City Fleet & Energy Security

Plan will save taxpayers $8 million over five years.

- Indy has pledged to buy only electric or plug-in hybrid electric fleet vehicles, which translates to a $12,000 per car savings over the vehicle life
- Indy will transition snow plows, trash trucks and fire apparatus to compressed natural gas (CNG)
- Last November, Indy received the E-Visionary Award at the Electric Vehicle Symposium for our work promoting electric vehicles
Bolloré Group has chosen Indy to become its first electric car-sharing hub in North America.

- Bolloré Group is one of the 500 largest companies in the world with revenues of more than $12 billion in 2012
- Indy’s program will have hundreds of electric cars that can be charged at about a thousand charging stations at 200 locations throughout the city
- This program will also create dozens of new jobs
- The first installation will begin in May and another 25 sites will be operational by the end of the year
Wayne Township: High Weeds & Grass
