Public Safety

Criminal Homicides: 2009 v 2010 (Through July 31)

- Led major redeployment of police officers and consolidation of investigative units to reduce homicides and other violent crimes
- Reduced overall violent crime by more than ten percent
We are targeting crime with our community-based approach:

- Partnering with the community, ministers, schools, public health and other officials to **address the underlying causes of crime and violence**
- **Targeted** patrols, investigations and warrant sweeps in **crime hot spots**
- Maintain a city-wide **No Trespass list** signed by businesses, allowing IMPD to enforce trespassing
- Officers assigned to perform patrols along the Monon Trail for a heightened **police presence**
- **Youth and Police Initiative** started in target areas and continuing city-wide
- **Drug Market Intervention** completed in crime hot spots
Citizens working in partnership with IMPD can be our most effective crime-fighting tool:

- Monthly Task Force meetings and expanded CrimeWatch groups
- Immediate response to neighborhood crime complaints
- Working with the Department of Code Enforcement, other City agencies the Prosecutor’s Office and the Public Housing Authority to address community complaints
- Annual District Community Days
- Door-to-door neighborhood canvassing conducted by representatives from all public safety divisions to identify and resolve quality of life issues
