if the Closing Date does not occur on the first Day of a calendar month, the period from the Closing Date through the end of the calendar month in which the Closing Date occurred and the next succeeding Twelve (12) month period and, in either case of clause (i) or (ii), each succeeding Twelve (12) month period and in any case ending on the End Date.

"Consent" means any approval, consent, ratification, waiver, exemption, franchise, license, permit, novation, certificate of occupancy or other authorization, of any Person, including any Consent issued, granted, given, or otherwise made available by or under the authority of any Governmental Authority or pursuant to any applicable Law.

"Consultant" means (i) a consulting firm having experience in the operation and management of metered parking systems jointly appointed by the Parties and (ii) with respect to a technical dispute under Section 19.7, any individual having experience in the operation and management of metered parking systems that is selected by such consulting firm to perform the professional services required to be performed by the Consultant under Section 19.7.

"Contractor" means, with respect to a Person, any contractor with whom such Person contracts to perform work or supply materials or labor in relation to the Metered Parking System, including any subcontractor of any tier, supplier or materialman directly or indirectly employed pursuant to a subcontract with a Contractor. For the avoidance of doubt, the Operator (if other than the Concessionaire) shall be a Contractor of the Concessionaire.
"Day" means a calendar day, beginning at 12:01 a.m. in the eastern time zone of the United States coinciding with the calendar day.

"Defending Party" has the meaning ascribed thereto in Section 12.4(c).

Upon the terms and subject to the conditions of this Agreement, effective at the Time of Closing, (a) the Concessionaire shall pay the City an upfront payment as set forth below (the "Closing Consideration") as an inducement in consideration for signing the Agreement with the Concessionaire, plus the Revenue Share mechanism set forth in Schedule 2.1. Closing Consideration above the fair market value of the assets acquired pursuant to (ii) below is an inducement paid in consideration for the signing of the Agreement and (b) the City shall (i) grant the Concessionaire the exclusive right, concession and franchise for and during the term (the "Term") commencing on the Closing Date and expiring at 11:59 p.m. on the Fiftieth (50th) anniversary of the Closing Date (or such later date as may be required to effect a Delay Event Remedy but subject to earlier termination as provided in this Agreement) to provide Metered Parking Services, and in connection therewith (A) to use, operate, manage, redesign, maintain and rehabilitate the Metered Parking System; and (B) subject to the Revenue Share, to collect and retain Metered Parking Revenue and Parking Violation Revenues; and (ii) upon Closing assign, transfer and otherwise convey to the Concessionaire by bill of sale the Metered Parking System Assets, free and clear of any Encumbrances (other than Permitted City Encumbrances) and the Concessionaire shall accept each such grant, assignment, transfer and conveyance (collectively, the "Transaction"). The Closing Consideration will be an upfront payment of either of the following upon the election of the City (i) U.S. Twenty Seven Million Five Hundred Thousand Dollars ($27,500,000.00) upon Closing, or (ii) Twenty Million Dollars ($20,000,000.00) and an additional amount of Ten Million Dollars ($10,000,000.00) to be paid to the City on or before January 31, 2011 where the Closing Date occurs prior to December 31, 2010. Should the Closing Date occur after December 31, 2010, the Fifteen Million Dollar ($15,000,000.00) payment will be paid to the City on or before calendar 100 days after the Closing Date. If the Concessionaire fails to pay the City the Fifteen Million Dollar ($15,000,000.00) payment within Five (5) Business Days after such payment is due to the City's sole discretion, to extend the payment due date with the Concessionaire, or (ii) such failure is due to the City refusing payment from the Concessionaire for any reason. In the event of termination due to the Concessionaire failing to pay the City the Fifteen Million Dollar ($15,000,000.00) payment subject to the provisions of Section 2.1 or 2.1(a), the Concessionaire will forfeit all previous payments to the City.

Section 2.2. Closing. The closing of the Transaction (the "Closing") shall take place on ________________, 2010 or such other date as agreed by the Concessionaire and the City (the "Closing Date"). The Closing shall be held at the offices of Ice Miller LLP, One American Square, Suite 2900, Indianapolis, Indiana, 46282 or such other place agreed to in writing by the City and the Concessionaire. At the Time of Closing, the Concessionaire shall deliver or cause to be delivered to the City same-day funds by wire transfer in the amount of the Closing Consideration, and upon receipt of such payment the Transaction shall be effective.
Concessionaire shall wire the Closing consideration to bank account(s) and in increments designated by the City. Upon receipt of the funds described in the preceding sentence, the City shall immediately cancel and return the Closing Deposit and the Cash Deposit (unless such Cash Deposit is applied against the Closing Consideration by the City in accordance with Section 2.3(c)), in accordance with the Concessionaire's instructions.)

Section 2.3. Deposit.

(a) The City acknowledges receipt from the Concessionaire of cash (the "Cash Deposit") or one or more Letters of Credit with a term of at least one hundred eighty (180) Days from the date hereof (the "Closing Deposit"), in an aggregate amount equal to the greater of Six Million Dollars ($6,000,000) or Ten Percent (10%) of the Closing Consideration, to be held by the City for the sole purpose described in Section 2.3(b). The City shall deposit any Cash Deposit with the Escrow Agent, which shall invest such amount in Eligible Investments pending the Closing. The City shall bare all risks associated with or arising from the Eligible Investments.

(b) If the City terminates this Agreement pursuant to Section 2.4(d)(iv) (including as a result of the failure of the Concessionaire to pay the Closing Consideration at Closing in accordance with the terms hereof so long as said failure is not the result of the City's actions or omissions), then the City shall be entitled to (i) retain the Cash Deposit and all interest accrued thereon or, (ii) without notice to the Concessionaire, immediately draw the full amount of the Closing Deposit upon presentation of a sight draft and a certificate confirming that the City has the right to draw under the Closing Deposit in the amount of such sight draft, and the City shall be entitled to retain all of the proceeds of the Closing Deposit, in each case as the sole remedy or right of the City against the Concessionaire hereunder (provided that this limitation shall not apply in the event of fraud or intentional misrepresentation of the Concessionaire); provided, however, that if this Agreement is terminated for any other reason, the City shall return any Cash Deposit and the interest earned thereon in accordance with the Concessionaire’s reasonable instructions, or deliver, in accordance with the Concessionaire’s reasonable instructions, the Closing Deposit and agree to cancel the Closing Deposit, in each case, immediately following any such termination. Except in cases involving fraud or willful breach by the Concessionaire, the right of the City to retain the Cash Deposit or to draw the Closing Deposit is intended to be, and shall constitute, liquidated damages, and any payment thereof to the City shall terminate the City’s rights and remedies in all respects.

(c) At Closing, upon the satisfaction of the conditions set forth in Sections 2.4(a), 2.4(b) and 2.4(c), the Concessionaire shall be entitled to a full return of the Cash Deposit and all investment earnings accrued thereupon or apply the Cash Deposit (including any accrued interest) as a credit against the Closing Consideration.
Section 2.4. Conditions Precedent; Termination.

(a) **Conditions for the Benefit of the Concessionaire.** The Concessionaire shall be obligated to complete the Closing only if each of the following conditions has been satisfied in full at or before the Time of Closing, unless waived by the Concessionaire: (i) the representations and warranties of the City set forth in Section 9.1 shall be true and correct in all material respects on and as of the date hereof and at and as of the Time of Closing with the same force and effect as if made at and as of such time and date except that representations and warranties that by their terms speak only as of the date of this Agreement or some other date need to be true and correct only as of such date; (ii) the City shall not be in material breach of any material covenant on its part contained in this Agreement which is to be performed or complied with by the City at or prior to the Time of Closing; (iii) the Schedule of Parking Fees shall be in full force and effect; (iv) the City has a minimum of Three Thousand Six Hundred Forty-Nine (3,649) Metered Parking Spaces as of the Time of Closing; (v) the City shall have delivered to the Concessionaire a legal opinion of counsel to the City, in substantially the form attached hereto as Schedule 7; (vi) the City shall have executed and delivered the consents and estoppel certificate contemplated by Section 10.2; (vii) the City-County Council shall have adopted an ordinance authorizing the City to enter into the Transaction and to comply with all of the obligations and undertakings of the City contemplated hereunder (the "Metered Parking System Ordinance"), including City-County Council approval of additional Metered Parking Spaces as set forth in Schedule 3, which Metered Parking System Ordinance shall have been executed and delivered by the Mayor on behalf of the City and the City-County Council; (viii) there shall not have occurred a material casualty loss, destruction or damage to the Metered Parking System; (ix) the City has obtained all consents of provider contracts necessary for the operation of the Metered Parking System and assignment to the Concessionaire; and (x) any event occurs that would have constituted an Adverse Action had it occurred during the Term. As used in this Section 2.4(a)(vii-viii) and in Section 2.5(i), a material casualty loss, destruction or damage to the Metered Parking System means the casualty, loss, damage or destruction of not less than Five Percent (5%) of the Metered Parking Spaces such that those Metered Parking Spaces are not available as spaces for parking motor vehicles and collecting Metered Parking Fees.

(b) **Conditions for the Benefit of the City.** The City shall be obligated to complete the Closing only if each of the following conditions precedent has been satisfied in full at or before the Time of Closing, unless waived by the City: (i) all representations and warranties of the Concessionaire in Section 9.2 shall be true and correct in all material respects on and as of the date hereof at and as of the Time of Closing with the same force and effect as if made at and as of such time and date except that representations and warranties that by their terms speak only as of the date of this Agreement or some other date need be true and correct only as of such date; (ii) the Concessionaire shall not be in material breach of any

(d) **Termination.** This Agreement may be terminated at any time prior to the Closing:

(i) by mutual consent of the City and the Concessionaire in a written instrument;

(ii) by either the City or the Concessionaire, upon notice to the other Party, if any Governmental Authority of competent jurisdiction shall have issued an order, decree or ruling or taken any other action permanently restraining, enjoining or otherwise prohibiting the Transaction, and such order, decree, ruling or other action has become final and nonappealable; provided; however, that the right to terminate this Agreement under this Section 2.4(d)(ii) shall not be available to any Party whose failure to comply with any provision of this Agreement or other conduct has been the case of, or results in such action;

(iii) by the Concessionaire, upon notice to the City, if any condition set forth in Section 2.4(a) is not satisfied at the Time of Closing; provided, however, that the Concessionaire shall not have the right to terminate this Agreement under this Section 2.4(d)(iii) if the Concessionaire’s failure to comply with any provision of this Agreement or other conduct has been the cause of, or resulted in, the failure of such condition or conditions to be satisfied; or

(iv) by the City, upon notice to the Concessionaire, if any condition set forth in Section 2.4(b) is not satisfied at the Time of Closing; provided, however, that the City shall not have the right to terminate this Agreement under this Section 2.4(d)(iv) if the City’s failure to comply with any provision of this Agreement or other conduct has been the cause of, or resulted in, the failure of such condition or conditions to be satisfied.

(e) **Effect of Termination.** In the event of termination of this Agreement by either the City or the Concessionaire as provided in Section 2.4(d), this Agreement shall forthwith become void and there shall be no liability or obligation on the part of the City or the Concessionaire or their respective Representatives, except as set
forth in Section 2.3(b), this Section 2.4(e), Article 12, Article 19 and Article 20. In the event that the Concessionaire terminates this Agreement pursuant to Section 2.4(d)(iii), the City will compensate the Concessionaire for up to Five Hundred Thousand Dollars ($500,000) of actual out-of-pocket documented costs incurred by the Concessionaire in connection with the transaction contemplated by this Agreement. In the event of termination pursuant to Section 2.4(d)(i), (ii) or (iii), the Cash Deposit and all investment earnings accrued thereon shall be paid to the Concessionaire or the Closing Deposit shall be returned undrawn to the Concessionaire marked canceled, as applicable.

Section 2.5. Covenants.

(a) Cooperation. During the Closing Period, the Parties shall cooperate with each other in order to permit the Closing to be consummated on the Closing Date.

(b) Reasonable Efforts. During the Closing Period, each Party shall use all reasonable efforts (i) to take, or cause to be taken, all actions necessary to comply promptly with all requirements under this Agreement and all legal requirements which may be imposed on such Party to consummate the Transaction as promptly as practicable, including, but not limited to, making any necessary filings, and (ii) to obtain (and to cooperate with the other Party to obtain) any Consent of any Governmental Authority or any other public or private third party which is required to be obtained or made by such Party in connection with the consummation of the Transaction. Each Party shall promptly cooperate with and promptly furnish information to the other in connection with any such efforts by, or requirement imposed upon, any of them in connection with the foregoing.

(c) Injunctions. If any Governmental Authority of competent jurisdiction issues a preliminary or permanent injunction or temporary restraining order or other order before the Time of Closing which would prohibit or materially restrict or hinder the Closing, each Party shall use all reasonable efforts to have such injunction, decree or order dissolved or otherwise eliminated or to eliminate the condition that formed the basis for such injunction or order, in each case as promptly as possible and, in any event, prior to the Time of Closing.

(d) Operation of the Metered Parking System. During the Closing Period, the City shall operate the Metered Parking System in the ordinary course in a manner consistent with past practice, which shall include using all reasonable efforts to preserve the goodwill of the Metered Parking System and to maintain good business relationships with Persons having business dealings with the Metered Parking System, to maintain the Metered Parking System Assets in normal operating condition and repair in accordance with past practice (ordinary wear and tear excepted), to perform (or cause to be performed) in all material respects all of the City’s obligations under the Metered Parking System Contracts and to cause the Metered Parking System to be operated in all material respects in accordance with all applicable Laws (except to the extent any non-compliance is being contested in good faith by appropriate proceedings and which are disclosed...
to Concessionaire prior to the execution of this Agreement or, if occurring during the Closing Period, within Three (3) Days of the City becoming aware of the non-compliance but in no event less than Three (3) Days prior to Closing), all to the end that the Metered Parking System as a going concern shall be unimpaired and delivered to the Concessionaire at the Time of Closing in a condition not materially worse than the condition as of the date hereof; provided, however, that the City shall not amend, modify, renew, execute or otherwise negotiate any contracts relating to the Metered Parking System or the Metered Parking System Operations after the date hereof up to the Time of Closing without the prior written approval of the Concessionaire. The City, shall, up to and including the Time of Closing, be entitled to all of the cash or cash equivalents in or generated by the Metered Parking System (subject to the terms of Section 2.2(b) in the case of any cash or cash equivalents that are paid prior to the Time of Closing but are allocable to periods after the Time of Closing). Without limiting the foregoing, the City shall not terminate, amend, modify or agree to a waiver of the terms of any Authorization related to the Metered Parking System after the date of this Agreement and before the Time of Closing without the Concessionaire’s consent, which shall not be unreasonably withheld, conditioned or delayed. Upon the Concessionaire’s request, the City will provide the option of continued support by City personnel during a transition period. The Concessionaire would compensate the City at cost for the provision of this transition support. This support would be limited to a maximum of 180 days after the closing. 

(e) **Metered Parking System Contracts.** The Metered Parking System Contracts are listed on Schedule 1. At least Thirty (30) Days prior to the Closing Date, the Concessionaire shall designate any such Metered Parking System Contracts as Metered Parking System Contracts to be assigned to the Concessionaire by the City on the Closing Date. Following the Concessionaire’s designation, the City shall designate any remaining Metered Parking System Contracts that are not to be assigned to the Concessionaire as Metered Parking System Contracts to be retained by the City following the Closing Date (so long as such retained Metered Parking System Contracts do not adversely affect the Concessionaire or the Metered Parking System or otherwise interfere with the operation of the Metered Parking System (or any of the rights or remedies of the Concessionaire hereunder and should not bind the Concessionaire or the Metered Parking System to any obligations)). All other Metered Parking System Contracts shall be terminated by the City, effective at the Time of Closing. Any liability under or related to any Metered Parking System Contract retained by the City following the Closing Date or terminated by the City on the Closing Date (including any liability resulting from the termination thereof), and any liability under or related to any Metered Parking System Contract that is assigned to the Concessionaire on the Closing Date attributable to periods prior to the effectiveness of the assignment thereof to the Concessionaire, shall be solely for the account of the City.

(i) During the Closing Period, each Party shall immediately disclose in writing to the other Party any matter which becomes known to it which is inconsistent in any material respect with any of the representations or warranties contained in Article 9. No such disclosure, however, shall cure any misrepresentation or breach of warranty for the purposes of Section 2.4 or Article 12; and

(ii) During the Closing Period, the City may supplement or amend the Schedules hereto, including one or more supplements or amendments to correct any matter which would constitute a breach of any representation, warranty, covenant or obligation contained herein. No such supplement or amendment shall be deemed to cure any breach for purposes of Section 2.4(a) or, subject to the following sentence, for any other purpose.

(g) **Access to Information.** During the Closing Period, but subject to confidentiality obligations binding on the City with respect to any Person (provided that the City has disclosed to the Concessionaire the existence of the applicable Document that is subject to such confidentiality limitation in order to enable the Concessionaire to evaluate the materiality and significance of the lack of disclosure based on such limitations), the City shall:

   (i) give the Concessionaire and its Representatives reasonable access during normal business hours and on reasonable notice to the Metered Parking System, subject to the City’s policies and regulations regarding safety and security and any other reasonable conditions imposed by the City,

After the Closing Date, the Concessionaire shall at the request of the City, in connection with claims or actions brought by or against third parties based upon events or circumstances concerning the Metered Parking System, (A) provide reasonable assistance in the collection of information or Documents and (B) make the Concessionaire’s employees available when reasonably requested by the City.

and T2 Systems, dated July 31, 2006 in order to ensure a smooth transition of the enforcement aspects of such contract between the Concessionaire and T2 Systems. At the request of the Concessionaire, the City will provide to the Concessionaire, for up to six months following the Closing, the services of any employee whose primary responsibilities relate to the Metered Parking System (or the services of other City employees who are assigned for such purpose). All such services shall be provided for an amount equal to the actual cost to the City (including employment costs and related overhead expenses allocable to such employees, as reasonably determined by the City), which amount shall be billed to the Concessionaire as soon as reasonably practicable following the end of each month and shall be payable by the Concessionaire within Thirty (30) Days of receipt of any such statement, and upon such other reasonable terms and conditions as the City and the Concessionaire may agree.

(i) **Casualty Loss Prior to Closing.** If prior to the Time of Closing, a material casualty loss, destruction or damage to the Metered Parking System has occurred and this Agreement has not been terminated under Section 2.4(d), then the City shall either (i) promptly and diligently repair and rebuild the affected parts of the Metered Parking System to restore them to at least the same condition in which they were before the occurrence of such casualty loss, destruction or damage or (ii) authorize the Concessionaire to repair the Metered Parking System and assign to the Concessionaire all insurance and other proceeds (if any) payable by third-party insurers or other third parties in respect of such casualty loss, destruction or damage and enforce (with the cooperation of the Concessionaire) all of its rights, remedies and privileges under any applicable insurance policies with third-party insurers; provided that if no insurance exists or such insurance proceeds are not sufficient to repair and rebuild the affected parts of the Metered Parking System to its prior condition, then the City shall reimburse the Concessionaire for that amount representing the difference between the cost to repair and the amount of any insurance proceeds.

(j) **Policies of Insurance.** During the Closing Period, the City shall continue in force all applicable policies of insurance maintained by the City in respect of the Metered Parking System. At the Time of Closing, all such policies of insurance shall terminate and the Concessionaire shall be responsible for obtaining insurance for the Metered Parking System in accordance with the terms hereof.

Intended Treatment for Federal and State Income Tax Purposes.** This Agreement is intended for United States federal and state income Tax purposes to be a sale of the Metered Parking System and the Metered Parking System Assets to the Concessionaire and the grant to the Concessionaire of a right for and during the Term to collect and retain Metered Parking Revenue.

**Section 2.7. Closing Deliveries.** At the Time of Closing, each Party shall execute and deliver all assets, agreements, bills of sale, assignments, endorsements, instruments and Documents as are reasonably necessary in the opinion of the other Party to effect the Transaction (and in form and substance that are reasonably satisfactory to such other Party).

Section 3.1. Right to Use and Present Condition.

(a) Right to Use. The City agrees that, subject to the City’s remedies upon a Concessionaire Default, the Concessionaire shall, at all times during the Term, be entitled to and shall have the use of the Metered Parking System and the rights and privileges granted to the Concessionaire hereunder, subject to (i) the provisions contained in this Agreement and (ii) the police and regulatory powers of the City. The City and the Concessionaire acknowledge that the Concessionaire’s rights to use the Metered Parking System, to collect and, subject to the Revenue Share, retain Metered Parking Revenue and Parking Violation Revenue and are subject to the right of the City, in accordance with the terms of this Agreement, to monitor compliance with this Agreement to ensure that the Metered Parking System is used and operated as required by this Agreement. The City shall, at all times during the Term, defend (i) its lawful right to impose fees and charges for the privilege of parking motor vehicles and motorcycles in Metered Parking Spaces and to impose and collect fines for violations of parking rules and regulations related to Metered Parking Spaces and (ii) the rights granted to the Concessionaire hereunder, or any portion thereof, against any Person claiming any interest adverse to the City or the Concessionaire in the Metered Parking System, or any portion thereof, except where such adverse interest arises as a result of the act, omission, negligence, misconduct or violation of Law of the Concessionaire, its Affiliates or their respective Representatives.

(b) Present Condition. Subject generally to the City's representations, warranties and covenants, the Concessionaire understands, agrees and acknowledges that the Concessionaire (i) by the execution of this Agreement, agrees to accept the Metered Parking System "AS IS" at the Time of Closing and (ii) has inspected the Metered Parking System and is aware of its condition and acknowledges that the City neither has made nor is making any representation or warranty, express or implied, regarding the condition of the Metered Parking System (or any part thereof) or its suitability for the Concessionaire’s proposed use, except for representations explicitly provided in Section 9.1(d).

Section 3.2. Metered Parking System Operations.

(a) Use. Except as otherwise specifically provided herein, the Concessionaire shall, at all times during the Term, (i) be responsible for all aspects of the Metered Parking System Operations, and (ii) cause the Metered Parking System Operations to be performed in accordance with the provisions of this Agreement and applicable Law. The Concessionaire shall, at all times during the Term, cause the Metered Parking System to be continuously operational for use during the applicable Periods of Operation by all members of the public except that the Concessionaire shall not be obligated to conduct Metered Parking System Operations with respect to a Metered Parking Space (A) during any period of time
during which the City has suspended Metered Parking System Operations with respect to such Metered Parking Space(s) including, but not limited to, any suspension resulting from a Temporary Closure, (B) as specifically permitted under this Agreement, (C) as required by applicable Law, (D) as necessary to comply with any other requirement of this Agreement (including closures related to the performance of capital improvements or maintenance or repair activities as required by the Operating Standards), (E) as necessary for temporary closures required to address emergencies, public safety, temporary events or closures undertaken to maintain the public way or (F) as necessary to perform maintenance or repairs of the Metering Devices.

(b) **Costs and Expenses.** Except as otherwise specifically provided herein, the Concessionaire shall, at all times during the Term, pay or cause to be paid all costs and expenses relating to the Metered Parking System Operations as and when the same are due and payable.

(c) **Assumed Liabilities.** The Concessionaire agrees to assume and discharge or perform when due, all debts, liabilities and obligations whatsoever relating to the Metered Parking System or the Metered Parking System Operations that occur, arise out of or relate to, or are based on facts or actions occurring, during the Term, but only to the extent such debts, liabilities or obligations do not arise from or relate to any breach by the City of any covenant, representation or warranty set forth in this Agreement (collectively, the "Assumed Liabilities"); provided, however, that the Assumed Liabilities shall not include, and the City shall perform or cause to be performed and discharge or cause to be discharged as and when due, any debts, liabilities and obligations (i) with respect to the City's obligations under this Agreement, (ii) arising out of Metered Parking System Operations (including with respect to any Metered Parking System Contracts) prior to the Time of Closing, (iii) under any Environmental Law, other than to the extent caused by the Concessionaire's ownership or operation of the Metered Parking System during the Term; (iv) under any collective bargaining agreement or related labor agreement; and (v) with respect to any pension or other retiree benefit or medical plan (collectively, the "Excluded Liabilities").

(d) **Right of Entry and Access to the Public Way.** The City hereby grants to the Concessionaire and its Representatives the right to enter upon, in, under, over and across the streets, alleys, sidewalks in the public way, all to such extent and at such times as shall be necessary or desirable for the Concessionaire to access the Metered Parking System (including the Metering Devices and all supporting structures and appurtenances thereto) in order to conduct Metered Parking System Operations, including operating, maintaining, inspecting, repairing and managing Metered Parking System properties, constructing, installing, replacing, testing, dismantling and removing Metering Devices and all supporting structures and appurtenances thereto, interconnecting the same to any electric utility, telephonic or other communication lines, collecting Metered Parking Revenue, and installing monitoring or observation technology or equipment reasonably necessary for
Metered Parking System Operations. The rights granted to the Concessionaire under this Section 3.2(d) do not create a priority in favor of the Concessionaire over any other user of the public way and are subject to the Operating Standards and all provisions of Law, including, but not limited to, applicable City permit requirements, relating to the conduct of a private business or franchise in the public way.

(e) **Issuance of Parking Tickets.**

(i) The Concessionaire (through the Enforcement Operator) and the City's designated law enforcement officers shall have the exclusive right and responsibility, in accordance with this Agreement, to administer Parking Enforcement. The Concessionaire and the City shall cooperate to establish, maintain and undertake the Enforcement Policies and Procedures. The City shall not change the Enforcement Policies and Procedures without the Concessionaire's prior written consent. The Schedule for Parking Fines is set forth in Schedule 5. The Concessionaire shall perform all Parking Enforcement in accordance with the Enforcement Policies and Procedures.

(ii) The City shall remain responsible for the adjudication related to the Parking Enforcement; provided that such adjudication shall be consistent with the historical practices of the City, including a consistent level of parking tickets that are dismissed or appealed.

(iii) The Concessionaire shall have the exclusive right to collect and retain all Parking Violation Revenue during the Term in accordance with Enforcement Policies and Procedures, regardless of whether such Parking Violation Revenue resulted from Parking Enforcement conducted by the Enforcement Operator or the City's designated law enforcement officers.

(iv) The Concessionaire shall delegate its duties under this Section 3.2(e) to a Contractor, reasonably acceptable to the City that may not be the Operator; provided however, any Contractor selected pursuant to this Section 3.2(e) shall be subject to the same restrictions and approval requirements of the Operator in Section 3.3.

(v) The City, through its law enforcement officers, retains the right to perform Parking Enforcement. The Concessionaire shall provide to the City, at the Concessionaire's sole cost and expense, parking ticket books or rolls and other items and materials reasonably necessary to enable the City to perform Parking Enforcement as contemplated by this Section 3.2(e). The City retains the sole right and responsibility to provide all other enforcement of parking rules and violations not listed in the Enforcement Policies and Procedures and Schedule 5. Parking Enforcement performed by the Concessionaire through the Enforcement Contractor pursuant to this Section 3.2(e) shall have the same legal efficacy as Parking Enforcement performed by the City or its Representatives.

(f) **Residential Permits.** The City reserves the right to designate certain on-street parking that are not Metered Parking Spaces as residential parking requiring a Residential Permit, provided that such designation does not materially affect the
Metered Parking System in the surrounding area. In the event there is a dispute as to whether such additional residential parking will materially impact the Concessionaire, the Parties shall submit such dispute for resolution by technical arbitration pursuant to Section 19.7. The Concessionaire shall have the right and option of designating the Concessionaire to have the responsibility for (i) administering the issuance of Residential Permits for a nominal fee to cover the reasonable costs of administration (subject to approval by the City) and (ii) issuing all parking citations for violations of parking rules and regulations related thereto. All fees collected for the issuance of Residential Permits shall be retained by the Concessionaire and all Parking Violations Revenue shall be retained by the Concessionaire. Provided, however, that any Residential Permit programs in operation as of the Effective Date may, at the City's option, be excluded from administration by the Concessionaire (an "Excluded Residential Permit"). Unless otherwise agreed to by the City, the Residential Permits fees shall be a nominal amount that should approximate the amount of the actual cost to issue such Residential Permit.

(g) In order to maximize the return to the City and improve the City’s transportation infrastructure, the City and the Concessionaire may, upon mutual written amendment hereto, agree to provide as part of the Concession additional transportation services which may include the following: parking violation processing services, parking violation collection services, parking enforcement software and equipment including handheld enforcement units and Mobile License Plate recognition Systems (MLPRS), residential parking permit issuance and enforcement system, vehicle detection and directed enforcement technology, and additional technologies that further contribute to the maximization of the overall value of the Parking System such as automated street sweeper enforcement systems, vehicle detection systems, dynamic rate changes, dynamic changes of time durations and days of payment, dynamic messaging and way-finding systems, and directed enforcement technologies. The Concessionaire will make program recommendations and work in tandem with the City to maximize the total value of the Metered Parking System through the deployment of value-enhancing technologies, products, and services, in a manner consistent with the City’s overall policy objectives.

Section 3.3. Operator Engagement.

(a) The Metered Parking System Operations shall, at all times during the Term, be under the direction and supervision of an active operator with the expertise, qualifications, experience, competence, skills and know-how to perform the Metered Parking System Operations in accordance with this Agreement (an "Operator") who may be (but is not required to be) the Concessionaire itself. The Operator on the first Day of the Term shall be the Concessionaire unless the Concessionaire has designated another Person to be the Operator and such Person has been approved in accordance with Section 3.3(b). The Concessionaire shall not engage or appoint a replacement Operator unless the City has Approved such
Operator; provided, however, that a Change in Control of an Operator shall be deemed to be the appointment of a replacement Operator subject to the City’s Approval and (ii) if the City does not provide the Concessionaire with the relevant Approval, the Concessionaire shall be entitled to appoint an interim Operator without the City’s Approval for a period of up to One Hundred Eighty (180) Days from the date of appointment of such interim Operator. The Operator shall at all times be subject to the direction, supervision and control (by ownership, contract or otherwise) of the Concessionaire, and any delegation to an Operator shall not relieve the Concessionaire of any obligations, duties or liability hereunder. The Concessionaire shall immediately notify the City upon the termination or resignation of an Operator. Any agreement between the Concessionaire and any Operator shall by its terms terminate without penalty at the election of the City or the Operator upon Three (3) Business Days notice to such Operator or the City, as applicable, upon the termination of this Agreement. The Operator shall have no interest in or rights under this Agreement or the Metered Parking System unless the Operator is the Concessionaire itself.

(b) **Approval.** The City’s Approval of a proposed replacement Operator may be withheld if the City reasonably determines that the engagement of such proposed Operator is prohibited by applicable Law or such proposed Operator is not capable of performing the Metered Parking System Operations in accordance with this Agreement, which determination may be based upon, or take into account, one or more of the following factors: (i) the financial strength and integrity of the proposed Operator, its direct or indirect beneficial owners and each of their respective Affiliates; (ii) the capitalization of the proposed Operator; (iii) the experience of the proposed Operator in operating on street metered parking systems; (iv) the background and reputation of the proposed Operator, its direct or indirect beneficial owners, each of their respective officers, directors and employees and each of their respective Affiliates (including the absence of criminal, civil or regulatory claims or actions against any such Person and the quality of any such Person’s past or present performance on other projects); and (v) the proposed terms of the engagement of the Operator. The City shall have the right to reasonably condition its Approval of a proposed replacement Operator.

**Section 3.4. Authorizations; Qualifications.**

(a) **Compliance.** The Concessionaire shall obtain, comply with, promptly renew and maintain in good standing all Authorizations; provided, however, that if the Concessionaire is, at any time during the Term, required to obtain any Authorization from a Governmental Authority that the City was not required to obtain in connection with its operation of the Metered Parking System prior to the Time of Closing, the City shall use its reasonable efforts to assist the Concessionaire in obtaining such Authorization. Nothing in this Agreement, including **Section 2.1,** shall be deemed to waive or modify any Authorization required to be obtained by the Concessionaire or any other Person in connection
with the Metered Parking System, the Metered Parking System Operations or any activities generating Metered Parking Revenue.

(b) **Qualifications.** The Concessionaire shall, at all times during the Term, maintain in full force and effect its existence and all qualifications necessary to carry on its business pertaining to the Metered Parking System Operations, including all rights, franchises, licenses, privileges and qualifications required in connection with the Metered Parking System Operations.

Section 3.5. No Encumbrances.

(a) *By the Concessionaire.* The Concessionaire shall not do any act or thing that will create any Encumbrance (other than a Permitted Concessionaire Encumbrance) against the Metered Parking System and shall promptly remove any Encumbrance (other than a Permitted Concessionaire Encumbrance) against the Metered Parking System, unless the Encumbrance came into existence as a result of an act of or omission by the City or a Person claiming through it which in turn was not caused by an act or omission of the Concessionaire. The Concessionaire shall not be deemed to be in default hereunder if the Concessionaire continuously, diligently and in good faith contests any such Encumbrance, or the validity thereof (or causes such contest), by appropriate legal proceedings that shall operate to prevent the foreclosure of any such Encumbrance; provided that the Concessionaire has given (i) advance notification to the City that it is the intent of the Concessionaire to contest the validity or collection thereof or cause such contest and (ii) unless a bond or other security is provided in connection with such proceedings, a satisfactory indemnity to the City or deposited with the City a Letter of Credit, indemnity bond, surety bond, cash or Eligible Investment reasonably satisfactory to the City in an amount equal to the amount of the claim or Encumbrance, plus such interest and penalties, court costs, or other charges as the City may reasonably estimate to be payable by the Concessionaire at the conclusion of such contest or as is required to provide insurance over any potential Encumbrance; provided, however, that in the event such Letter of Credit bond, cash or Eligible Investment shall be so deposited, the same shall be held by the City until such claim or other imposition shall have been released and discharged and shall thereupon be promptly returned to the Concessionaire, less any amounts reasonably expended by the City to procure such release or discharge, or any loss, cost, damage, reasonable attorneys’ fees or expense incurred by the City by virtue of the contest of such Encumbrance.

(b) *By the City.* The City shall not do any act or thing that will create any Encumbrance (other than a Permitted City Encumbrance) against the Metered Parking System and shall promptly remove any Encumbrance (other than a Permitted City Encumbrance) against the Metered Parking System that came into existence as a result of an act of or omission by the City or a Person claiming through the City. The City shall not be deemed to be in default hereunder if the City continuously, diligently and in good faith contests any such Encumbrance, or the validity thereof (or causes such contest), by appropriate legal proceedings that
shall operate to prevent the foreclosure of any such Encumbrance; provided that the City has given advance notification to the Concessionaire that it is the intent of the City to contest the validity or collection thereof or cause such contest and (i) the City shall promptly reimburse the Concessionaire for any and all losses, costs, damages, and reasonable attorney fees or other expenses incurred by the Concessionaire in the contest of such Encumbrance, (ii) the City pays for any and all costs including attorney fees, court fees, penalties and interest associated with contesting the Encumbrances, (iii) the City does not result in a loss of revenue or additional payments, fees or Operating Costs for Concessionaire, unless the amount of loss of Concessionaire’s revenue and/or additional payment, fees or Operating Costs is promptly repaid to the Concessionaire by the City. Section (b) applies to any and all Permitted City Encumbrances as of the Closing Date that result in a change of status such that they no longer meet the definition of Permitted Encumbrances (as defined in this agreement) in any way, including but not limited to, judgments in favor of lien holders, any perfection of any inchoate liens by lien holders or the appearance of any new easements, etc., that were not listed as a City Permitted Encumbrance as of closing, but conditions existed prior to closing.

(c) Removal. Each Party, if requested by the other Party and at such other Party’s costs and expense, shall use its reasonable efforts to assist such other Party in attempting to remove any Encumbrance that has come into existence as a result of an act of or omission by such other Party; provided that nothing herein shall obligate the City to waive, modify or otherwise limit or affect the enforcement by the City of any applicable Law with respect to the Metered Parking System or any activities generating Metered Parking Revenue.

Section 3.6. Single Purpose Covenants. The Concessionaire shall, at all times during the Term, (i) be formed and organized solely for the purpose of owning the Concessionaire Interest and using, possessing, operating and collecting Metered Parking Revenue and Parking Violation Revenue with respect to and otherwise dealing with the Metered Parking System (and carrying out the Metered Parking Services and other activities permitted pursuant to this Agreement (and any activities reasonably incidental thereto)), (ii) not engage in any business unrelated to clause (i) above, (iii) not have any assets other than those related to its activities in accordance with clauses (i) and (ii) above, (iv) except as appropriate for Tax reporting purposes, maintain its own separate books and records and its own accounts, (v) observe all corporate, limited partnership or limited liability company, as applicable, formalities and do all things necessary to preserve its existence, and (vi) not guarantee or otherwise obligate itself with respect to the debts of any other Person.

Section 3.7. Rights of the City to Access and Perform Work on the Metered Parking System.

(a) The City shall have access to the Metered Parking System and each and every part thereof (provided that no access is granted to the cash collections, Metering Device keys and locks) at all reasonable times and upon reasonable prior notice to
perform each of the following at the City’s own cost and expense (other than if pursuant to clause (ii) or (iii)):

(i) to inspect the Metered Parking System or determine whether or not the Concessionaire is in compliance with its obligations under this Agreement or applicable Law pursuant to Section 8.3;

(ii) if a Concessionaire Default then exists, to make any necessary repairs to the Metered Parking System and perform any work therein pursuant to Section 16.1(b)(iii);

(iii) in the event of an emergency or danger that threatens to cause injury to individuals (or damage to property) or to impair the continuous operation of the Metered Parking System or to impair the enforcement of parking violations or traffic control regulations and if the Concessionaire is not then taking all necessary steps to rectify or deal with said emergency or danger, to take actions as may be reasonably necessary to rectify such emergency or danger (in which case, no notice shall be necessary);

(iv) to (A) install, design, manage, maintain, repair and rehabilitate any existing or future utilities or similar services (whether provided by the City or third parties at the City’s instruction) in, on, under, across, over or through the Metered Parking System (including water and sewer lines, power transmission lines, fiber optic cable, other communications and other equipment), and (B) grant easements and rights on, over, under or within the Metered Parking System for the benefit of suppliers or owners of any such utilities or services (provided that notwithstanding the foregoing clauses (A) and (B), the Concessionaire shall have the right, at all times during the Term, to install, design, manage, maintain, repair and rehabilitate utilities or other services for its own account (and not for lease, resale or service to third parties) to the extent that the said utilities or services are necessary for the Metered Parking System Operations); and

(v) to, solely in accordance with the terms hereof, do any other act or thing that the City may be obligated to do or have a right to do under this Agreement;

(vi) provided, however, that the City shall use reasonable efforts to minimize interference with the Metered Parking System Operations or the value of the Metered Parking System Assets in connection with any entry pursuant to this Section 3.7(a).

(b) Access Rights. To the extent that the City undertakes work or repairs under this Section 3.7 or any other provision of this Agreement, such work or repairs shall be commenced and diligently completed in a good and workmanlike manner, in accordance with any applicable Operating Standards and in such a manner as not to unreasonably interfere with the conduct of business in or use of such space.

(c) Effect of Reservation. Any reservation of a right by the City and any of its Representatives, grantees, tenants, licensees and others claiming by, through or under the City to enter the Metered Parking Spaces and to make or perform any repairs, alterations, Restoration or other work in, to, above, or about the Metered Parking System which is the Concessionaire’s obligation pursuant to this
Agreement, shall not be deemed to (i) impose any obligation on the City to do so, (ii) render the City liable to the Concessionaire or any other Person for the failure to do so or (iii) relieve the Concessionaire from any obligation to indemnify the City as otherwise provided in this Agreement. Nothing in this Agreement shall impose any duty upon the part of the City to do any work required to be performed by the Concessionaire hereunder and performance of any such work by the City and any of its Representatives, grantees, tenants, mortgagees, licensees and others claiming by, through or under the City shall not constitute a waiver of the Concessionaire’s default in failing to perform the same.

**Section 3.8. Payment of Taxes.** Except as otherwise provided in this **Section 3.8**, the Concessionaire shall pay when due all Taxes payable during the Term in respect of the use or conduct of business with respect to the Metered Parking System. The City reserves the right, without being obligated to do so, to pay the amount of any such Taxes not timely paid and which are not being contested by the Concessionaire, and the amount so paid by the City shall be deemed additional consideration hereunder, due and payable by the Concessionaire within Twenty (20) Business Days after written demand by the City. The Concessionaire shall have the right to contest in good faith the validity or amount of any Taxes which it is responsible to pay under this **Section 3.8**, provided that (i) the Concessionaire has given prior notice to the City of each such contest, (ii) no contest by the Concessionaire may involve a reasonable possibility of forfeiture or sale of the Metered Parking System, and (iii) upon the final determination of any contest by the Concessionaire, if the Concessionaire has not already done so, the Concessionaire shall pay any amount found to be due, together with any costs, penalties and interest. The Concessionaire shall not be liable for, and the City shall indemnify and hold the Concessionaire harmless from and against, any (A) sales, use or similar Tax imposed by the City or any other unit of local government; (B) transfer, stamp, deed recording or similar Tax imposed by the City by reason of the execution and delivery of this Agreement; (C) Property Taxes; and (D) any Parking Taxes.

**Section 3.9. Utilities.** The Concessionaire shall pay when due all charges (including all applicable Taxes and fees) for gas, electricity, light, heat, power, telephone, water and other utilities and services used in the Metered Parking System Operations or supplied to the Metered Parking System during the Term. Upon request of the City, the Concessionaire shall forward to the City, within Thirty (30) Days following the respective due dates, official receipts, photocopies thereof, or other evidence satisfactory to the City, of the payment required to be made by the Concessionaire in accordance with this **Section 3.9**. The City does not warrant that any utility services will be free from interruptions caused by war, insurrection, civil commotion, riots, acts of God, government action, terrorism, repairs, renewals, improvements, alterations, strikes, lockouts, picketing, whether legal or illegal, accidents, inability to obtain fuel or supplies or any other causes, and any such interruption of utility services in and of itself shall never be deemed an Adverse Action or an eviction or disturbance of the Concessionaire’s use of the Metered Parking System or any part thereof, or render the City liable to the Concessionaire for damages or, unless the same constitutes a Delay Event, relieve the Concessionaire from performance of the Concessionaire’s obligations under this Agreement.
Section 3.10. Notices of Defaults and Claims.

(a) Notice by the Concessionaire. The Concessionaire shall promptly give notice to the City (i) if the Concessionaire becomes aware that a Concessionaire Default has occurred under this Agreement (provided, however, that the failure to give such notice shall not constitute an independent Concessionaire Default) and (ii) of all material claims, proceedings, disputes (including labor disputes) or litigation in respect of the Concessionaire pertaining to the Metered Parking System, the Metered Parking System Operations or the City (whether or not such claim, proceeding or litigation is covered by insurance) of which the Concessionaire is aware (other than as a result of a notice to the Concessionaire from the City). The Concessionaire shall provide the City with all reasonable information requested by it from time to time concerning the status of such claims, proceedings or litigation.

(b) Notice by the City. The City shall promptly give notice to the Concessionaire (i) if the City becomes aware that a City Default has occurred under this Agreement (provided, however, that the failure to give such notice shall not constitute an independent City Default) and (ii) of all material claims, proceedings, disputes (including labor disputes) or litigation in respect of the City pertaining to the Metered Parking System, the Metered Parking System Operations or the Concessionaire (whether or not such claim, proceeding or litigation is covered by insurance) of which the City is aware (other than as a result of a notice to the City from the Concessionaire). The City shall provide the Concessionaire with all reasonable information requested by it from time to time concerning the status of such claims, proceedings or litigation.

Section 3.11. Assignment of Operating Agreements and Plans. At the request of the City, the Concessionaire shall collaterally assign, to the extent reasonably practicable and subject to the terms and conditions herein, to the City, in form and substance satisfactory to the City, all of the right, title and interest of the Concessionaire in, to and under all or any of the Operating Agreements and all present and future specifications, plans, drawings, information and documentation in relation to the Metered Parking System except to the extent any of the foregoing involve proprietary information (collectively, the "Operating Agreements and Plans") as collateral security to the City for the observance and performance by the Concessionaire of its covenants and obligations under this Agreement. The Concessionaire covenants that it shall cause all of the right, title and interest of the Concessionaire in, to and under all Operating Agreements and Plans entered into or created after the Time of Closing to be collaterally assignable to the City for the purposes of this Section 3.11. Without limiting the generality of the foregoing, but subject to the City’s assumption of future liabilities under the Operating Agreements and Plans and to Article 18, the City shall be entitled to use the Operating Agreements and Plans if the City elects to use the Operating Agreements and Plans to remedy a Concessionaire Default under this Agreement. The Concessionaire shall promptly deliver to the City, at the sole cost and expense of the Concessionaire, forthwith after completion or execution and delivery, a copy of each item of the Operating Agreements and Plans.
Section 3.12. City Use of Information and Records. The City shall be entitled to access to all reasonable records, electronic data and other information collected and retained by the Concessionaire with respect to the Metered Parking System Operations to the extent needed by the City in connection with the enforcement of traffic and parking regulations, the identification of parking violations, the imposition and collection of parking fines and the adjudication of parking enforcement cases, and verification of the Revenue Share. The foregoing shall not include Concessionaire’s confidential or proprietary information, including Concessionaire’s cost of operation to provide the Metered Parking Services.

Section 3.13. Metering Devices. The Concessionaire shall be required to maintain and operate the Metering Devices in accordance with the Operating Standards. The Concessionaire will inspect all Metering Devices in a manner designed to identify and promptly repair or replace defective or inoperative Metering Devices. The Concessionaire shall establish a method pursuant to which members of the general public may report inoperative and defective Metering Devices and shall display, at or near each Metering Device, a telephone number and internet address for the reporting of inoperative and defective Metering Devices and other operational problems related to the Metered Parking System and Metered Parking Operations.

Section 3.14. Payments by the City. The Concessionaire acknowledges and agrees that if the City is required under applicable Law of general application to withhold a portion of any payment that the City is obligated to make to the Concessionaire under this Agreement, the City will be deemed to have satisfied such payment obligation to the Concessionaire to the extent of such withholding by the City. If any such withheld amounts are permitted to be paid to the Concessionaire, the City shall pay such amounts to the Concessionaire whenever permitted by Law. Any items and payment amounts that the City is legally required to withhold from the Concessionaire will be listed in Schedule 11 and agreed to by the Concessionaire prior to Closing as a condition of Closing. Prior to withholding any portion of any payment hereunder, the City will give reasonable prior notice to the Concessionaire.

Section 3.15. Naming Rights and Commercial Advertisements and Activities.

(a) The Concessionaire shall have the exclusive naming rights with respect to the Metered Parking System provided that such name must be approved by the City. The City must seek prior City Approval, which shall not be unreasonably withheld, with respect to all commercial advertisements; including (but not limited to) advertising on Metering Devices and advertisements dispensed from Metering Devices. The City retains the exclusive rights with respect to and any other commercial activities at the City’s sole expense, other than the collection of Metered Parking Fees, Temporary Closure Fees and Parking Enforcement Revenues derived from the Metered Parking System. All revenue derived from any advertising or naming rights arising from or related to ideas or concepts proposed by Concessionaire shall be subject to the Revenue Share. The City shall be entitled to all other revenue derived from advertising or naming rights; provided, however, the Concessionaire shall be entitled to compensation on a time and materials basis as reasonably agreed to by the Parties before the execution of any advertising or naming rights
contract or engagement as compensation for Concessionaire’s associated costs, time, and performance.

(b) Notwithstanding the foregoing provisions of this Section 3.15, the Concessionaire grants to the City an exclusive, non-transferable, royalty free license during the Term to use the name chosen for the Metered Parking System together with all existing and future developed logos and marks used in connection with the Metered Parking System Operations.

Section 3.16. Reversion of Metered Parking System. On the Reversion Date, the Concessionaire shall surrender and deliver to the City all of its rights, title and interest in the Metered Parking System (including all improvements to the Metered Parking System, the Metered Parking System Assets and all tangible and intangible personal property of the Concessionaire (including inventories) that is included in the Metered Parking System and used in connection with the Metered Parking System Operations) subject, however, as to any intellectual property included in the Metered Parking System, to any restrictions or prohibitions to disclosure, transfer or sharing thereof and any other rights of third parties with respect thereto, all in accordance with the provisions of Section 16.4. With respect to any third party or proprietary software utilized by the Concessionaire in the operation of the metered parking system at the time of the Reversion Date, the Concessionaire and City will use good faith efforts to provide appropriate license rights and terms to the City for continued operation following reversion.

Section 3.17. Police, Fire, Emergency, and Public Safety Access Rights. Notwithstanding any other provision of this Agreement, at all times during the Term and without notice or compensation to the Concessionaire (i) any police, fire, and emergency services and any other security or emergency personnel retained by or on behalf of the City shall have access, as required by such services or personnel, to the Metered Parking System; and (ii) any Governmental Authority with jurisdiction over the Metered Parking System shall have access to the Metered Parking System as necessary for emergency management and homeland security purposes, including the prevention of or response to a public safety emergency (so long as any exercise of such jurisdiction, to the extent effected by the City, shall be strictly in accordance with the terms hereof).

Section 3.18. Competing Off-Street Parking Facility.

(a) Subject to Section 3.18(b) and Section 3.18(c), the City will not operate, and will not permit the operation of, a Competing Public Parking Facility. A "Competing Public Parking Facility" means any off-street public parking lot or public parking garage that (i) is (A) owned or operated by the City or (B) operated by any Person and located on land owned by the City, or leased to the City, (ii) is within one-quarter (1/4) of a mile of a Metered Parking Space, (iii) is used primarily for general public parking, (iv) has a daily schedule of fees for parking motor vehicles that is (A) with respect to Zones 1, 2 and 3, less than two (2) times the highest Metered Parking Fees then in effect for Metered Parking Spaces in the applicable Zone and (B) with respect to Zone 4, less than one (1) times the highest Metered Parking Fees then in effect for Metered Parking Spaces in Zone 4, and
(v) was not used for general public parking on the effective date of this Agreement.

(b) As used in Section 3.18, the term "Competing Public Parking Facility" does not include (i) any parking lot or parking garage located at, or providing parking for motor vehicles in connection with the regular operations of public buildings and facilities including, but not limited to, any airport, courthouse, correctional facility, police station, fire station, administrative building, public school, public library, public park or recreational facility, public hospital or similar government building; (ii) any parking facility located at, or adjacent to, any sports stadium or sports arena having a seating capacity in excess of Fifteen Thousand (15,000); (iii) park and ride facilities that are used primarily by mass transit passengers; (iv) temporary parking facilities used for Special Events; and (v) any parking facility that is used primarily to provide parking for an affordable housing development or a public housing project.

(c) If the City undertakes or permits a Competing Public Parking Facility in violation of Section 3.18(a), such action shall constitute a Compensation Event requiring the payment of Concession Compensation. Such action shall not constitute a City Default or an Adverse Action.

(d) In the event the City builds a public parking garage in Zone 4 during the Term, the City will agree to institute a Residential Permit program for non-metered parking spaces in and around Zone 4 to be administered by the Concessionaire on terms mutually agreeable to the Parties.

Section 3.19. Employee Parking Program

(a) Legacy Placard Program. All Placards issued prior to the Closing Date shall continue to remain in full force and effect until the later of (i) Thirty (30) days after the Concessionaire has implemented electronic metering in Zones 1, 2 and 4 pursuant to Section 4.4 and (ii) the implementation of the Employee Parking Program. After such time, all Placards shall be null and void. The City represents and warrants that no additional Placards have been issued by the City since the Bid Date and covenants and agrees that no further Placards will be issued by the City prior to Closing or during the Term.

(b) Employee Parking Program. Concessionaire agrees to cooperate with the City to develop a program for certain City, State and Federal employees and officials (as determined by the City) to enable such employees to park in Metered Parking Spaces by use of a pre-paid card, special credit card or similar system (the "Employee Parking Program"). The City shall be charged for the use of the Metered Parking Spaces under the Employee Parking Program in accordance with the fees set forth on Schedule 5; provided that the duration requirements set forth in Section 1(b) of Schedule 5 shall not be applicable to employees using the Employee Parking Program. The cost of implementing and monitoring the Employee Parking Program shall be borne by the Concessionaire. Fees for the
use of the Employee Parking Program shall be paid by the City quarterly within Five (5) Business Days of set-off from the City’s Revenue Share each Quarter after the City’s receipt of the report set forth in Section 3.19(c).

(c) Reporting Requirement. Within Sixty (60) Days after the end of each Quarter, or as soon as reasonably practicable thereafter—Quarter, the Concessionaire shall deliver to the City a report setting forth the use of the Metered Parking Spaces pursuant to the Employee Parking Program, which such report shall be in sufficient detail to allow the Parties to determine the amount owed to Concessionaire by the City and to enable the City to determine the detailed usage of the participants in the Employee Parking Program (i.e. where and for how long each participant parked at a Parking Meter Space).

ARTICLE 4
CAPITAL IMPROVEMENTS

Section 4.1. Concessionaire Responsibility for Capital Improvements. The Concessionaire shall be responsible for all capital improvements with respect to the Metered Parking System required to be completed during the Term in accordance with the terms of this Agreement, including as required by the Operating Standards. Any and all capital improvements for which the Concessionaire will be responsible during the Term that are known as of Closing will be listed on Schedule 12 of this Agreement prior to Closing.

Section 4.2. Authorizations Related to Capital Improvements. The Concessionaire’s obligation to perform capital improvements shall be subject to the issuance by the City of any and all Authorizations to be issued by the City and as required by the City with respect thereto and the City agrees not to unreasonably withhold, condition or delay the issuance of any such Authorizations, and to use its reasonable efforts to assist the Concessionaire in obtaining such Authorizations. Without limiting the generality of the foregoing, the City agrees that it will reasonably assist and cooperate with the Concessionaire in obtaining any and all Authorizations (including any required rights of access over real property that is owned or controlled by the City) in order for the Concessionaire to perform capital improvements.

Section 4.3. City Responsibility for Capital Improvements. The City, at its own cost and expense, shall maintain, repair and rehabilitate any existing or future sidewalks, roads or streets constituting Affected Property under the jurisdiction of the City that provide direct access to or consists of the Metered Parking System in such a manner as to maintain access to and from the Metered Parking System reasonably comparable to that in existence as of the date of this Agreement and in any event to a standard not less than that observed by the City with respect to other public roads. Prior to undertaking any maintenance, repairing or rehabilitation pursuant to this Section 4.3, the City shall first give prompt notice to the Concessionaire and will consult with the Concessionaire as to how to mitigate the effects of such work which is proposed to be carried out.

Section 4.4. Required Payment Options. Any Metered Parking Space with a Metered Parking Fee of One Dollar ($1.00) or more per hour must have a payment option at the point of sale other than the cash payment of the Metered Parking Fee. The Concessionaire shall provide
such payment option by use of a credit card or a debit card or similar electronic methods reasonably acceptable to the City with respect to each Metered Parking Space before any increase of the Metered Parking Fee as set forth on Schedule 5 can occur; provided, however, electronic meters used in Zone 1 (as described on Schedule 5) must be multi-space metering for five or more Metered Parking Spaces. The Concessionaire shall be responsible for all costs associated with such electronic upgrades including the cost of removing the old metering devices and poles and repairing any damage caused by such removal (i.e., repairing the holes remaining after such removal).

ARTICLE 5
MODIFICATIONS

Section 5.1. City Directives. The City may, at any time during the Term, issue a City Directive to the Concessionaire. Subject to the City making available to the Concessionaire sufficient funds to perform the work required to implement such City Directive at or before the time payment for such work is required to be made, and the Concessionaire having obtained (with the cooperation of the City) all relevant Authorizations from all relevant Governmental Authorities required for the relevant work, the Concessionaire shall perform the work required to implement such City Directive, and the City shall pay to the Concessionaire the Concession Compensation with respect thereto. The addition of or the removal of Metered Parking Spaces by the City (including any direction to install or remove Metering Devices) is not a City Directive and shall not result in Concession Compensation as a City Directive, but shall result in Concession Compensation as provided in Article 7.

Section 5.2. Concessionaire Requests. If the Concessionaire wishes at any time during the Term to make a material change in the dimensions, character or quality of any part of the Metered Parking System, then the Concessionaire may submit to the City, for Approval, a Concessionaire Request with respect to such change and shall submit to the City for its Approval specific plans with respect to any such work. The Concessionaire shall not in any event be required to submit a Concessionaire Request, and no Approval shall be required, with respect to any Concessionaire’s actions so long as such actions comply with applicable Operating Standards. The Concessionaire shall be responsible for all amounts required to implement an Approved Concessionaire Request (and any Losses incurred in connection therewith). No Concessionaire Request shall be implemented unless and until such Concessionaire Request has been Approved by the City.

Section 5.3. Performance of Modifications. Subject to the other provisions of this Article 5, the Concessionaire shall ensure that City Directives and Approved Concessionaire Requests are performed in a good and workmanlike manner and diligently complied with and implemented in such manner that the costs (in the case of City Directives only) and delays relating thereto are minimized.

ARTICLE 6
OPERATING STANDARDS

Section 6.1. Compliance with Operating Standards. The Concessionaire shall, at all times during the Term, cause the Metered Parking System Operations to, comply with and
implement the Operating Standards in all material respects (including any changes or modifications to the Operating Standards pursuant to the terms of this Agreement). The Concessionaire shall have in place procedures that are reasonably designed to achieve compliance with the Operating Standards. The Operating Standards shall not be deemed to be violated by imaterial acts or omissions, including an immaterial failure to comply with specific requirements set forth in the Operating Standards other than actions or omissions that endanger the public health or safety. Except as specifically set forth herein, the Concessionaire shall perform all work required to comply with and implement the Operating Standards (including the capital improvements described therein) as part of the Metered Parking System Operations and at its sole cost and expense.

Section 6.2. Proposed Operating Standards. If the Concessionaire, at its cost and expense, wishes to implement and use operating standards other than the Operating Standards, the Concessionaire must provide notice of such proposed operating standards to the City for Approval. The Concessionaire’s proposed operating standards must be accompanied by an explanation of the Concessionaire’s rationale for making its proposal and all relevant supporting information, certificates, reports, studies, investigations and other materials as are necessary to demonstrate that the Concessionaire’s proposed operating standards are reasonably designed to achieve the objectives of the applicable Operating Standards. The City may request any additional supporting information, certificates, reports, studies, investigations and other materials as are reasonably required by the City to determine if the Concessionaire’s proposed operating standards are reasonably designed to achieve the objectives of the applicable Operating Standards. Until the City provides its Approval for the implementation of the Concessionaire’s proposed operating standards, the Concessionaire shall not implement the proposed operating standards and shall implement and comply with the Operating Standards. The Concessionaire’s proposed operating standards shall be deemed incorporated into the Operating Standards upon Approval by the City in accordance with the terms hereof. If the City refuses to Approve any proposed operating standards and the Concessionaire disagrees with such refusal, the Concessionaire may submit the matter to arbitration under the provisions of Article 19.

Section 6.3. Modified Operating Standards.

(a) The City shall have the right, at any time during the Term, to modify or change the Operating Standards upon notice to the Concessionaire where necessary to comply with any new Law (other than a Law of the City) applicable to the Metered Parking System Operations. In the event the City modifies the Operating Standards in accordance with the immediately preceding sentence, the Concessionaire, at its cost and expense, shall perform all work required to implement and shall comply with all such modifications and changes and in no event shall the Concessionaire be excused from compliance with any such modification or change. The Concessionaire shall have the right to challenge pursuant to Article 19 any modified Operating Standard on the grounds that it does not meet the requirement of this Section 6.3(a). Material changes to the Operating Standards, including changes required to comply with 6.3(a), are subject to a Compensation Event and the City will pay the Concessionaire the
Concession Compensation with respect thereto at the time such modification or change was implemented.

(b) If during the Term the City is of the opinion that a modification or change to the Operating Standards is necessary or desirable but such modification or change is not subject to Section 6.3(a), the City may upon reasonable written notice to the Concessionaire modify or change the Operating Standards; provided, however, that the City shall pay to the Concessionaire the Concession Compensation with respect thereto at the time such modification or change is implemented. At the City’s request, the Concessionaire shall perform all work required to implement and shall comply with all such modifications and changes, and in no event shall the Concessionaire be excused from compliance with any such modification or change. The City shall have the right to undertake the work, upon reasonable notice to the Concessionaire, necessary to ensure implementation of and compliance with any such modification or change to the Operating Standards if the Concessionaire fails to do so within a reasonable period of time which in no event shall be less than 30 days; provided, however, that to the extent that such work is undertaken by the City following proper notice to the Concessionaire and Concessionaire’s failure to take reasonable steps in furtherance of the modification or change, the Concessionaire shall pay to the City within ten (10) Business Days following demand therefor, or the City may offset from amounts owing to the Concessionaire in connection with such modification or change, the costs of the portion of the work performed in order to comply with the Operating Standards existing immediately prior to such modification or change, and the City shall be responsible only for the incremental costs of the additional work required in order to implement such proposed modification or change to the Operating Standards and, without duplication with the foregoing, the Concession Compensation with respect to such modification or change.

ARTICLE 7

METERED PARKING REVENUES AND PARKING VIOLATION REVENUES

Section 7.1. Metered Parking Fees. Upon passage of the Metered Parking System Ordinance, the City will have approved and adopted the Schedule of Parking Fees. At or before the Time of Closing, the City shall place in effect the Schedule of Parking Fees. The City acknowledges that the Concessionaire has depended upon representations made by the City regarding the Schedule of Parking Fees now and in the future in its determination of Closing Consideration. If the City does not adjust parking fees in accordance with the provisions of Schedule 5, then a Compensation Event will be deemed to have been enacted and the Concessionaire will receive Concession Compensation with respect thereto at the time the expected rate change did not occur.

Subject to the Revenue Share, the Concessionaire shall, during the Term, have the exclusive right to collect and retain all of the Metered Parking Revenue and Bagging Fees derived from the Metered Parking Spaces and all of the Parking Violation Revenues derived from the Metered Parking Spaces and Residential Permits.
Section 7.2. Designation and Removal of Metered Parking Spaces.

(a) **Designation, Temporary Closure and Removal.** Anytime after the Closing, in the City’s sole discretion, the City shall have the right to designate, temporarily close or remove, from time to time, each Metered Parking Space, subject to the terms of this Article 7. The City shall be restricted from designating new Metered Parking Spaces that are not subject to the terms of this Agreement. The designation of Residential Permits pursuant to Section 3.2(f) shall not be considered a designation of new Metered Parking Spaces. Residential Permits will not be valid for parking in Metered Parking Spaces during the dates and hours that Metered Parking Spaces are to be paid. Nothing in this section shall prevent the Concessionaire from considering the implementation of on-street permitting devices to increase point-of-sale purchases.

(b) **New Metered Parking Spaces.** The Concessionaire shall be obligated to promptly install Metering Devices with respect to all newly designated Metered Parking Spaces, which the City may designate in its sole discretion, after written notification by the City of the designation. New Metering Devices will be ordered within Five (5) Business Days of said notice and will be installed within Five (5) Business Days after delivery and necessary testing of the equipment from the supplier to the Operator’s location. All such Metering Devices shall be owned (or leased) by the Concessionaire during the Term. The installation of Metering Devices shall be undertaken in accordance with the Operating Standards.

(c) **New Metered Parking Spaces in Schedule 3.** The City will be obligated to designate an additional One Hundred Thirty (130) new Metered Parking Spaces as set forth on Schedule 3 effective as of the Closing; provided, however, the Concessionaire may not install Metering Devices for the Metered Parking Spaces located along Massachusetts Avenue until Ninety (90) Days after Closing. If the City does not designate these additional Metered Parking Spaces, then the difference will be considered a Compensation Event and the City must pay Concession Compensation under the terms of this Agreement for as long as such difference exists. Section 7.7 in its entirety is not applicable to the new Metered Parking Spaces referenced in this Section 7.2(c) and are only applicable after these spaces are designated by the City. For purposes of clarity, no Parking Metered Parking Spaces referenced in this section will be Reserved Metered Parking Spaces nor will they match the definition of such.

(d) **Deemed Removal.** Subject to the provisions of Section 7.2(e), a Metered Parking Space shall be deemed to be removed (a “Permanent Removal”) by the City for the purposes of this Article 7 upon the earlier to occur of (i) the receipt of written notice by the City to Concessionaire that such closure is a permanent removal of such Metered Parking Space and (ii) one year of continued closure of the Metered Parking Space if such Metered Parking Space was not otherwise subject to a Bagging Fee during such one year period. If a Metered Parking Space ceases to be designated by the City as a Metered Parking
Space, then the Concessionaire must immediately cease to collect Metered Parking Fees with respect to such parking space and within Five (5) Business Days after notification and, upon the direction of the City, shall proceed to remove all Metering Devices with respect thereto at the City’s cost and expense including repairing any damage caused by such removal (i.e., repairing the holes remaining after such removal).

(e) **Replacement Metered Parking Space.** If a Metered Parking Space is added in a Zone (or other Zone approved by the Concessionaire) within Ninety (90) days before or after a Metered Parking Space in the same Zone is designated for Permanent Removal pursuant to Section 7.2(d), then the City may designate such additional Metered Parking Space as a replacement Metered Parking Space (a "Replacement Metered Parking Space") and such removed Metered Parking Space will not be considered a Permanent Removal or result in a Compensation Event unless the Concessionaire objects in writing as provided in this Section 7.2(e). If a Permanent Removal occurs, the Concessionaire agrees to cooperate with the City in the Ninety (90) day period after such removal to identify and designate a Replacement Metered Parking Space. The Concessionaire shall have six (6) months from the date the Replacement Metered Parking Space become operational to provide written notice to the City of its reasonable objection to the designation of the Metered Parking Space as a Replacement Metered Parking Space which notice shall provide a detailed explanation for such objection along with all applicable data as to why such Replacement Metered Parking Space is not an adequate substitution. If the City agrees with such objection, then the designation of the Metered Parking Space as a Replacement Metered Parking Space shall not be effective and the provisions of Section 7.4 shall apply. If the City disagrees with such objection, then the Parties shall resolve the dispute pursuant to Section 7.10. For purposes of determining whether a new Metered Parking Space should be considered a Replacement Metered Parking Space, the removal and addition of multiple Metered Parking Spaces in a particular Zone shall be considered in the aggregate in such determination and not just individually. By way of example, if Five (5) Metered Parking Spaces are removed in Zone 1 and Ten (10) Metered Parking Spaces are added in Zone 1 during the Ninety (90) Day period after such removal, all of the additional Ten (10) Metered Parking Spaces will be considered Replacement Metered Parking Spaces in determining whether there is an adequate substitution for the removed Metered Parking Spaces. Removal of Metered Parking Spaces, whether or not considered a Permanent Removal and without regard to whether it is a Compensation Event, shall be at the City’s cost and expense including repairing any damage caused by such removal (i.e., repairing the holes remaining after such removal).

**Section 7.3. Notice.** Any designation or removal of a Metered Parking Space by the City pursuant to this Article 7 shall be provided in writing to the Concessionaire prior to such designation or removal.
Section 7.4. Payments for Permanent Removal. The Permanent Removal of Metered Parking Spaces during the Term equal to an aggregate amount that is less than Thirty Percent (30%) of the Metered Parking Spaces in effect as of the Bid Date during the Term, the City may remove up to Two Hundred (200) Metered Parking Spaces ("Meter Removal Basket") without the occurrence of a Compensation Event; provided, however, if the number of Metered Parking Spaces (not including Reserved Metered Parking Spaces) increases by Twenty Percent (20%) or more from the number of Metered Parking Spaces at Closing, the Meter Removal Basket will increase by the same proportion. Such increase, if any, shall be made in January on an annual basis based on the number of Metered Parking Spaces at the end of the prior Year. For example, if the number of Metered Parking Spaces increases by Twenty-Five Percent (25%), then the Meter Removal Basket will increase by Twenty-Five Percent (25%) to Two Hundred Fifty (250) Metered Parking Spaces. If in the subsequent Year, the number of Metered Parking Spaces increases an additional Five Percent (5%) for an aggregate of Thirty Percent (30%), then the Meter Removal Basket will increase by an additional Ten (10) Metered Parking Spaces for an aggregate Meter Removal Basket of Two Hundred Sixty (260). The Permanent Removal of Metered Parking Spaces during the Term in excess of the Meter Removal Basket shall result in a Compensation Event; provided, however, that the City may at its option provide written notice to the Concessionaire that it elects to have the designated Metered Parking Spaces not count towards the Meter Removal Basket in which case it would result in a Compensation Event. The Permanent Removal of Metered Parking Spaces during the Term equal to an aggregate amount of Thirty Percent (30%) of more of Metered Parking Spaces (including the Meter Removal Basket) in effect as of the Bid Date shall result in an Adverse Action or continue to be treated as a Compensation Event in the Concessionaire's continuing sole discretion. In the event of a Compensation Event under this Section 7.4, the Concessionaire shall be entitled to the following Concession Compensation (the "Permanent Removal Payment"):

(a) Lost Revenue prior to the Initial Anniversary. In the event the City removes a Metered Parking Space(s) prior to the first anniversary of the Closing, the Permanent Removal Payment during such period for the Permanent Removals shall be the Present Value of the amount set forth for such Metered Parking Space in the applicable Zone on Schedule 6.

(b) Lost Revenue after the Initial Anniversary. The Permanent Removal Payment for a Permanent Removal for any Year after the first anniversary of the Closing shall be the Present Value of the Permanent Removal Payment calculated using the methodology set forth in Section 1 of Schedule 4.

(c) Lost Parking Violations Revenue. For each Permanent Removal for any Year after the first anniversary of the Closing, the Concessionaire shall be entitled to a portion of the Present Value of the Parking Violations Revenues calculated using the methodology set forth in Section 1 of Schedule 4.

Section 7.5. Adjustments to Removal Payment.

(a) Within Sixty (60) Days after the end of each Quarter, or as soon as reasonably practicable thereafter, the Concessionaire shall deliver to the City a statement setting forth: (i) the aggregate number of Permanent Removals and Replacement
Metered Parking Spaces in each Zone during such Quarter and during the Term, and (ii) the Permanent Removal Payment for each such Permanent Removal calculated in accordance with Section 7.4. The City shall pay the Concessionaire the amount of the Any Permanent Removal Payment within Ten (10) Business Days of receipt of such statement. Any owed pursuant to Section 7.4 shall be set-off from the City's portion of the Revenue Share pursuant to Section 7 of Schedule 2.1.

(b) In the event the City disputes the Concessionaire's Removal Payment Determination, the Parties shall attempt in good faith to determine the final Permanent Removal Payment (the "Final Removal Payment"). In the event the Parties cannot reach an agreement on the Final Removal Payment, they agree to engage a Consultant to determine the Final Removal Payment. In making its determination, the Consultant shall use all data related to such Metered Parking Space(s) collected by Concessionaire up to the date of removal; provided, that if the Consultant is unable to reach a conclusion on this basis, the Consultant shall review such additional information and perform such additional procedures as the Consultant deems reasonably necessary. The determination of the Consultant shall be made as promptly as practicable following the date on which the dispute is submitted, shall be set forth in a written statement delivered to the Parties, and shall be final, binding and conclusive on the Parties. The fees and any expenses of the Consultant shall be paid by the Parties within Fifteen (15) Days of such determination as follows: (a) if the Consultant adopts the position of the City, Concessionaire shall bear such fees and expenses; (b) if the Consultant adopts the position of Concessionaire, the City shall bear such fees and expenses; or (c) if the Consultant adopts a position other than the Concessionaire's or the City's, the City and Concessionaire shall bear such fees and expenses equally. If a retainer is required by the Consultant, the retainer shall be split equally between the Parties; provided, however, that the retainer shall be considered part of the fees and expenses of the Consultant and if either Party has paid a portion of such retainer, that Party will be entitled to be reimbursed by the other Party to the extent required by this Section 7.5(c-b). In the event a Party does not comply with the procedure and time requirements contained herein or such other procedure or time requirements as the Parties otherwise elect in writing, the Consultant shall render a decision based solely on the evidence it has which was timely filed by either of the Parties. The Consultant's resolution of the dispute shall be conclusive and binding upon the Parties and nonappealable.

Section 7.6. Temporary Closure of Metered Parking Spaces.

(a) Administration. The Concessionaire shall be exclusively responsible for the administration and operation of any Temporary Closures in accordance with the Operating Standards. Subject to the Revenue Share, the Concessionaire shall be entitled to collect and retain the applicable Temporary Closure Fee from any Person, including the City, requesting such Temporary Closure in accordance with this Section 7.6.
(b) **Third party Temporary Closure Fee.** Subject to the Revenue Share, the Concessionaire shall charge, collect and retain the applicable Temporary Closure Fee from any Person (other than the City), in advance, in respect of any Temporary Closure requested by such Person in accordance with the Operating Standards.

(c) **City Temporary Closure Fee.** Subject to the Revenue Share, the Concessionaire shall charge, collect and retain the applicable Temporary Closure Fee from the City, quarterly in arrears through a deduction in the City’s Revenue Share for the applicable period, in respect of any Temporary Closure requested by the City in accordance with the Operating Standards; provided, however, that the City shall only be required to pay the Concessionaire the aggregate Temporary Closure Fees in respect of all Temporary Closures in a given Quarter in excess of the Temporary Closure Allowance. Any Temporary Closure of an aggregate duration of greater than Four (4) hours in any Day shall be treated as a Temporary Closure for the entire Day and any Temporary Closure of an aggregate duration of Four (4) hours or less shall be disregarded; provided, however, the systematic closure of a Metered Parking Space for Four (4) hours or less shall be considered a Temporary Closure (i.e., the closing of a Metered Parking Space everyday during rush hour for Four (4) hours or less) and (ii) any closure of a Metered Parking Space for Two (2) hours or less more during 9:00 a.m. - 5:00 p.m., Monday through Friday each week will constitute a Temporary Closure unless such closure is a result of work performed pursuant to Section 3.7(a)(iv) or Section 4.3 in which case the Four (4) hours or less standard shall apply.

**Section 7.7. Additional Metered Parking Spaces.**

(a) During the Term and subject to the provisions of Section 7.2(b), the City may, in its sole discretion designate additional Metered Parking Spaces and each additional Metered Parking Space shall immediately become part of the Metered Parking System; provided however, in the event the City designates an aggregate increase of more than Ten Percent (10%) of additional Metered Parking Spaces in any Zone without the consent of the Concessionaire, then the designation of additional Metered Parking Spaces by the City above Ten Percent (10%) is subject to the Concessionaire's reasonable approval and if Concessionaire determines such addition is not economically viable (such Metered Parking Spaces referred to herein as the "Reserved Metered Parking Spaces"), the City shall be responsible for the initial costs related to the addition of such Reserved Metered Parking Spaces to the Metered Parking System. In either case, the Concessionaire shall promptly undertake to install (if needed) a Metering Device for each such additional Metered Parking Space and to commence Metered Parking System Operations with respect to such Metered Parking Space.

(b) In the case of newly designated Metered Parking Spaces that are not Reserved Metered Parking Spaces (such Metered Parking Spaces, the "Additional Metered Parking Spaces"):  

---
(i) The Concessionaire shall pay all initial costs and expenses related to the such addition of such Additional Metered Parking Spaces to the Metered Parking System, including all costs and expenses related to the acquisition cost of any new Metered Device required in respect thereof and the installation of such Metered Device by the Concessionaire; and

(ii) the Concessionaire shall install (if necessary) a Metering Device for such Additional Metered Parking Space and shall commence Metered Parking System Operations with respect to such Additional Metered Parking Space, in each case, in accordance with the Operating Standards and such Additional Metered Parking Space shall be considered part of the Revenue Share.

(c) In the case of Reserved Metered Parking Spaces,

(i) the City shall pay to the Concessionaire all initial costs and expenses related to the addition of such Reserved Metered Parking Spaces to the Metered Parking System, including all costs and expenses related to the acquisition cost of any new Metered Device required in respect thereof and the installation of such Metered Device by the Concessionaire; and

(ii) the Concessionaire shall install (if necessary) a Metering Device for each such Reserved Metered Parking Space and shall commence Metered Parking System Operations with respect to such Reserved Metered Parking Space, in each case, in accordance with the Operating Standards.

(d) In exchange for performing the Metered Parking System Operations in connection with such Reserved Metered Parking Spaces, the Concessionaire shall pay to the City within Ten (10) Days following the end of each Quarter an amount equal to Seventy-Five Percent (75%) of all Metered Parking Revenue generated from such Reserved Metered Parking Space in such Quarter and retain Twenty-Five Percent (25%) of such Metered Parking Revenue.

Section 7.8. Changes in Parking Rules, Regulations and Adjudication. Any material change to the parking rules, regulation and adjudication (i.e., changes in citation fines, penalties for unpaid parking citation fines, booting, impoundment or vehicle tow away) governing the Metered Parking Spaces or the Residential Spaces or an increase in the Permits shall result in a Compensation Event. In addition, if Thirty Percent (30%) or more of the aggregate number of parking citations appealed above Thirty Percent (30%) of the parking citations appealed in the prior Year that are either validly issued by the Concessionaire in accordance with the Operating Standards or validly issued by the City in any Year are appealed by customers, then such increase shall result in a Compensation Event.
Section 7.9. Compensation for Metered Parking Fee and Period of Operation Adjustments.

(a) Changes in Metered Parking Fees.

(i) Decreases in Metered Parking Fees. Any decrease in the Metered Parking Fee (other than as set forth in Section 7.1 with respect to the Schedule of Parking Fees) or failure to increase rates according to the Schedule of Parking Fees will result in Concession Compensation. A decrease in the Metered Parking Fee in any Year of greater than thirty percent (30%) of the Metered Parking Fee prior to such reduction shall result in an Adverse Action. The Concession Compensation for a reduction in Metered Parking Fees shall be determined pursuant to the methodology set forth in Schedule 4.

(ii) Increases in Metered Parking Fees. The City and Concessionaire shall negotiate, in good faith, the allocation of Metered Parking Revenue resulting from any increase in the Metered Parking Fee (other than the Regular Rate Adjustment) including, but not limited to any special event fees.

(b) Changes in Period of Operation.

(i) Decreases in Period of Operation. Any decrease in the Period of Operation of the Metered Parking Spaces will result in Concession Compensation. A decrease in the Period of Operation in any Year of greater than Thirty Percent (30%) of the applicable Period of Operation prior to such reduction shall result in an Adverse Action. The Concession Compensation for a reduction in Metered Parking Fees shall be determined pursuant to the methodology set forth in Schedule 4.

(ii) Increases in Period of Operation. The City and Concessionaire shall negotiate, in good faith, the sharing of revenues resulting from any increase in the Period of Operation.

(c) Changes in Period of Stay. Due to the difficulty in calculating the impact of a change in the Period of Stay on the Metered Parking Revenue, the City and Concessionaire shall negotiate, in good faith, the sharing of revenues resulting from any increase in the Period of Stay or any Concessionaire Compensation resulting from a decrease in Period of Stay.

(d) Payments. Any Concessionaire Compensation or payments to the City due under this Section 7.9 shall be paid quarterly within Ten (10) Days of the beginning of such calendar quarter, set-off from or credited to the City's portion of the Revenue Share pursuant to Section 7 of Schedule 2.1.

Section 7.10. Right to Challenge. Unless otherwise stated, if a Party objects to any determination made by the other Party pursuant to this Article 7, the objecting Party shall have the right to submit such determination (at any time including after the date of such determination) for resolution by technical arbitration pursuant to Section 19.7.
ARTICLE 8
REPORTING; AUDITS; INSPECTIONS

Section 8.1. Reports.

(a) Incident Management and Notifications. The Concessionaire shall provide notice to the City of all emergencies within Twelve (12) hours of being known to the Concessionaire or the Operator and promptly provide notice to the City of all material accidents and incidents occurring with respect to the Metered Parking System, and of all claims in excess of Twenty Five Thousand Dollars ($25,000) made by or against the Concessionaire, or potential claims in excess of Twenty Five Thousand Dollars ($25,000) that the Concessionaire reasonably expects to make against, or to be made against it by, third parties.

(b) Environmental Incident Management and Notifications. The Concessionaire shall provide notice to the City within twelve (12) hours following the Concessionaire’s becoming aware of the discharge, dumping, spilling (accidental or otherwise) of any reportable quantity, as defined under applicable Environmental Law, of Hazardous Substances occurring with respect to the Metered Parking System, the time, the agencies involved, the damage that has occurred and the remedial action taken. The Concessionaire shall be financially responsible and shall pay the costs and expenses of any remediation required as a result of any such discharge, dumping or spilling of Hazardous Substances caused by the willful misconduct or negligent action of, or permitted by the negligent inaction of, the Concessionaire or any of its Representatives. The Concessionaire shall not be financially responsible for the actions of third parties except for those actions with respect to which the Concessionaire or any of its Representatives shall have had prior knowledge or those actions consented to by the Concessionaire or any of its Representatives.

(c) Financial Reports. The Concessionaire shall deliver to the City within One Hundred Twenty (120) Days after the end of each Year a copy of the audited publicly available financial statement and reports of Xerox Corp. only. The Concessionaire will not be required to divulge its costs or profits under this Concession. The supply of Xerox Corp. financial reports to the City is not deemed to represent a financial guarantee on the part of Xerox Corp.

Section 8.2. Information.

(a) Furnish Information. At the request of the City, the Concessionaire shall, at the Concessionaire’s cost and expense and at any and all reasonable times during the

(c) Assistance for Third Party Claims. The Indemnifier and the Indemnified Party will use all reasonable efforts to make available to the Party which is undertaking and controlling the defense of any Third Party Claim (the "Defending Party"), (i) those employees whose assistance, testimony and presence is necessary to assist the Defending Party in evaluating and in defending any Third Party Claim, and (ii) all Documents, records and other materials in the possession of such party reasonably required by the Defending Party for its use in defending any Third Party Claim, and shall otherwise co-operate with the Defending Party. The Indemnifier shall be responsible for all reasonable expenses associated with making such Documents, records and materials available and for all expenses of any employees made available by the Indemnified Party to the Indemnifier hereunder, which expense shall not exceed the actual cost to the Indemnified Party associated with such employees.
(d) **Settlement of Third Party Claims.** If an Indemnifier elects to assume the defense of any Third Party Claim in accordance with Section 12.4(b), the Indemnifier shall not be liable for any legal expenses subsequently incurred by the Indemnified Party in connection with the defense of such Third Party Claim. However, if the Indemnifier fails to take reasonable steps necessary to defend diligently such Third Party Claim within Thirty (30) Days after receiving notice from the Indemnified Party that the Indemnified Party bona fide believes on reasonable grounds that the Indemnifier has failed to take such steps, the Indemnified Party may, at its option, elect to assume the defense of and to compromise or settle the Third Party Claim assisted by counsel of its own choosing and the Indemnifier shall be liable for all reasonable costs and expenses paid or incurred in connection therewith. The Indemnified Party shall not settle or compromise any Third Party Claim without obtaining the prior written consent of the Indemnifier unless such settlement or compromise is made without any liability to, and does not require any action on the part of, the Indemnifier.

**Section 12.5. Direct Claims.** Any Direct Claim shall be asserted by giving the Indemnifier reasonably prompt notice thereof, but in any event not later than Ninety (90) Days after the Indemnified Party becomes aware of such Direct Claim. The Indemnifier shall then have a period of Thirty (30) Days within which to respond in writing to such Direct Claim. If the Indemnifier does not so respond within such Thirty (30) Day period, the Indemnifier shall be deemed to have rejected such Claim, and in such event the Indemnified Party may submit such Direct Claim to the dispute resolution process set forth in Article 19.

**Section 12.6. Failure to Give Timely Notice.** A failure to give timely notice in accordance with this Article 12 shall not affect the rights or obligations of any Party except and only to the extent that, as a result of such failure, a Party which was entitled to receive such notice was deprived of its right to recover any payment under its applicable insurance coverage or was otherwise directly and materially damaged as a result of such failure. However, this Section 12.6 shall have no effect whatever on the survival provisions set out in Section 9.4 and the rights of the Parties with respect thereto.

**Section 12.7. Reductions and Subrogation.** If the amount of any Loss incurred by an Indemnified Party at any time subsequent to the making of an indemnity payment hereunder (an "Indemnity Payment") is reduced by any recovery, settlement or otherwise under or pursuant to any insurance coverage, or pursuant to any claim, recovery, settlement or payment by or against any other Person, the amount of such reduction (less any costs, expenses (including Taxes) or premiums incurred in connection therewith), together with interest thereon from the date of payment thereof at the Bank Rate, shall promptly be repaid by the Indemnified Party to the Indemnifier. Upon making a full Indemnity Payment, the Indemnifier shall, to the extent of such Indemnity Payment, be subrogated to all rights of the Indemnified Party against any third party in respect of the Loss to which the Indemnity Payment relates. Until the Indemnified Party recovers full payment of its Loss, any and all claims of the Indemnifier against any such third party on account of such Indemnity Payment shall be postponed and subordinated in right of payment to the Indemnified Party’s rights against such third party.
Section 12.8. Payment and Interest. All amounts to be paid by an Indemnifier hereunder shall bear interest at a rate per annum equal to the Bank Rate, calculated annually and payable monthly, both before and after judgment, from the date that the Indemnified Party disbursed funds, suffered damages or losses or incurred a loss, liability or expense in respect of a Loss for which the Indemnifier is liable to make payment pursuant to this Article 12, to the date of payment by the Indemnifier to the Indemnified Party.

Section 12.9. Limitation on Certain Claims. No Claim may be made by the Concessionaire or its Representatives against the City under Section 12.2 for the breach of any representation or warranty made or given by the City in Section 9.1 unless (i) the Loss suffered or incurred by the Concessionaire or its Representatives in connection with such breach is in excess of Ten Thousand Dollars ($10,000) and (ii) the aggregate of all Losses suffered or incurred by the Concessionaire or its Representatives in connection with breaches of representations and warranties in Section 9.1 exceeds Five Hundred Thousand Dollars ($500,000) in the aggregate, in which event the amount of all such Losses in excess of such amount may be recovered by the Concessionaire or its Representatives; provided, however, that the maximum aggregate liability of the City to the Concessionaire or its Representatives, or the Concessionaire to the City and its Representatives, in respect of such Losses shall not exceed ten percent (10%) of the Closing Consideration; provided further that this Section 12.9 shall not apply to Claims for the breach of the representations or warranties in Section 9.1(a), (b), (c), (d), (e), (f) or (g) with respect to the City, and Section 9.2(a), (b), (c), (d), (e), (f), and (g) or to Claims for fraud, intentional misrepresentation or intentional breach of the representations or warranties in Section 9.1 with respect to the City and Section 9.2 with respect to the Concessionaire. The foregoing shall not operate to limit any Concession Compensation or AA-Compensation as otherwise provided for herein.

Section 12.10. Other Matters.

(a) Waiver of Limits. To the extent permissible by applicable law, the Concessionaire waives any limits to the amount of its obligations to defend, indemnify, hold harmless or contribute to any sums due under any Losses, including any claim by any employee of Concessionaire, that may be subject to the Indiana Workers Compensation Act (Indiana Code 22-3-1-1 et seq).

(b) Losses Net of Insurance. For purposes of this Article 12, the amount of any Losses for which indemnification is provided hereunder shall be net of any amounts recovered by the Indemnified Party under insurance policies with respect to such Losses, it being understood that the obligations of the Indemnified Party hereunder shall not be so reduced to the extent that any such recovery results in an increase in the Indemnified Party's insurance premiums, or results in any other additional cost or expense to any such Indemnified Party.

Section 12.11. Offset Rights; Limitations on Certain Damages. Each Party's obligations under this Agreement are subject to, and each Party shall have the benefit of, all defenses, counterclaims, rights of offset or recoupment or other claims and rights, including the right to deduct payments due to the other Party hereunder (collectively, "Offsets") which such Party may have at any time against such other Party (or any of their respective successors and
assigns) or any transferee or assignee of any such other Party’s rights as against such Party or any part thereof or interest therein contingent or otherwise, and no transfer or assignment of this Agreement or any other obligation of such other Party, or of any rights in respect thereof, pursuant to any plan of reorganization or liquidation or otherwise shall affect or impair the availability to each Party of the Offsets.

(a) In no event shall any Party be liable to the other Party under this Agreement for consequential, indirect, exemplary or punitive damages (except for claims for fraud or for intentional misrepresentation or intentional breach).

Section 12.12. Survival. This Article 12 shall remain in full force and effect in all circumstances and shall not be terminated by any breach (fundamental, negligent or otherwise) by any Party of its representations, warranties or covenants hereunder or by any termination or rescission of this Agreement by any Party.

ARTICLE 13 INSURANCE

Section 13.1. Insurance Coverage Required. The Concessionaire shall provide and maintain at the Concessionaire’s own expense, or cause to be maintained, during the Term and during any time period following expiration if the Concessionaire is required to return and perform any additional work, the insurance coverages and requirements specified below, insuring the Metered Parking System and all Metered Parking System Operations (the "Required Coverages"). Required limits may be achieved through a combination of primary and excess liability insurance.

(a) Workers’ Compensation and Employer’s Liability. The Concessionaire shall provide or cause to be provided Workers’ Compensation Insurance, as prescribed by applicable Law, covering all employees who agree to provide a service under this Agreement and Employer’s Liability Insurance coverage with limits of not less than One Million Dollars ($1,000,000) for each accident or illness or disease.

(b) Commercial General Liability (Primary and Umbrella). The Concessionaire shall provide or cause to be provided Commercial General Liability Insurance or equivalent with limits of not less than Ten Million Dollars ($10,000,000) per occurrence for bodily injury, personal injury and property damage liability. Coverage shall include the following: all premises and operations, products/completed operations, separation of insureds, defense and contractual liability. The City is to be included as an additional insured on a primary, non-contributory basis for any liability arising under or in connection with this Agreement.

(c) Automobile Liability (Primary and Umbrella). When any motor vehicles (owned, non-owned or hired) are used in connection with work to be performed, the Concessionaire shall provide or cause to be provided Automobile Liability Insurance with limits of not less than Five Million Dollars ($5,000,000) per
occurrence or accident for bodily injury and property damage. The City is to be included as an additional insured on a primary, non-contributory basis.

(d) **Professional Liability.** When any architects, engineers, construction managers or any other professional consultants perform work in connection with this Agreement, Professional Liability Insurance covering the Concessionaire's negligent acts, errors or omissions shall be maintained with limits of not less than One Million Dollars ($1,000,000) per claims made basis. When policies are renewed or replaced, the policy retroactive date shall coincide with, or precede, start of work in connection with this Agreement. A claims-made policy which is not renewed or replaced shall have an extended reporting period of Two (2) Years.

(e) **Property.** The Concessionaire shall be responsible for all loss or damage to the Metered Parking System during the Term at full replacement cost unless such loss or damage was caused by, or resulted from any action by, the City or any of its Representatives. The Concessionaire shall be responsible for all loss or damage to City property during the Term caused by, or resulting from any action by, the Concessionaire or any of its Representatives at full replacement cost. The Concessionaire shall be responsible for all loss or damage to personal property (including materials, equipment, tools and supplies) owned, rented or used by the Concessionaire unless such loss or damage was caused by, or resulted from any action by, the City or any of its Representatives. The Concessionaire shall not be required to have, obtain or maintain insurance coverage for property loss or damage to City property.

(f) **Railroad Protective Liability.** When any work is to be done adjacent to or on railroad or transit property and if such insurance is required, the Concessionaire shall provide, with respect to the operations that the Concessionaire or Contractors perform, Railroad Protective Liability Insurance in the name of the applicable railroad or transit entity. The policy shall have limits of not less than the requirement of the operating railroad for losses arising out of injuries to or death of all persons, and for damage to or destruction of property, including the loss of use thereof. If such work is subcontracted out to contractors or subcontractors, then Concessionaire shall not be required to maintain such insurance but may instead require its contractors or subcontractors performing the work adjacent to or on railroad or transit property to carry such railroad liability insurance.

Section 13.2. Additional Requirements.

(a) **Evidence of Insurance.** The Concessionaire shall deliver or cause to be delivered to the City, and any other such City Department designated in writing by the City, original standard ACCORD form Certificates of Insurance evidencing the Required Coverages on or before the Closing Date, and shall provide or cause to be provided, promptly following renewal and not more than Five (5) Business Days following renewal of the then current coverages (or such other period as is
agreed to by the City), Renewal Certificates of Insurance, or such similar evidence, if such coverages have an expiration or renewal date occurring during the Term. The receipt of any certificate does not constitute agreement by the City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements of this Agreement. The failure of the City to obtain certificates or other insurance evidence from the Concessionaire shall not be deemed to be a waiver by the City. The Concessionaire shall advise all insurers of provisions of this Agreement regarding insurance. Non-conforming insurance shall not relieve the Concessionaire of the obligation to provide insurance as specified herein. Except as otherwise expressly set forth herein, each Required Coverage may be reviewed by the City for compliance with the terms of this Agreement. Each Required Coverage shall be signed by the insurer responsible for the risks insured against or by the insurer’s authorized representative. All Required Coverages shall be placed with insurers licensed to do business in the State of Indiana; provided that all such insurers, at a minimum, shall have a rating of A(VII) or better by A.M. Best Company (unless the City consents to waive this requirement).

(b) Notice of Cancellation or Violation. All Required Coverages shall provide for Thirty (30) Days (or in the case of cancellation for non-payment of premiums, Ten (10) Days) prior written notice to be given to the City by the insurer in the event coverage is canceled or non-renewed. The City shall be permitted (but not obligated) to pay any delinquent premiums before the cancellation date specified by the insurer in any notice of cancellation for non-payment of premium in order to maintain such coverage in full force and effect and the Concessionaire shall reimburse the City for any delinquent premiums paid by the City on demand without any Days of grace and without prejudice to any other rights and remedies of the City hereunder. The Concessionaire shall maintain the Required Coverage while performing the work for this Agreement.

(c) Deductibles. All Required Coverages may contain deductibles or self-insured retentions. Any and all deductibles or self-insured retentions on Required Coverages shall be borne by the Concessionaire or its Contractors and subcontractors shall be responsible for its own deductibles and/or self-insured retentions.

(d) Inflation Adjustment. The amounts of coverage required by Section 13.1 shall be reasonably Adjusted for Inflation each succeeding fifth anniversary of the Closing Date. However, any such requested increase shall be subject to negotiations with Concessionaire.

(e) Waiver of Subrogation by Insurers. The commercial general liability and business automobile liability insurance shall include a waiver by the insurer of its rights of subrogation against the City, its employees, elected officials, or representatives.
(f) *City’s Right to Insure.* If the Concessionaire fails to obtain and maintain or cause to be obtained and maintained the insurance required by this Article 13, the City shall have the right (without any obligation to do so), upon Two (2) Business Days’ notice to the Concessionaire in a non-emergency situation or forthwith in an emergency situation and without assuming any obligation in connection therewith, to effect such insurance and all costs and expenses of the City in connection therewith shall be payable by the Concessionaire to the City on demand without any Days of grace and without prejudice to any other rights and remedies of the City hereunder. Such insurance taken out by the City shall not relieve the Concessionaire of its obligations to insure hereunder and the City shall not be liable for any loss or damage suffered by the Concessionaire in connection therewith.

(g) *No Limitation as to Concessionaire Liabilities.* The Concessionaire expressly understands and agrees that any coverages and limits furnished by the Concessionaire shall in no way limit the Concessionaire’s liabilities and responsibilities specified within this Agreement or by Law.

(h) *No Contribution by City.* The Concessionaire expressly understands and agrees that any insurance or self-insurance programs maintained by the City shall not contribute with insurance provided by the Concessionaire under this Agreement.

(i) *Insurance Not Limited by Indemnification.* The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

(j) *Insurance Requirements of Contractors and Subcontractors.* The Concessionaire shall require in each contract with any Contractor or subcontractor that such Contractor obtain coverages reasonably comparable to the Required Coverages that are reasonably appropriate in their limits and other terms and conditions to the nature of the contract with the Contractor. Such coverages shall insure the interests of the City, its employees, elected officials and representatives, the Concessionaire and any other Contractors in respect of the applicable work being performed and shall be subject to the same (or comparable) coverage and administrative requirements as are imposed on the Concessionaire pursuant to this Agreement. When requested to do so by the City, the Concessionaire shall provide or cause to be provided to the City Certificates of Insurance with respect to such insurance coverages or such other evidence of insurance, as may be reasonably acceptable in form and content to the City.

(k) *Cooperation.* The City and the Concessionaire shall do all acts, matters and things as may be reasonably necessary or required to expedite the adjustment of any loss or damage covered by insurance hereunder so as to expedite the release and dedication of proceeds of such insurance in the manner and for the purposes herein contemplated.
(I) **City’s Right to Modify.** The City shall have the right to modify, delete, alter or change insurance coverage requirements set forth in Section 13.1 (other than any property insurance, which pursuant to Section 13.1(f) is not required to be maintained) and this Section 13.2. Notwithstanding anything to the contrary, any change to the types or limits of contractually required insurance coverage shall be subject to mutual agreement of the Parties.

**Section 13.3. Damage and Destruction.**

Section 13.3. (a) **Obligations of Concessionaire.** **Damage and Destruction.** If all or any part of any of the Metered Parking System shall be destroyed or damaged during the Term in whole or in part by tornado or other casualty of any kind or nature (including any casualty for which insurance was not obtained or obtainable), ordinary or extraordinary, foreseen or unforeseen, the Concessionaire shall: (i) give the City notice thereof promptly after the Concessionaire receives actual notice of such casualty; and (ii) at its sole cost and expense, whether or not insurance proceeds, if any, shall be equal to the estimated cost of repairs, alterations, restorations, replacement and rebuilding (the "Casualty Cost"), proceed diligently to repair, restore or rebuild the same to the condition existing prior to the happening of such fire or other casualty (any such activity being a "Restoration").

**ARTICLE 14**

**ADVERSE ACTIONS**

Section 14.1. **Adverse Action.**

(a) An "Adverse Action" shall occur if the City (or any subdivision or agency of any of the foregoing) takes any action or actions at any time during the Term (including enacting any Law) and the effect of such action or actions, individually or in the aggregate, is reasonably expected (i) to be principally borne by the Concessionaire and (ii) to have a Material Adverse Effect, except where such action is in response to any act or omission on the part of the Concessionaire that is illegal (other than an act or omission rendered illegal by virtue of the Adverse Action) or such action is otherwise permitted under this Agreement; provided, however, that none of the following shall be an Adverse Action: (A) subject to Section 3.8, the development, redevelopment, construction, maintenance, modification or change in the operation of any existing or new parking facility or mode of parking or of transportation (including a road, street or highway) whether or not it results in the reduction of Metered Parking Revenue or in the number of vehicles using the Metered Parking System, (B) the imposition of a Federal Tax of general application or an increase in Federal Taxes of general application, including Federal parking Taxes of general application imposed on customers or operators of parking facilities; or (C) subject to Section 7.4, Article 7, the addition or removal of Metered Parking Spaces in accordance with Article 7. Notwithstanding the foregoing, the imposition of any parking Taxes of general application imposed on customers or operators of parking facilities by the State of Indiana shall be considered an Adverse Action, provided that City shall be liable for only Fifty Percent (50%) of any AA-Compensation pursuant to Section...
14.1(b)(i) or in the event of a termination pursuant to Section 14.1(b)(ii), the City shall be liable for only Fifty Percent (50%) of the Metered Parking System Concession Value.

(b) If an Adverse Action occurs, the Concessionaire shall have the right to (i) be paid by the City the Concession Compensation with respect thereto (such Concession Compensation, the "AA-Compensation") or (ii) terminate this Agreement and be paid by the City the Metered Parking System Concession Value, in either case by giving notice in the manner described in Section 14.1(c).

c) If an Adverse Action occurs, the Concessionaire shall give notice (the "AA-Preliminary Notice") to the City within Thirty (30) Days following the date on which the Concessionaire first became aware of the Adverse Action stating an Adverse Action has occurred. Within One Hundred Eighty (180) Days following the date of delivery of the AA-Preliminary Notice, the Concessionaire shall give the City another notice (the "AA-Notice") setting forth (i) details of the material adverse effect of the said occurrence on the fair market value of the Concessionaire Interest, (ii) a statement as to which right in Section 14.1(b) the Concessionaire elects to exercise, and (iii) if the Concessionaire elects to exercise the right to Concession Compensation under Section 14.1(b), the amount claimed as AA-Compensation and details of the calculation thereof. The City shall, after receipt of the AA-Notice, be entitled by notice delivered to Concessionaire no later than Thirty (30) Days following the date of receipt of the AA-Notice, to require the Concessionaire to provide such further supporting particulars as the City may reasonably consider necessary. If the City wishes to dispute the occurrence of an Adverse Action or the amount of AA-Compensation, if any, claimed in the AA-Notice, the City shall give notice of dispute (the "AA-Dispute Notice") to the Concessionaire within Thirty (30) Days following the date of receipt of the AA-Notice stating in reasonable detail the grounds for such dispute. If neither the AA-Notice nor the AA-Dispute Notice has been withdrawn within Thirty (30) Days following the date of receipt of the AA-Dispute Notice by the Concessionaire, the matter shall be submitted to the dispute resolution procedure in Article 19.

(d) If the Concessionaire has elected to exercise its right to AA-Compensation, the City shall pay the amount of Concession Compensation claimed to the Concessionaire within Sixty (60) Days following the date of receipt of the AA-Notice, or if a AA-Dispute Notice has been given, then not later than Sixty (60) Days following the date of determination of the AA-Compensation. If the City can provide adequate documentation and information to the Concessionaire, such that it can prove to the Concessionaire's satisfaction that the City does not have adequate capital in order to provide immediate payment of the AA-Compensation than the Parties will formulate a payment plan, so long as the terms of the payment plan does not exceed One Hundred Twenty (120) days from when the original payment was otherwise due under this Agreement.
Section 14.2. Termination.

(a) If the Concessionaire has elected to exercise its right to terminate this Agreement in connection with an Adverse Action pursuant to Section 14.1 this Agreement, subject to Section 14.2(c) and Section 14.4, shall terminate Sixty (60) Days following the date of receipt of the AA-Notice by the City, and the City shall pay an amount equal to the aggregate of (i) the Metered Parking System Concession Value as of the date of such termination (which shall be determined as if no Adverse Action has occurred), plus (ii) without duplication, the reasonable out-of-pocket and documented costs and expenses incurred by the Concessionaire as a result of such termination, plus any transition assistance the Concessionaire provides to the City at agreed upon market rates per Day for a period no longer than Sixty (60) Days beyond the Reversion Date, plus (iii) the Concession Compensation calculated for the period between the date of the Adverse Action and the date of termination less (iv) any insurance or condemnation proceeds received by the Concessionaire in respect of all or any portion of the Metered Parking System as a result of such Adverse Action, (collectively, the "Termination Damages") to the Concessionaire on the Reversion Date or, if the Termination Damages are determined on a date subsequent to the Reversion Date, then not later than Thirty (30) Days following the date of determination of the Termination Damages; provided, however, that any amounts received by the Concessionaire from any insurance policies payable as a result of damage or destruction to the Metered Parking System that has not been remedied prior to the Reversion Date, shall, to the extent not used to remedy such effects, be deducted from the amount payable by the City to the Concessionaire, so long as the City has not received any such amounts pursuant to Section 13.3(b).

(b) Any dispute arising out of the determination of the Termination Damages shall be submitted to the dispute resolution procedure in Article 19.

(c) Payment of the entire sum of Termination Damages or the AA-Compensation, as the case may be, by the City to the Concessionaire, shall constitute full and final satisfaction of all amounts that may be claimed by the Concessionaire for and in respect of the occurrence of the Adverse Action, as the case may be, and, upon such payment, the City shall be released and forever discharged by the Concessionaire from any and all liability in respect of such Adverse Action.

Section 14.3. Right of City to Remedy. If the City wishes to remedy the occurrence of an Adverse Action, the City shall give notice thereof to the Concessionaire within thirty (30) Days following the date of receipt of the AA-Notice. If the City gives such notice it must
remedy the applicable Adverse Action within One Hundred Eighty (180) Days following the date of receipt of the AA-Notice or, if a AA-Dispute Notice has been given, within One Hundred Eighty (180) Days following the final award pursuant to Article 19 to the effect that an Adverse Action occurred. If the City elects to remedy the occurrence of an Adverse Action within the applicable period of time, the right of the Concessionaire shall be limited to a claim for AA-Compensation with respect to such Adverse Action.

**Section 14.4. Other Actions by Governmental Authorities.** In the event that any Governmental Authority (other than the City (or any subdivision or agency of any of the foregoing)) proposes to take any action at any time during the Term (including or enacting any Law) and the effect of such action is reasonably expected (i) to be principally borne by the Concessionaire (and not by others) and (ii) to have a Material Adverse Effect, except where such action is in response to any act or omission on the part of the Concessionaire that is illegal (other than an act or omission rendered illegal by virtue of an Adverse Action or such action by any such other Governmental Authority), then at the request of the Concessionaire, the City shall use its reasonable efforts to oppose and challenge such action by any such other Governmental Authority; provided, however, that all reasonable out-of-pocket costs and expenses incurred by the City in connection with such opposition or challenge shall be borne by the Concessionaire.

**ARTICLE 15**

**DELAY EVENTS AND CONCESSION COMPENSATION**

**Section 15.1. Delay Events.**

(a) If the Concessionaire is affected by a Delay Event, it shall give notice as soon as practicable but in no event later than Five (5) Business Days following the date on which it first became aware of such Delay Event and the resulting delay to the City (provided that in the case of such Delay Event being a continuing cause of delay, only one notice shall be necessary), which notice shall include (i) a statement of which Delay Event the claim is based upon, (ii) details of the circumstances from which the delay arises and (iii) an estimate of the delay in the performance of obligations under this Agreement attributable to such Delay Event and information in support thereof, if known at that time. The City shall, after receipt of any such notice, be entitled by notice to require the Concessionaire to provide such further supporting particulars as the City may reasonably consider necessary.

(b) The Concessionaire shall notify the City within Five (5) Business Days following the date on which it first became aware that a Delay Event has ceased.

(c) Subject to the Concessionaire giving the notice required in Section 15.1(a), a Delay Event shall excuse the Concessionaire from whatever performance is prevented by the Delay Event referred to in such notice for such appropriate number of Days as the City and the Concessionaire jointly determine, each acting reasonably. If the City and the Concessionaire cannot agree upon the period of extension, then either Party shall be entitled to refer the matter to the dispute resolution procedure in Article 19. This Section 15.1(c) shall not excuse the
Concessionaire from the performance and observance under this Agreement of all obligations and covenants not affected by the Delay Event. Notwithstanding the occurrence of a Delay Event, the Concessionaire shall continue its performance and observance under this Agreement of all of its obligations and covenants to the extent that it is reasonably able to do so and shall use its reasonable efforts to minimize the effect and duration of the Delay Event. Nothing herein shall permit or excuse noncompliance with a change to applicable Laws.

(d) Except as provided in the immediately following sentence, if a Delay Event occurs that has the effect of causing physical damage or destruction to a material part of the Metered Parking System that results in the Metered Parking System being substantially unavailable for the provision of Metered Parking Services and such effect continues for a period in excess of One Hundred Twenty (120) Days (contiguous or non-continuous within a Three Hundred Sixty (360)-day period) and has a Material Adverse Effect, or if insurance policies payable (or that should have been payable but for the breach of an obligation to take out and maintain such insurance policy by the Concessionaire) or condemnation or other similar proceeds are insufficient to restore the Concessionaire to the same economic position as it would have been in the absence of such event, then, notwithstanding Section 2.1, the Concessionaire shall have the right to extend the Term for a period that would be sufficient so to compensate the Concessionaire and to restore it to the same economic position as it would have been in had such Delay Event not occurred (a "Delay Event Remedy").

(e) If the Concessionaire elects to exercise the right to the Delay Event Remedy, the Concessionaire shall give notice ("Delay Event Notice") to the City within five (5) Business Days following the date on which the Concessionaire first became aware of its right to the Delay Event Remedy occurring setting forth (i) the details of the Delay Event and its effect on either causing physical damage or destruction to the Metered Parking System that results in the Metered Parking System being substantially unavailable for the provision of Metered Parking Services or suspending the collection of Metered Parking Fees at the Metered Parking System, (ii) the amount claimed as compensation to restore the Concessionaire to the same economic position as it would have been in had such Delay Event not occurred (including the details of the calculation thereof) and (iii) the details of the relationship between such compensation and the Delay Event Remedy that it proposes. The City shall, after receipt of the Delay Event Notice, be entitled by notice to require the Concessionaire to provide such further supporting particulars as the City may reasonably consider necessary. If the City wishes to dispute the occurrence of a Delay Event or the Delay Event Remedy claimed in the Delay Event Notice, the City shall give notice to dispute (the "Delay Event Dispute Notice") to the Concessionaire within Thirty (30) Days following the date of receipt of the Delay Event Notice stating the grounds for such dispute, and if neither the Delay Event Notice nor the Delay Event Dispute Notice has been withdrawn within Thirty (30) Days following the date of receipt of the Delay
Event Dispute Notice by the Concessionaire, the matter shall be submitted to the dispute resolution procedure in Article 19.

Section 15.2. Relationship to Compensation Event. Section 15.1 shall not prevent the Concessionaire from receiving Concession Compensation or any other compensation from the City provided for in this Agreement for any Delay Event that constitutes a Compensation Event pursuant to the terms of this Agreement.

Section 15.3. Payment of Concession Compensation.

(a) Except as provided elsewhere in this Agreement, if a Compensation Event occurs, the Concessionaire shall give notice (the "CE-Preliminary Notice") to the City within Thirty (30) Days following the date on which the Concessionaire first became aware of the Compensation Event stating that a Compensation Event has occurred. Within Thirty (30) Days following the date of delivery of the CE-Preliminary Notice, the Concessionaire shall give the City another notice (the "CE-Notice") setting forth (i) details of the Compensation Event, including an explanation of the reasons that the event constitutes a Compensation Event under the terms of this Agreement and (ii) the amount claimed as Concession Compensation and details of the calculation thereof in accordance with the calculation methodology set forth in the definition of "Concession Compensation"; provided, that the failure by the Concessionaire to timely deliver the CE-Preliminary Notice or the CE-Notice shall not limit its remedies hereunder or otherwise reduce the amount of the Concession Compensation, except to the extent such failure materially prejudices the City, and in any such case such remedies or amount shall only be limited or reduced to the extent of such prejudice.

(b) All Concession Compensation due to the Concessionaire shall be due and payable by the City within Thirty (30) Days of the CE-Notice.

(c) If the City wishes to dispute the occurrence of a Compensation Event or the amount of Concession Compensation claimed in the CE-Notice issued by the Concessionaire in accordance with Section 15.3(a), then the City shall give notice of dispute (the "CE-Dispute Notice") to the Concessionaire within Thirty (30) Days following the date of receipt of the CE-Notice stating the grounds for such dispute. If the CE-Dispute Notice has not been withdrawn within Thirty (30) Days following the date of receipt of the CE-Dispute Notice by the Concessionaire, the matter shall be submitted to the dispute resolution procedure set forth in Article 19. Notwithstanding the foregoing, the City shall pay to the Concessionaire any undisputed portion of the Concession Compensation in accordance with the terms of this Agreement during the pendency of any dispute regarding a disputed portion of the Concession Compensation.
ARTICLE 16
DEFAULTS; LETTERS OF CREDIT

Section 16.1. Default by the Concessionaire.

(a) Events of Default. The occurrence of any one or more of the following events during the Term shall constitute a "Concessionaire Default" under this Agreement:

(i) if the Concessionaire materially fails to comply with, perform or observe any material obligation, covenant, agreement, term or condition in this Agreement, and such failure continues unremied for a period of Ninety (90) Days following notice thereof (giving particulars of the failure in reasonable detail) from the City to the Concessionaire or for such longer period as may be reasonably necessary to cure such failure, provided, in the latter case, that the Concessionaire has demonstrated to the satisfaction of the City, that (A) it is proceeding, and will proceed, with all due diligence to cure or cause to be cured such failure, (B) its actions can be reasonably expected to cure or cause to be cured such failure within a reasonable period of time acceptable to the City, and (C) such failure is in fact cured within such period of time;

(ii) if this Agreement or all or any portion of the Concessionaire Interest is Transferred in contravention of Article 17 and such Transfer or action continues unremied for a period of ten (10) Business Days following notice thereof from the City to the Concessionaire;

(iii) if the Concessionaire fails to comply with the requirements or directives of a final award in a matter submitted to dispute resolution in accordance with Article 19, and such failure continues unremied for a period of Thirty (30) Days following notice thereof from the City to the Concessionaire, or for such longer period as may be reasonably necessary to cure such failure, provided, in the latter case, that the Concessionaire has demonstrated to the satisfaction of the City, that (A) it is proceeding, and will proceed, with all due diligence to cure or cause to be cured such failure, (B) its actions can be reasonably expected to cure or cause to be cured such failure within a reasonable period of time acceptable to the City, and (C) such failure is in fact cured within such period of time;

(iv) if the Concessionaire (A) admits, in writing, that it is unable to pay its debts as such become due, (B) makes an assignment for the benefit of creditors, (C) files a voluntary petition under Title 11 of the U.S. Code, or if such petition is filed against it and an order for relief is entered, or if the Concessionaire files any petition or answer seeking, consenting to or acquiescing in any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under the present or any future U.S. Bankruptcy Code or any other present or future applicable Law, or shall seek or consent to or acquiesce in or suffer the appointment of any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the Concessionaire or of all or any substantial part of its properties or of the Metered Parking System or any interest therein, or (D) takes any corporate action in furtherance of any action described in this Section 16.1(a)(iv);

(v) if within ninety (90) Days after the commencement of any proceeding against the Concessionaire seeking any reorganization, arrangement, composition, readjustment,
liquidation, dissolution or similar relief under the present or any future U.S. bankruptcy code or any other present or future applicable Law, such proceeding has not been dismissed, or if, within Ninety (90) Days after the appointment, without the consent or acquiescence of the Concessionaire, of any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the Concessionaire or of all or any substantial part of its properties or of the Metered Parking System or any interest therein, such appointment has not been vacated or stayed on appeal or otherwise, or if, within Ninety (90) Days after the expiration of any such stay, such appointment has not been vacated;

(vi) if a levy under execution or attachment has been made against all or any part of the Metered Parking System or any interest therein as a result of any Encumbrance (other than a Permitted Concessionaire Encumbrance) created, incurred, assumed or suffered to exist by the Concessionaire or any Person claiming through it, and such execution or attachment has not been vacated, removed or stayed by court order, bonding or otherwise within Sixty (60) Days after the Concessionaire becomes aware of such levy, unless such levy resulted from actions or omissions of the City or its Representatives; or

(vii) the Concessionaire repudiates in writing any of its material obligations under this Agreement.

(b) Remedies of the City Upon Concessionaire Default. Upon the occurrence, and during the continuance, of a Concessionaire Default, the City may, by notice to the Concessionaire, declare the Concessionaire to be in default and may, subject to the provisions of Articles 18 and 19, do any or all of the following as the City, in its discretion, shall determine:

(i) the City may terminate this Agreement by giving Thirty (30) Days’ prior notice to the Concessionaire upon the occurrence of (A) a Concessionaire Default that consists of a failure to comply with, perform or observe any Operating Standard if such Concessionaire Default creates a material danger to the safety of Metered Parking System Operations or a material impairment to the Metered Parking System or to the continuing use of the Metered Parking System or (B) any other Concessionaire Default; provided, however, that the Concessionaire shall be entitled to cure a Concessionaire Default pursuant to Section 16.1(a)(i) by providing the City with a written work plan within such Thirty (30)-Day period outlining the actions by which the Concessionaire will ensure future compliance with either (x) the obligation, covenant, agreement, term or condition in this Agreement or (y) the requirements or directives of the issued final award in accordance with Article 19 that the Concessionaire failed to perform or observe, which work plan is Approved by the City, but any failure of the Concessionaire to comply in any material respect with such Approved work plan following Thirty (30) Days’ notice of such failure from the City to the Concessionaire shall be deemed to be a Concessionaire Default described in Section 16.1(a)(i) and the entitlement of the Concessionaire to cure such Concessionaire Default by the delivery of an Approved work plan shall not apply thereto;

(ii) if the Concessionaire Default is by reason of the failure to pay any monies, the City may (without obligation to do so) make payment on behalf of the Concessionaire of such monies, and any amount so paid by the City shall be payable by the Concessionaire to the City within Three (3) Business Days after demand therefor;
(iii) the City may cure the Concessionaire Default (but this shall not obligate the City to cure or attempt to cure a Concessionaire Default or, after having commenced to cure or attempted to cure a Concessionaire Default, to continue to do so), and all costs and expenses reasonably incurred by the City in curing or attempting to cure the Concessionaire Default, shall be payable by the Concessionaire to the City within Three (3) Business Days after written demand therefor; provided, however, that (A) the City shall not incur any liability to the Concessionaire for any act or omission of the City or any other Person in the course of remedying or attempting to remedy any Concessionaire Default and (B) the City's cure of any Concessionaire Default shall not affect the City's rights against the Concessionaire by reason of the Concessionaire Default; the City may seek specific performance, injunction or other equitable remedies, it being acknowledged that damages are an inadequate remedy for a Concessionaire Default;

(iv) the City may seek to recover its Losses arising from such Concessionaire Default and any amounts due and payable under this Agreement and, in connection therewith, exercise any recourse available to any Person who is owed damages or a debt;

(v) with respect to those Concessionaire Defaults that entitle the City to terminate this Agreement pursuant to Section 16.1(b)(i), the City may terminate the Concessionaire’s right to use, operate, maintain and rehabilitate the Metered Parking System and the Concessionaire’s right to collect and retain Metered Parking Revenue, and in such event, the City or the City’s agents and servants may immediately or at any time thereafter take possession and control of the Metered Parking System, by any available action under law or proceeding at law or in equity, and with or without terminating this Agreement, and undertake any and all of the Metered Parking System Operations; provided, however, that no such action by the City shall be construed as an election on its part to terminate this Agreement unless a notice of such intention is given to the Concessionaire; and

(vi) the City may exercise any of its other rights and remedies provided for hereunder or at law or equity.

Section 16.2. Defaults by the City.

(a) Events of Default. The occurrence of any one or more of the following events during the Term shall constitute a "City Default" under this Agreement:

(i) if the City fails to comply with or observe any material obligation, covenant, agreement, term or condition in this Agreement (other than an Adverse Action) and such failure continues unremedied for a period of Ninety (90) Days following notice thereof (giving particulars of the failure in reasonable detail) from the Concessionaire to the City or for such longer period as may be reasonably necessary to cure such failure, provided, in the latter case, that the City has demonstrated to the satisfaction of the Concessionaire, that (A) it is proceeding with all due diligence to cure or cause to be cured such failure, and (B) its actions can be reasonably expected to cure or cause to be cured such failure within a reasonable period of time acceptable to the Concessionaire, and (C) such failure is in fact cured within such period of time;
(ii) if the City fails to comply with the requirements or directives of a final award in a matter submitted to dispute resolution in accordance with Article 19 and such default continues unremedied for a period of Thirty (30) Days following notice thereof from the Concessionaire to the City, or for such longer period as may be reasonably necessary to cure such failure, provided, in the latter case, that the City has demonstrated to the satisfaction of the Concessionaire, acting reasonably, that (A) it is proceeding, and will proceed, with all due diligence to cure or cause to be cured such failure, (B) its actions can be reasonably expected to cure or cause to be cured such failure within a reasonable period of time acceptable to the Concessionaire, acting reasonably and (C) such failure is in fact cured within such period of time;

(iii) if a levy under execution or attachment has been made against all or any part of the Metered Parking System or the Concessionaire Interest as a result of any Encumbrance (other than a Permitted City Encumbrance) created, incurred, assumed or suffered to exist by the City or any Person claiming through it, and such execution or attachment has not been vacated, removed or stayed by court order, bonding or otherwise within a period of Sixty (60) Days, unless such levy resulted from actions or omissions of the Concessionaire or its Representatives or if all or a material part of the Metered Parking System shall be subject to a condemnation or similar taking by the City or any agency thereof;

(iv) if the City (A) admits, in writing, that it is unable to pay its debts as such become due, (B) makes an assignment for the benefit of creditors, (C) files a voluntary petition under Title 9 of the U.S. Code, or if such petition is filed against it and an order for relief is entered, or if the City files any petition or answer seeking, consenting to or acquiescing in any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under the present or any future U.S. bankruptcy code or any other present or future applicable Law, or shall seek or consent to or acquiesce in or suffer the appointment of any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the City, or of all or any substantial part of its properties (in each case, to the extent applicable to a municipality), or (D) takes any action in furtherance of any action described in this Section 16.2(a)(iv); or if within Ninety (90) Days after the commencement of any proceeding against the City seeking any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under the present or any future U.S. bankruptcy code or any other present or future applicable Law, such proceeding has not been dismissed, or if, within Ninety (90) Days after the appointment, without the consent or acquiescence of the City, of any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the City or of all or any substantial part of its properties (in each case, to the extent applicable to a municipality), such appointment has not been vacated or stayed on appeal or otherwise, or if, within Ninety (90) Days after the expiration of any such stay, such appointment has not been vacated;

(v) the City repudiates in writing any of its material obligations under this Agreement.

(b) **Remedies of Concessionaire Upon City Default.** Upon the occurrence, and during the continuance, of a City Default, the Concessionaire may by notice to the City declare the City to be in default and may, subject to the provisions of Article 19,
do any or all of the following as the Concessionaire, in its discretion, shall determine:

(i) the Concessionaire may terminate this Agreement by giving Sixty (60) Days’ prior notice to the City; provided, however, that the City shall be entitled to cure a City Default pursuant to Section 16.2(a)(i) by (i) agreeing within such Sixty (60)-Day period to pay any Losses sustained as a result of such City Default or (ii) providing the Concessionaire with a written work plan within such Sixty (60)-Day period outlining the actions by which the City will ensure future compliance with either (x) the obligation, covenant, agreement, term or condition in this Agreement or (y) the requirements or directives of the issued final award in accordance with Article 19 that the City failed to perform or observe, which work plan is approved by the Concessionaire (which approval shall not be unreasonably withheld, delayed or conditioned), but any failure of the City to comply in any material respect with such approved work plan following Thirty (30) Days’ notice of such failure from the Concessionaire to the City shall be deemed to be a City Default described in Section 16.2(a)(i) and the entitlement of the City to cure such City Default by the delivery of an approved work plan shall not apply thereto; and upon such termination, the City shall be obligated to pay to the Concessionaire the Metered Parking System Concession Value plus, without duplication, the reasonable out-of-pocket and documented costs and expenses incurred by the Concessionaire as a result of such termination;

(ii) the Concessionaire may exercise any of its rights or remedies at law or in equity;

(iii) the Concessionaire may seek to recover its Losses and any amounts due and payable under this Agreement and, in connection therewith, exercise any recourse available to any Person who is owed damages or a debt;

(iv) the Concessionaire may seek specific performance, injunction or other equitable remedies, it being acknowledged that damages are an inadequate remedy for a City Default; and

(v) the Concessionaire may seek to recover its Losses arising from such City Default and any amounts due and payable under this Agreement and, in connection therewith, exercise any recourse available to any Person who is owed damages or a debt.

Section 16.3. Letters of Credit.

(a) The Concessionaire shall deliver no later than the first Day of the Concession Year that is Five (5) years prior to the final Concession Year of the Term, a Letter of Credit or cash deposit in the amount then to be calculated equal to the amount that the City reasonably determines is appropriate to cover all costs of capital improvements for the remainder of the Term as set forth in the Concessionaire’s capital improvement program required pursuant to the Operating Standards.

(b) Such Letter of Credit shall be replaced on every anniversary of such Concession Year until the date that is Two (2) Years after (i) the expiration of the
Term and (ii) such time as there being no unresolved disputes with respect to the Concessionaire complying with, performing or observing any obligation, covenant, agreement, term or condition in this Agreement with a Replacement Letter of Credit in the amount of the undrawn balance of such Letter of Credit plus the amount of interest that would have been earned on such balance if invested for the next Twelve (12) month period at the Bank Rate. Subject to Approval, the required amount of any Letter of Credit with respect to a Concession Year (but only with respect to such Concession Year) may be reduced from time to time (at intervals that may be shorter than one year) by the amount that the City reasonably determines is appropriate such that the amount of the Letter of Credit remains sufficient to cover all costs of capital improvements for the remainder of the Term in light of the condition of the Metered Parking System (including the City’s assessment of the present and future condition of the Metered Parking System, and all costs and expenses of capital improvements to be performed in connection therewith, during the remaining years of the Term) and the Concessionaire’s compliance with this Agreement in connection therewith. Upon the occurrence of a Concessionaire Default (or if there is a dispute as to the occurrence of a Concessionaire Default, upon the final decision of the arbitral panel pursuant to Article 19 that a Concessionaire Default has occurred), the City shall have the right (in addition to all other rights and remedies provided in this Agreement, but with the understanding that any other monetary damages that the City may recover will be reduced by the amount so drawn, and without the City’s exercise of such right being deemed a waiver or a cure of the Concessionaire’s failure to perform and whether or not this Agreement is thereby terminated), with three Business Days’ prior notice to the Concessionaire, to draw against such Letter of Credit or any replacement thereof, upon presentation of a sight draft and a certificate confirming that the City has the right to draw under such Letter of Credit in the amount of such sight draft, up to the amount due to the City with respect to such Concessionaire Default.

(c) The Concessionaire shall replace each Letter of Credit with a replacement Letter of Credit (the "Replacement Letter of Credit") at least Thirty (30) Days prior to the expiry date of a Letter of Credit which is expiring. If the Concessionaire does not deliver to the City a Replacement Letter of Credit within such time period, the City shall have the right (in addition to all other rights and remedies provided in this Agreement and without the City’s exercise of such right being deemed a waiver or a cure of the Concessionaire’s failure to perform and whether or not this Agreement is thereby terminated) to immediately draw the full amount of the Letter of Credit upon presentation of a sight draft and a certificate confirming that the City has the right to draw under such Letter of Credit in the amount of such sight draft. After the Concessionaire delivers to the City a Replacement Letter of Credit complying with the provisions of this Agreement, the City shall deliver in accordance with the Concessionaire’s reasonable instructions the Letter of Credit being replaced (except to the extent that at such time no sight draft under such Letter of Credit is outstanding and unpaid). Any Replacement Letter of Credit shall be upon the same terms and conditions as the Letter of Credit replaced and
satisfy the requirements for a Letter of Credit, but in any event (i) the amount of each Replacement Letter of Credit, except as provided in Section 16.3(a), shall equal or exceed the amount of the Letter of Credit being replaced at the time of replacement and (ii) the date of the Replacement Letter of Credit shall be its date of issuance. The expiry date of the Replacement Letter of Credit, as referred to in the opening paragraph of such Replacement Letter of Credit, shall be not earlier than one year later than the expiry date of the Letter of Credit being replaced.

(d) If this Agreement is terminated by the City prior to the expiration of the Term as a result of a Concessionaire Default, the City shall have the right (in addition to all other rights and remedies provided in this Agreement and without the City’s exercise of such right being deemed a waiver or a cure of the Concessionaire’s failure to perform), with three Business Days’ prior notice to the Concessionaire, to draw against any Letter of Credit, upon presentation of a sight draft and a certificate confirming that the City has the right to draw under such Letter of Credit in the amount of such sight draft, up to the amount due to the City pursuant to the terms of this Agreement.

(e) The City will accept the Letters of Credit to be delivered pursuant to this Section 16.3 (and pursuant to Section 2.3) as security for the Concessionaire’s obligations under this Agreement, in place of a cash deposit in the same amount, with the understanding that the Letters of Credit are to be the functional equivalent of a cash deposit. The Concessionaire’s sole remedy in connection with the improper presentation or payment of sight drafts drawn under the Letter of Credit shall be the right to obtain from the City a refund of the amount of any sight draft the proceeds of which were drawn inappropriately or misapplied and the reasonable costs incurred by the Concessionaire as a result of such inappropriate draw or misapplication; provided, however, that at the time of such refund, the Concessionaire increases the amount of the Letter of Credit to the amount (if any) then required under the applicable provisions of this Agreement. The Concessionaire acknowledges that the presentment of sight drafts drawn under the Letter of Credit could not under any circumstances cause the Concessionaire injury that could not be remedied by an award of money damages, and that the recovery of money damages would be an adequate remedy therefor. The Concessionaire shall not request or instruct the issuer of the Letter of Credit to refrain from paying any sight draft drawn under a Letter of Credit.

(f) If the City desires to assign its rights and obligations in accordance with Section 17.2 of this Agreement, the Concessionaire shall cooperate so that concurrently with the effectiveness of such assignment, either Replacement Letters of Credit as described in Section 16.3(c) for, or appropriate amendments to, the Letters of Credit then held by the City, in either case identifying as beneficiary the appropriate party after the assignment becomes effective, shall be delivered to the City, at no cost to the Concessionaire.

(g) The Concessionaire shall obtain and furnish all Letters of Credit and Replacement Letters of Credit at its sole cost and expense and shall pay all charges imposed in
connection with the City’s presentation of sight drafts and drawing against the Letters of Credit or Replacement Letters of Credit.

(h) In lieu of any Letter of Credit or cash deposit to be provided by the Concessionaire pursuant to the terms of this Section 16.3, the Concessionaire shall, at the Concessionaire’s sole discretion, have the option to provide a surety bond or other similar form of security or to deposit with a Depositary for the benefit of the City, as collateral security, cash or Eligible Investments in an amount equal to the amount of such Letter of Credit at the time of such deposit; provided; however, that the terms and documentation related thereto are acceptable to the City. Such Depositary shall invest and reinvest such amounts in Eligible Investments at the direction of the City, provided that earnings thereon shall be paid to the Concessionaire not less frequently than quarterly. If, at any time during the Term, the City would have the right to draw any amount on a Letter of Credit for which the Concessionaire has substituted cash or Eligible Investments pursuant to this Section 16.3(h), the Depositary shall pay such amount to the City from such cash deposit or Eligible Investments in accordance with the terms of this Section 16.3 and all rights and remedies of the City and the Concessionaire with respect to such cash deposits or Eligible Investments, if any, shall be the same as those provided in this Section 16.3 with respect to any Letter of Credit; provided, however, that the certification that would have been provided by the City with the sight draft had cash or Eligible Investments not been so substituted shall be made to the Depositary and delivered to the Depositary together with the City’s written demand for payment.

(i) If Letters of Credit shall not in the future be available at commercially reasonable terms and rates or shall not be a commercially reasonable form of security in similar transactions, the Concessionaire shall furnish the City with comparable security instruments or Eligible Investments that then are commonly used in similar transactions and which are Approved; and if no such comparable security instruments shall be available, the Concessionaire shall deposit with the City cash as security.

Section 16.4. Consequences of Termination or Reversion. Upon the termination or expiration of this Agreement, notwithstanding any claims the Parties may have against each other and subject to Section 16.1(b)(v), Section 16.2(b)(iii) and Article 18, the following provisions shall apply:

(a) the Concessionaire shall, without action whatsoever being necessary on the part of the City, surrender, transfer and deliver to the City the Metered Parking System (including all improvements to the Metered Parking System), the Metered Parking System Assets and all tangible and intangible personal property of the Concessionaire (including inventories) that is included in the Metered Parking System and used in connection with the Metered Parking System Operations, in good order, condition and repair (reasonable wear and tear excepted), determined reasonably in accordance with the then applicable Operating Standards, free and clear of all Encumbrances other than (w) Permitted Concessionaire Encumbrances
set forth in clause (iv), and clause (vii) and clause (viii) as it pertains to clauses (iv) and (vii) of the definition of that term, (x) Permitted City Encumbrances, (y) those created by or suffered to exist or consented to by the City or any Person claiming through it, and (z) with respect to any property added to the Metered Parking System after the Time of Closing, title defects affecting such property in existence on the date such property is added to the Metered Parking System;

(b) the Concessionaire hereby waives any notice now or hereafter required by Law with respect to transfer of the Metered Parking System on the Reversion Date;

(c) the City shall, as of the Reversion Date, assume full responsibility for the Metered Parking System Operations, and as of such date, the Concessionaire shall have no liability or responsibility for Metered Parking System Operations occurring after such date;

(d) the Concessionaire shall be liable for all costs, expenses and other amounts for which it is liable or responsible hereunder incurred up to but not including the Reversion Date, and the City shall be liable for all costs, expenses and amounts incurred in connection with the Metered Parking System Operations on and after the Reversion Date;

(e) the City shall have the option by providing notice to the Concessionaire of requiring that the Concessionaire assign, without warranty or recourse to the Concessionaire, to the fullest extent permitted by Authorizations and applicable Law, all of its right, title and interest in, to and under (in each of the following cases, to the extent assignable) all or any of the Operating Agreements then in effect and all Authorizations to the City or its nominee for the remainder of their respective terms; provided, however, that if the City exercises such option, the right, title and interest of the Concessionaire in, to and under such Operating Agreements and Authorizations shall be assigned to the City or its nominee as of the Reversion Date and the Concessionaire shall surrender the Metered Parking System to the City and shall cause all Persons claiming under or through the Concessionaire to do likewise, and the City shall assume in writing, pursuant to an assumption agreement satisfactory to the Concessionaire, the Concessionaire’s obligations under the Operating Agreements that arise in respect of, or relate to, any period of time falling on and after the Reversion Date; provided further, that if the City does not exercise such option, the Concessionaire shall take such steps as are necessary to terminate the Operating Agreements to the extent permitted thereunder and in accordance with the terms thereof;

(f) the Concessionaire, at its sole cost and expense, shall promptly deliver to the City copies of all records and other documents relating to the Metered Parking Revenue that are in the possession of the Concessionaire or its Representatives and all other then existing records and information relating to the Metered Parking System as the City, acting reasonably, may request;
(g) the Concessionaire shall execute and deliver to the City—a transfer of title documents and other instruments reasonably required by the City to evidence such termination;

(h) the Concessionaire shall assist the City in such manner as the City may require to ensure the orderly transition of control, operation, management, maintenance and rehabilitation of the Metered Parking System, and shall, if appropriate and if requested by the City, take all steps as may be necessary to enforce the provisions of the Operating Agreements pertaining to the surrender of the Metered Parking System;

(i) the City and the Concessionaire shall make appropriate adjustments, including adjustments relating to any Operating Agreements assigned to the City, Metered Parking Fees and other similar charges collected on and after the Reversion Date that are incurred prior to the Reversion Date, and utilities, and any adjustments and payment therefor shall be made by the appropriate Party on the Reversion Date, but shall be subject to readjustment if necessary because of error in matters such as information, calculation, payments and omissions that are identified within the period of One Hundred Eighty (180) Days following the Reversion Date; provided, however, that the City and the Concessionaire acknowledge that certain adjustments or readjustments may have to be made when a third party provides to the City or the Concessionaire a final adjustment amount in respect of a matter, and for such matters the adjustment and readjustment date shall each be correspondingly extended; and

(j) if this Agreement is terminated as a result of an Adverse Action, the payment by the City to the Concessionaire of the amounts required under Article 14 or Article 19 shall constitute full and final settlement of any and all Claims the Concessionaire may have against the City for and in respect of the termination of this Agreement and upon such payment, the Concessionaire shall execute and deliver all such releases and discharges as the City may reasonably require to give effect to the foregoing.

This Section 16.4 shall survive the expiration or any earlier termination of this Agreement.

Section 16.5. Termination Other Than Pursuant to Agreement. If this Agreement is terminated by the City other than pursuant to Section 16.1 or Article 18, or is canceled, rescinded or voided during the Term for any reason other than the objection and without action by the Concessionaire, the City shall pay to the Concessionaire the Metered Parking System Concession Value as of the date of such termination, cancellation, rescinding or voiding, plus, without duplication, the reasonable out-of-pocket and documented costs and expenses incurred by the Concessionaire as a direct result of such termination, cancellation, rescinding or voiding. The City hereby acknowledges and agrees that it may only terminate this Agreement in accordance with the express terms hereof and shall not, in any event, have the right to terminate this Agreement for convenience, except as set forth in Article 18.
ARTICLE 17
RESTRICTIONS ON TRANSFERS

Section 17.1. Transfers by the Concessionaire.

(a) The Concessionaire shall not Transfer, or otherwise permit the Transfer of, any or all of the Concessionaire Interest to or in favor of a Transferee, unless (i) the City has Approved (based upon a determination in accordance with Section 17.1(b)) such proposed Transferee and (ii) the proposed Transferee enters into an agreement with the City in form and substance satisfactory to the City, acting reasonably, wherein the Transferee acquires the rights and assumes the obligations of the Concessionaire and agrees to perform and observe all of the obligations and covenants of the Concessionaire under this Agreement. Any Transfer made in violation of the foregoing provision shall be null and void ab initio and of no force and effect.

(b) Approval of a proposed Transferee may be withheld if the City reasonably determines that (i) such proposed Transfer is prohibited by applicable Law, (ii) such proposed Transferee’s entering into this Agreement with the City is prohibited by Law, (iii) such proposed Transfer would result in a violation of Law, (iv) such proposed Transfer would result in a Tax liability to the City (unless the City shall have received indemnification, as determined in the City’s discretion, with respect thereto) or (v) such proposed Transferee is not capable of performing the obligations and covenants of the Concessionaire under this Agreement, which determination shall be based upon and take into account the following factors: (a) the financial strength and integrity of the proposed Transferee, its direct or indirect beneficial owners, any proposed managers or operating partners and each of their respective Affiliates; (b) the experience of the proposed Transferee or the Operator to be engaged by the proposed Transferee in operating metered parking systems and performing other relevant projects; (c) the background and reputation of the proposed Transferee, its direct or indirect beneficial owners, any proposed managers or operating partners, each of their respective officers, directors and employees and each of their respective Affiliates (including the absence of criminal, civil or regulatory claims or actions against any such Person and the quality of any such Person’s past or present performance on other projects); and (d) the Operator engaged by the proposed Transferee, including the ability of the Operator to meet the operating standards.

(c) No Transfer of all or any of the Concessionaire Interest shall be made or have any force or effect if, at the time of such Transfer there has occurred a Concessionaire Default that has not been remedied or an event that with the lapse of time, the giving of notice or otherwise would constitute a Concessionaire Default.

(d) A Change in Control of the Concessionaire shall be deemed to be a Transfer of the Concessionaire Interest for purposes of the foregoing provisions. A change of control of Affiliated Computer Services (ACS Inc., a Xerox Company) or a change of control of Xerox Corp., will not...
be deemed a change of control of the Concessionaire for purposes of Section 17 of this agreement unless the change of control of ACS, Inc. or Xerox Corp. is in violation of Section 17.1(b)(i) through (iii). Likewise a change of control of the Concessionaire within Xerox, Inc., its subsidiaries, divisions or affiliates does not constitute a change of control under this Agreement.

(e) Nothing contained in the foregoing shall be deemed to prohibit or limit the Concessionaire from changing its organizational form or status (including a change from a limited liability company to a corporation or limited partnership), provided that such change in organizational form or status does not result in a Change of Control of the Concessionaire.

(f) Neither (i) a change of ownership that is attributable to a concession, management agreement, operating agreement or other similar arrangement that is subject and subordinate in all respects to the rights of the City under this Agreement, nor (ii) the creation of a trust or any other transaction or arrangement that is solely a transfer of all or part of the Concessionaire’s economic interest under this Agreement to another entity shall be deemed to be a Transfer of the Concessionaire Interest for purposes of Section 17.1(a).

Section 17.2. Assignment by the City. The City shall have the right to Transfer any or all of the City’s interest in the Metered Parking System and this Agreement, provided that it shall be jointly and severally liable with the Transferee for the performance and observance of the obligations and covenants of the City under this Agreement, the Transferee must not be a direct competitor with Concessionaire and its Affiliates, the Transferee, its direct or indirect beneficial owners, any proposed managers or operating partners and each of their respective Affiliates must possess the financial strength and integrity in order to fulfill the monetary obligations and duties of the City and any agreement entered into by the City under this Agreement and that any such Transfer by the City shall not materially limit or reduce any of the Concessionaire’s other rights, benefits, remedies or privileges under this Agreement.

ARTICLE 18

[RESERVED] TERMINATION FOR CONVENIENCE BY THE CITY

Section 18.1. Termination for Convenience by the City. With a minimum of Twelve (12) months written notice prior to each Ten (10) year anniversary of the Effective Date, the City has the option, in its sole discretion and without cause (with the express exception of the terms set forth below in connection with the Termination Payment on the Tenth (10th) anniversary), to terminate for its convenience ("Early Termination Option") the Concessionaire for a fixed sum amount ("Termination Payment") as set forth below. The City may exercise this option by the delivery of written notice to the Concessionaire irrevocably exercising the Early Termination Option no less than Twelve (12) months prior to the applicable anniversary date. If exercised, the Reversion Date shall occur on the relevant anniversary date, the Termination Payment shall be due on, and the City shall pay the Concessionaire by same day wire transfer the amount set forth below on the Reversion Date. All Concessionaire operations shall cease on the Reversion Date. This Early Termination Option shall only be exercisable with the prior written notice set
forth above upon the tenth, twentieth, thirtieth, and fortieth anniversary of the Effective Date. The Early Termination Option is not available at any other times. Section 18.2. Ten Year Anniversary Provisions. The City agrees, for a period of Two (2) years following the date of termination for convenience at the 10th anniversary of the Effective Date, that the City shall not (i) obtain, accept, or enter into a contract pursuant to which the City at any time shall obtain or accept, capital from any third party in order to fund the payment of the Termination Payment or directly or indirectly related to the services performed by Concessionaire, and/or (ii) contract for or outsource or contract with a third-party for the provision of any of the services previously provided by or on behalf of the Concessionaire under this Agreement where such services are not provided by City employees and primarily through the use of City resources during such Two (2) year period; provided, however, the Parties acknowledge that any outsourcing by the City in substantially similar scope and terms to the outsourcing reflected in the Parking Meter System Contracts shall not be a violation of this provision provided that the annual amounts paid or payable to any third parties by the City for outsourced services do not exceed, in the aggregate, the amounts paid under the Parking Meter System Contracts during Year 2010 and provided that such arrangements do not include a revenue share with the City or revenue or collections guarantees to the City. If the City violates this covenant within the aforementioned Two (2) year period or terminates this Agreement with the express written intention to violate this covenant, then the City shall immediately pay ACS an additional five million dollars. In either case, in addition to the Termination Payment, ACS shall be entitled to be reimbursed for all documented costs and expenses related to subcontractor, vendor, lease, or related termination costs and expenses (but not repayment of any interest-bearing obligations) that cannot otherwise be mitigated during the Twelve (12) month period prior to the effective date of the termination.
ARTICLE 19
DISPUTE RESOLUTION

Section 19.1. Scope. Any dispute arising out of, relating to, or in connection with this Agreement, including any question as to whether such dispute is subject to arbitration, shall be resolved as set forth in this Article 19.

Section 19.2. Informal Dispute Resolution Procedures. The Parties shall attempt in good faith to resolve such dispute within Fifteen (15) Business Days following receipt by one Party of notice of such dispute from the other Party. If the Parties are unable to resolve the dispute within such period of Fifteen (15) Business Days, and upon notice by either Party to the other, the dispute shall be referred to the Designated Senior Person of each Party. The Designated Senior Persons shall negotiate in good faith to resolve the dispute, conferring as often as they deem reasonably necessary. Statements made by representatives of the Parties during the dispute resolution procedures set forth in this Section 19.2 and in Section 19.3 and documents specifically prepared for such dispute resolution procedures shall be considered part of settlement negotiations and shall not be admissible as evidence in any arbitration or other litigation proceeding between the Parties without the mutual consent of the Parties.

Section 19.3. Mediation. Mediation of a dispute under this Agreement may not be commenced until the earlier of: (i) such time as both of the Designated Senior Persons, after following the procedures set forth in Section 19.2, conclude in good faith that amicable resolution through continued negotiation of the matter does not appear likely; or (ii) Fifteen (15) Business Days after the notice referring the dispute to the Designated Senior Persons, pursuant to Section 19.2. If, after such time period, the dispute remains unresolved, the Parties shall attempt to resolve the dispute through mediation. The mediator for such dispute shall be an attorney in good standing with the Indiana Supreme Court who is registered with the Indiana Supreme Court Commission for Continuing Legal Education as a civil mediator (the "Mediator"). The Parties shall attempt, in good faith to agree on a Mediator. If the Parties cannot so agree within Fifteen (15) days after it is determined that the Designated Senior Persons cannot resolve the dispute, the Parties jointly shall petition the Judge of the Marion County Circuit Court to order a list of five qualified mediators from which the Parties shall strike. The claiming Party shall strike first. After striking is complete, the remaining individual shall serve as Mediator. In the event the Mediator selected by striking is unable or unwilling to serve or is otherwise disqualified, the previously stricken mediators shall be designated in inverse order until a mediator is selected. Mediation shall be regarded as settlement negotiations as provided in Rule 2.11 of the Indiana Rules of Alternative Dispute Resolution.

Section 19.4. Arbitration. Unless the Parties otherwise agree, if mediation as set forth in Section 19.3 does not resolve the dispute within Thirty (30) Business Days from the date the Mediator is selected or such longer period as the Parties may mutually agree, the dispute shall be exclusively and finally settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association (the "AAA Rules") in effect at the time of execution of this Agreement as modified or supplemented by this Article 19. Either Party may initiate the arbitration, as provided in the AAA Rules, no later than Forty-Five (45) days after the date the Mediator is selected. If the Parties mutually agree to extend the period for mediation, the Forty-Five (45)-Day period for the initiation of arbitration shall be extended for
an equal period of time. The place of arbitration shall be Indianapolis, Indiana unless the Parties agree otherwise.

The arbitration panel shall determine the rights and obligations of the Parties in accordance with the substantive laws of the State of Indiana without regard to conflicts of laws principles thereof. Except as agreed by the Parties, the arbitration panel shall have no power to alter or modify any terms or provisions of this Agreement, or to render any award that, by its terms or effects, would alter or modify any term or provision of this Agreement. The arbitration panel shall have no power or jurisdiction to award punitive damages.

The arbitration panel shall be composed of three arbitrators, one to be selected by the City, one to be selected by the Concessionaire and the third (who shall act as chairman of the panel) to be selected by the two previously-selected arbitrators. Each arbitrator shall be a lawyer admitted to practice law for a minimum of fifteen years who is in good standing in the State of his or her admission. If the two previously-selected arbitrators cannot agree on the selection of the third arbitrator, the Chief Judge of the United States Court of Appeals for the judicial circuit in which Indianapolis is located shall select the third arbitrator. A Party may contact potential arbitrators in the course of selecting its Party appointed arbitrator for the purpose of determining qualification, potential conflicts, availability, hourly rates and related matters. However, once the arbitration panel has been composed, the arbitrators shall act as neutrals and not as party arbitrators, and no Party shall engage in any ex parte communication with any member of the arbitration panel. The arbitration proceeding shall be recorded by a court reporter mutually satisfactory to the Parties.

The parties shall be entitled to discover all documents and information reasonably necessary for a full understanding of any legitimate issue raised in the arbitration. The Parties may use all methods of discovery available under the Federal Rules of Civil Procedure subject to time limits set by the arbitration panel. Each Party shall be entitled to take five depositions in addition to expert depositions and such additional depositions as may be permitted by the arbitration panel. Prior to the deposition of any expert witness, the party proposing to call such a witness shall provide a full and complete report by the expert, together with the expert's calculations and other data by which the expert reached any opinions concerning the subject matter of the arbitration. The report shall be provided no more than Ten (10) days prior to the date set forth in the expert witness's deposition.

Each Party shall bear its own attorney fees, expenses, and costs. The award shall be a reasoned award within the meaning of Rule 42 of the AAA Rules and shall set forth findings of fact and conclusions of law. The award shall include interest at the Bank Rate from the date of any breach or violation of this Agreement as determined in the arbitration award until paid in full. The award shall be in writing and state the reasons upon which it is based. The award shall be final and binding on the Parties.

Judgment on the award may be entered by any court with jurisdiction.

The Federal Arbitration Act, 9 U.S.C. § 1 et seq., shall govern any arbitration conducted pursuant to this Section 19.4. In addition to the grounds for modifying or correcting the award set forth in § 11 of the Act, the Court may modify or correct the award to the extent the
arbitrators' erred in their findings as to Indiana law and such error materially affected the arbitration award.

Section 19.5. Provisional Remedies. No Party shall be precluded from initiating a proceeding in a court of competent jurisdiction for the purpose of obtaining any emergency or provisional remedy to protect its rights that may be necessary and that is not otherwise available under this Agreement, including temporary and preliminary injunctive relief and restraining orders and the appointment of a receiver or receiver and manager in connection with the collection and retention of Metered Parking Revenue and Parking Violation Revenue.

Section 19.6. Tolling. If a Party receiving a notice of default under this Agreement contests, disputes or challenges the propriety of such notice by making application to the dispute resolution procedure in this Article 19, any cure period that applies to such default shall be tolled for the time period between such application and the issuance of a final award or determination.

Section 19.7. Technical Arbitration.

(a) Informal Dispute Resolution by Consultant. The Parties may agree to submit any technical dispute under this Agreement, including any technical dispute with respect to Article 7 that is submitted pursuant to Section 7.14 to the Consultant, which submission may be made without submitting the technical dispute to technical arbitration pursuant to Section 19.7(b) or to the dispute resolution process described in Section 19.2, Section 19.3 and Section 19.4 and once such technical dispute has been submitted to the Consultant then the time limits set out in Section 19.2, Section 19.3 and Section 19.4 shall no longer apply. The Consultant shall determine any unresolved disputed items within Three (3) Business Days of the submission of such dispute to the Consultant, unless the Consultant has good cause to extend such date for determination. The submission shall be in the form of written statements of position by one or both of the Parties, which statements shall be provided to both the other Party and the Consultant, with each Party having an opportunity to respond to such written statements of the other Party and any requests for statements or information by the Consultant, including in-person meetings. The Parties shall each bear their own costs with respect to the submission of such dispute to the Consultant and shall bear equally the cost of the Consultant with respect to such dispute. The Consultant’s award shall be in writing and state the reasons upon which it is based. The decision of the Consultant shall be final and binding on the Parties, unless either Party expressly reserves the right to submit the dispute to technical arbitration pursuant to Section 19.7(b) or to the dispute resolution process described in Section 19.2, Section 19.3 and Section 19.4. Within One (1) Business Day after its receipt of the decision, any Party may request the Consultant to interpret the decision or to correct any clerical, typographical or computation errors therein. The other Party shall have a right to comment within One (1) Business Day of its receipt of the requesting Party’s request for interpretation and/or correction. If the Consultant considers the request justified, it shall comply with such request within Three (3) Business Days after its receipt of such request. The correction and/or
interpretation of the decision shall take the form of an addendum and shall constitute part of the decision.

(b) \textit{Technical Arbitration}. The Parties may agree to submit any technical dispute under this Agreement to technical arbitration, which submission may be made without submitting the technical dispute to the Consultant pursuant to Section 19.7(a) or to the dispute resolution process described in Section 19.2, Section 19.3 and Section 19.4. Such technical arbitration shall be conducted by a Consultant, serving as an independent technical arbitrator, acceptable to the City and the Concessionaire (and if the Parties fail to agree upon the independent technical arbitrator within Five (5) Business Days after the Parties agree to submit the dispute to technical arbitration, then the City and the Concessionaire shall each appoint an independent technical arbitrator and both such arbitrators shall be instructed to select a third independent technical arbitrator to conduct the technical arbitration). If the Party-appointed technical arbitrators are unable to agree upon a third technical arbitrator within Five (5) Business Days after they are instructed by the Parties to select a third arbitrator, the Consultant shall select the independent technical arbitrator to conduct the technical arbitration as soon as possible. Such submission shall be in the form of written statements of position by one or both of the Parties, which statements shall be provided to both the other Party and the independent technical arbitrator, with each Party having an opportunity to respond to such written statements of the other Party and any requests for statements or information by the independent technical arbitrator, including in-person meetings; provided, however, that all such submissions by a Party shall be made within Ten (10) Business Days of appointment of the independent technical arbitrator and, notwithstanding any provision herein to the contrary, any unresolved disputed items shall be determined by the independent technical arbitrator within Seven (7) Business Days of receipt by the independent technical arbitrator of the Parties’ submissions of information unless such independent technical arbitrator has good cause to extend such date for determination. The Parties shall each bear their own costs with respect to the arbitration of any such technical dispute and shall bear equally the cost of retaining such independent technical arbitrator. The independent technical arbitrator’s award shall be in writing and state the reasons upon which it is based. Within One (1) Business Day after its receipt of the decision, any Party may request the independent technical arbitrator to interpret the decision or to correct any clerical, typographical or computation errors therein. The other Party shall have a right to comment within One (1) Business Day of its receipt of the requesting Party’s request for interpretation and/or correction. If the independent technical arbitrator considers the request justified, it shall comply with such request within Three (3) Business Days after its receipt of such request. The correction and/or interpretation of the decision shall take the form of an addendum and shall constitute part of the decision. The independent technical arbitrator’s award shall be final and binding on the Parties, except in the event of fraud, partiality, or manifest error, or if the independent technical arbitrator has exceeded its mandate or otherwise lacked jurisdiction. Any Party that wishes to
challenge the award must initiate arbitration in accordance with Section 19.4 within Seven (7) Business Days of its receipt of the award and the arbitral panel must accept such matter for arbitration. The submission must set forth one or more of the limited grounds set out in this provision as the basis for its challenge in its request for arbitration, failing which the award shall be final and binding. In the event an arbitral panel composed pursuant to Section 19.4 decides that the award is not final and binding because of one or more grounds set out in this provision, it may proceed to determine the underlying issue de novo and its award shall constitute a final and binding determination of the dispute. Except in the event of a challenge to the award in accordance with this provision, each Party shall give effect to the award starting as of the Eighth (8th) Day of its receipt of the award, including by paying the amount, if any, which becomes payable as a result of the award. If the amount payable as a result of the award is not so paid, interest will accrue on that amount at the Bank Rate. Judgment on the award may be entered in any court with competent jurisdiction. The independent technical arbitrator’s award shall be final and binding on the Parties.

Service of process on the City may be made, either by registered or certified mail addressed as provided for in Section 20.1. Service of process on the Concessionaire may be made either by registered or certified mail addressed as provided for in Section 20.1 or by delivery to the Concessionaire’s registered agent for service of process in the State of Indiana. If the Concessionaire is presented with a request for Documents by any administrative agency or with a subpoena duces tecum regarding any Documents which may be in its possession by reason of this Agreement, the Concessionaire shall give prompt notice to the City. The City may contest such process by any means available to it before such Documents are submitted to a court or other third party; provided, however, that the Concessionaire shall not be obligated to withhold such delivery.

This Agreement shall be effective when it has been executed by each Party and delivered to both Parties. To evidence the fact that it has executed this Agreement, a Party may send a copy of its executed counterpart to the other Party by facsimile transmission. Such Party shall be deemed to have executed and delivered this Agreement on the date it sent such facsimile transmission. In such event, such Party shall forthwith deliver to the other Party an original counterpart of this Agreement executed by such Party.

For purposes of this Schedule, \( t \) = year since Closing Date and \( T \) = number of years of the Term

1. LOST METERED PARKING SPACE REVENUE AND PARKING VIOLATION REVENUE FOR PERMANENT REMOVALS

   - Present Value of lost Metered Parking Revenue from Permanent Removal of Metered Parking Space in Year \( t \) =

\[
\sum_{i = t+1}^{T} \text{Concessionaire Metered System Revenue Percentage (year } t - 1) \times ([\text{Expected Utilization Rate (year } t) \times (1 + \text{Expected Utilization Growth Rate})^{(i-t)}] \times \text{Applicable Metered Parking Fee (year } i) \times \text{Period of Operation (year } i)) / (1 + \text{Discount Rate})^{(i-t)}

   - Present Value of lost Parking Violation Revenue from Permanent Removal of Metered Parking Space in Year \( t \) =

\[
\sum_{i = t+1}^{T} \text{Concessionaire Metered System Revenue Percentage (year } t - 1) \times ([\text{Expected Violation Issuance Rate (year } t) \times (1 + \text{Expected Violation Issuance Growth Rate})^{(i-t)}] \times \text{Applicable Parking Violations Fee for Zone y (applicable zone of meter lost) (year } i) \times \text{Period of Operation (year } i) \times \text{Expected Payment Rate}) / (1 + \text{Discount Rate})^{(i-t)}

   - Value of lost Metered Parking Revenue and Parking Enforcements Revenue from Permanent Removal of Metered Parking Spaces in the Year \( t \) = (Present Value of lost Metered Parking Revenue from Permanent Removal of Metered Parking Space in Year \( t \)) + (Present Value of Parking Violations Revenue from Permanent Removals in Year \( t \))

2. LOST REVENUE FOR DECREASE IN METERED PARKING FEES

   - Present Value of lost Metered Parking Revenue of a Metered Parking Space from decrease in Metered Parking Fees or failure to raise rates according to Schedule of Parking Fees in Year \( t \) =

where, $\Delta \text{ Period of Operation (year } i) = \text{Period of Operation (year } i - 1) - \text{new Period of Operation (year } i)$

- Present Value of lost Parking Violation Revenue from decrease in Period of Operation in Year $t =$

$$
\sum_{i=t+1}^{T} \text{Concessionaire Metered System Revenue Percentage (year } t - 1) \times ([\text{Expected Violation Issuance Rate (year } t ) \times (1 + \text{Expected Violation Issuance Growth Rate})] \times \text{Applicable Violations Fee Zone } x (\text{zone of affected meter(s) (year } i) \times \Delta \text{ Period of Operation (year } i)) \times \text{Expected Payment Rate}) / (1 + \text{Discount Rate})^{(i-t)}
$$

where, $\Delta \text{ Period of Operation (year } i) = \text{Period of Operation (year } i - 1) - \text{new Period of Operation (year } i)$

- Present Value of total lost revenue from decrease in Period of Operation = Present Value of lost Metered Parking Revenues from decrease in Period of Operation + Present Value of lost Parking Violations Revenue from decrease in Period of Operation
SCHEDULE 5
PARKING FEES

Section 1. Parking Fees.

Attached hereto as Exhibit A, is a diagram of the four applicable parking zones (the "Zones" or individually a "Zone"). The Parking Fees for the Metered Parking System shall vary based on which Zone each Metered Parking Space is located. The four Zones are as follows:

Zone 3 (Other parking outside of Zones 1, 2 and 4)
Zone 4 (Broad Ripple parking)

(a) Rate

</tbody>
</table>

*Beginning 1/1/2014 and continuing until the end of the Term, the hourly Metered Parking Fee shall be increased by the percentage increase of the Index. The Concessionaire may, however, offer rate reductions at its discretion to increase utilization without effect on the above Index.

** The initial hourly rate increase to $1.00 for each of Zone 1 and Zone 4 will not take effect until Concessionaire has implemented electronic metering devices as set forth in Section 4.4 of the Agreement for each Metered Parking Space in each respective Zone.

Nothing in this schedule prevents the City and Concessionaire from agreeing to additional hourly Metered Parking Fees during special events. Any increase in the Metered Parking Fees related to an adjustment to the Index shall be measured based on the percentage increase of the Index from November 30 to December 1 of the year prior to the year such increase is to take place. Any Metered Parking Fee increase shall be effective after the notice provisions set forth in Section 2 below have been satisfied. Any Metered Parking Fee increase shall be in increments of $.25 and shall be rounded down accordingly.
(b) Duration

The maximum duration a vehicle may continuously park in a Metered Parking Space is two four (24) hours, subject to the following:

(1) The Concessionaire may allow extended periods of stay to increase utilization in underused areas when average utilization is less than fifty percent (50%) for the prior one year period. Whenever the Concessionaire opts to extend a period of stay, it shall comply with the provisions set forth in Section 2 below and shall provide notice to customers on the device. If average utilization increases above eighty-five (85%) on a block that is not adjacent to a parking lot, the Concessionaire shall work with the City to reduce the maximum duration, provided that such maximum duration shall not be less than two four (24) hours; and (2) Once a particular Zone has implemented electronic metering devices as set forth in Section 4.4 of the Agreement for each Metered Parking Space in a respective Zone, an incremental charge of Fifty Cents ($0.50) for the third hour and Fifty Cents ($0.50) for the fourth hour may be charged at the Concessionaire’s discretion for vehicles continuously parked in such Metered Parking Space for such four-hour period. This Fifty Cents ($0.50) incremental charge may be increased pursuant to the Index in the same manner as increases to the base Metered Parking Fees.

Section 2. Notice of Change of Parking Fees.

(a) If the Concessionaire desires to change any Parking Fee (including increases or decreases in any Parking Fee) pursuant to Section 1(b) of this Schedule, it shall give notice of such change (i) to the City no later than Ten (10) days prior to the implementation of such change and (ii) to the public in accordance with Section 2(b) of this Schedule beginning, but not earlier than, Thirty (30) days prior to the implementation of such change.

(b) The Concessionaire shall use commercially reasonable efforts to (i) provide notice to the public of all Parking Fees and (ii) inform the public of any pending Parking Fee change during the Thirty (30)-Day period prior to the implementation of such change. The Concessionaire shall maintain a website on the Internet that states all Parking Fee and pending Parking Fee changes. The Concessionaire shall make known to the public and maintain a telephone number to enable any person to request a printed description of all Parking Fees and pending Parking Fee changes. The Concessionaire may modify any of the aforesaid means of communication with the public consistent with any developments in common practice relating to means of comparable communication.

Ladies and Gentlemen:

We have acted as special counsel to the City of Indianapolis (the "City") in connection with the grant of the right to operate, maintain and improve the Metered Parking System pursuant to the City of Indianapolis Parking Meter Concession Agreement, dated as of ___________, 2010 (the "Agreement"), by and between the City and _____________ (the "Concessionaire"). This opinion is being delivered to you pursuant to Section 2.4(a) of the Agreement. Capitalized terms used and not otherwise defined herein shall have the respective meanings set forth in the Agreement.

We have examined originals or copies, certified or otherwise identified to our satisfaction, of (i) the Agreement and (ii) ________________ (the "Metered Parking System Ordinance"). In rendering our opinion, we have also examined originals or copies, certified or otherwise identified to our satisfaction, of the following (collectively, the "Authorization Documents"): (i) a certificate executed by the Mayor and the President of the City-County Council of even date herewith as to certain factual matters; (ii) a copy of the Metered Parking System Ordinance, certified by ___________; and (iii) the City-County Council ________, 2010 meeting minutes approving the Agreement.

In rendering our opinion, we also have examined such certificates of public officials, organizational documents and records and other certificates and instruments as we have deemed necessary for the purposes of the opinion herein expressed and, with your permission, have relied upon and assumed the accuracy of such certificates, documents, records and instruments. We have made such examination of the laws of the State of Indiana as we deemed relevant for purposes of this opinion, but we have not made a review of, and express no opinion concerning, the laws of any jurisdiction other than the State of Indiana.

We have relied upon and assumed the truth and accuracy of the representations, certifications and warranties made in the Agreement and the Authorization Documents, and have not made any independent investigation or verification of any factual matters stated or represented therein. Whenever our opinion or confirmation herein with respect to the existence or absence of facts is indicated to be based upon our knowledge or belief, it is intended to signify that, during the course of our representation of the City in this matter no information has come to
the attention of the attorneys who participated in the representation which would give us actual knowledge of the existence or absence of such facts. Except to the extent expressly set forth herein, we have not undertaken any independent investigation to determine the existence or absence of such facts or circumstances or the assumed facts set forth herein, we accept no responsibility to make any such investigation, and no inference as to our knowledge of the existence or absence of such facts or circumstances or of our having made any independent review thereof should be drawn from our representation of the City.

In rendering this opinion letter to you, we have assumed with your permission:

(i) The genuineness of all signatures, the legal capacity and competency of natural persons executing the Agreement, whether on behalf of themselves or other persons or entities, the authenticity of all documents submitted to us as originals, the conformity to original documents of all documents submitted to us as certified, conformed or photostatic copies, and the authenticity of the originals of such copies, and the completeness of all records of corporate proceedings provided to us.

(j) All official public records (including their proper indexing and filing) furnished to or obtained by us, electronically or otherwise, are accurate, complete and authentic.

(k) The documents that have been or will be executed and delivered in consummation of the transactions contemplated by the Agreement are or will be identical in all material and relevant respects with the copies of the documents we have examined and on which this opinion is based.

(l) Concessionaire (i) has been organized, is validly existing, and where applicable is in good standing under its jurisdiction of [incorporation/organization], (ii) has full [corporate/organizational] power and authority to enter into, execute, deliver, receive and perform the Agreement, and (iii) is qualified to do business in the State of Indiana.

(m) The entry into, execution, delivery, receipt, and performance of the Agreement by Concessionaire has been duly authorized by all requisite action on the part of Concessionaire.

(n) The Agreement will be duly entered into, executed, delivered by Concessionaire, and upon such execution and delivery constitutes the legal, valid and binding obligation of Concessionaire, so that the Agreement has mutuality of binding effect.

(o) The respective factual representations, statements and warranties of the City in the Agreement, and in the other documents that we have reviewed, and upon which we have relied, are accurate, complete and truthful.
(p) The execution and delivery of the Agreement by all parties thereto will be free of intentional or unintentional mistake, misrepresentation, concealment, fraud, undue influence, duress or criminal activity.

(q) The Agreement has not been amended or modified by oral or written agreement or by conduct of the parties thereto.

(r) Each party to the Agreement will at all times exercise its rights and remedies under the Agreement in good faith and in a manner that is commercially reasonable.

Based on and subject to the foregoing and the qualifications, exceptions and limitations referred to below, we are of the opinion that, on the date hereof:

1. The City has been duly organized and is a validly existing municipal corporation and political subdivision under and by virtue of the laws of the State of Indiana.

2. The City-County Council has adopted and the Mayor has signed into law the Metered Parking System Ordinance, which remains in full force and effect.

3. The City has duly authorized and approved (i) the execution and delivery of the Agreement; and (ii) the performance by the City of its obligations contained in the Agreement. The City has the power and authority under Indiana law to enter into the Agreement and to do all acts and things and execute and deliver all other documents as are required under the Agreement to be done, observed or performed by the City in accordance with the terms thereof.

4. The Agreement has been duly authorized, executed and delivered by the City and constitutes a valid and legally binding obligation of the City, enforceable against the City in accordance with the terms thereof.

Each of the opinions set forth above is limited by its terms and subject to the assumptions hereinabove stated and is further subject to the following qualifications, exceptions and limitations, none of which shall limit the generality of any other assumption, qualification, exception or limitation.

A. The legality, validity and enforceability of the Agreement, the rights of the Concessionaire and the opinion expressed in paragraph 4 above may be limited or otherwise affected by:

(i) bankruptcy, insolvency, reorganization, liquidation, readjustment of debt, receivership, moratorium, fraudulent conveyance, equitable subordination, equity of redemption, recharacterization or other similar legal principles now or hereafter in effect governing or affecting the rights and remedies of debtors and creditors generally, or general principles of equity, regardless of whether considered in a proceeding at law or in equity;
(ii) applicable laws or judicial decisions of the State of Indiana which may render certain of the rights, remedies, waivers, and attorney-in-fact appointments contained therein unenforceable or ineffective, but the inclusion of which do not render the Agreement invalid as a whole or make the remedies generally afforded thereunder inadequate for the practical realization of the principal benefits intended to be provided by those documents; and/or

(iii) the concepts of good faith and fair dealing, materiality and reasonableness, regardless of whether considered in a proceeding at law or in equity.

Notwithstanding the foregoing and without limiting the generality of the foregoing exceptions, we express no opinion with respect to (a) the availability of the remedies of specific performance or injunctive relief, (b) the availability of ex parte remedies and other self-help or non-judicial relief, (c) set-off rights or (d) the legality, validity, binding effect, or enforceability of provisions that provide for an event of default or availability of remedies predicated solely upon commencement of bankruptcy, reorganization or similar proceedings with respect to the City.

B. We wish to advise you that under Indiana law, contractual indemnification and hold harmless provisions seeking to cover the indemnified party's own negligence, strict liability or other acts or omissions may not be enforceable to the extent the contract does not clearly and unequivocally specify that the indemnity or exculpation covers claims, losses, expenses or other liabilities arising or alleged to arise, in whole or in part, from the negligence, strict liability or other acts or omissions of the indemnified party. At least one Indiana case, Wilson Leasing Co. v. Gadberry, 437 N.E.2d 500 (Ind. Ct. App. 1982), states that indemnification clauses generally are strictly construed and that the terms must be set forth clearly and unequivocally. Another Indiana case, Powell v. American Health Fitness Center, 694 N.E.2d 757 (Ind. Ct. App. 1998), states that exculpatory clauses must both specifically and explicitly refer to the negligence of the party seeking release from liability. Further, indemnification or exculpation as against certain claims, losses, expenses, or other liabilities arising as the result of the indemnnified party's violation of federal or state statutes, or the indemnified party's own tort liability when performing a public or quasi-public duty, or other acts or omissions, may be considered contrary to public policy and therefore invalid and/or unenforceable. Our opinion set forth in paragraph 4 above is limited by and subject to the Wilson Leasing and Powell decisions and these principles.

C. Except as set forth in paragraph 2 above, we express no opinion and make no statements concerning or with respect to any statutes, ordinances, administrative decisions, rules, and regulations of counties, towns, municipalities or special political subdivisions.

D. Without limiting the generality of any other exception, limitation or qualification, we express no opinion in this letter with respect to (i) the enforceability of a set-off right, (ii) the application of any law, statute, rule or regulation relating to the environment, health or safety; (iii) any law, statute, rule, or regulation that may apply to any party as a result of its activities in the State of Indiana that are not directly related to
the transactions contemplated by the Agreement; (iv) the enforceability of any provision of the Agreement pertaining to consent to jurisdiction in so far as it relates to federal courts or agreements stating that failure to exercise or delay in exercising rights will not operate as a waiver of the right or remedy; (v) the enforceability of any provisions of the Agreement to the extent that any recovery of attorneys' fees is not limited to reasonable attorneys' fees; and (vi) the validity or enforceability of any purported waiver or purported consent relating to any other rights of any party, or duties owed to any of them, existing as a matter of law, including without limitation the purported waiver of any party's right to a jury trial.

E. We have not considered and do not express an opinion with respect to (i) any federal or state (including Indiana) securities, tax or antitrust laws and regulations, (ii) the power and authority of Concessionaire to enter into the Agreement or to carry out the transactions contemplated thereby, or (iii) the possible application of or compliance with various building codes, zoning ordinances, permit requirements, environmental, health or safety laws and other similar statutes, laws, ordinances, codes and regulations affecting the construction, condition and/or use of the Metered Parking System. Our opinions set forth in this letter are expressly subject to the effect of the application of all federal and state (including Indiana) antitrust laws and regulations.

F. The rights of the Concessionaire and the enforceability of the Agreement may be subject to the valid exercise of the constitutional powers of the City, the State of Indiana and the United States of America.

The opinions expressed herein are matters of professional judgment, are not a guarantee of result and are effective only as of the date hereof. We do not undertake to advise you of any matter within the scope of this letter that comes to our attention after the date of this letter and disclaim any responsibility to advise you of any future changes in law or fact that may affect the opinions set forth herein. We express no opinion other than as hereinbefore expressly set forth. No expansion of the opinions expressed herein may or should be made by implication or otherwise.

We are informed that you are relying on this opinion letter in connection with the consummation of the actions and transactions contemplated by the Agreement. The foregoing opinion shall not be relied upon for any other purpose or by any other party. The use or reliance upon this opinion letter by any other person or entity without our prior written consent is strictly prohibited.

Very truly yours,

This opinion is being delivered to you pursuant to Section 2.4(b) of the Agreement. Capitalized terms used and not otherwise defined herein shall have the respective meanings set forth in the Agreement.

We have examined originals or copies, certified or otherwise identified to our satisfaction, of (i) the Agreement; and (ii) such other records and writings as we have deemed necessary as the basis for the opinions set forth below. In connection with such examination, we have assumed the genuineness of all signatures, the legal capacity of all natural persons, the authenticity of all documents submitted to us as originals, the conformity to authentic, original documents of all documents submitted to us via facsimile or otherwise as certified, conformed or photostatic copies, and the completeness of all records of corporate proceedings provided to us.

We express no opinion as to the applicability or effect of the laws of any state or jurisdiction other than the laws of the State of [•].

Based on and subject to the foregoing and the qualifications referred to below, we are of the opinion that, on the date hereof:

1. The Concessionaire is duly organized, validly existing and in good standing as a limited liability company under the laws of the State of ________________.

2. The Concessionaire has the power and authority to enter into the Agreement and to do all acts and things and execute and deliver all other documents as are required under the Agreement to be done, observed or performed by the Concessionaire in accordance with the terms thereof.

3. The Concessionaire has duly authorized, executed and delivered the Agreement, and the Agreement constitutes a valid and legally binding obligation of the Concessionaire, enforceable against it in accordance with the terms hereof, subject only to applicable bankruptcy, insolvency and similar laws affecting the enforceability of the rights of creditors generally and the general principles of equity.

This opinion is rendered solely for your information in connection with the transaction described above and may not be relied upon by you in any other capacity or for any other purpose and may
not be used or relied upon by any other Person for any purpose without our express prior written consent.
